A SCIENTIFIC MEDICINE. Great experience and judgment are required to make a vulvable, and at the same time, innocent purgative.

This is possessed only by few. The great majority of the remedies advertised of this class are manufactured by persons who have no idea of the relative or individual powers of the drugthey use. It is this cause, more than any other, which occasions the inertness and often injurious effects, preduced by advertised remedies. And hence the eneral prejudice which prevails against them. Now there is a great difference in this respect, with regard to the Pills made by Dr. B. Brandreth, and consequently, their superior claims upon the public. Each HE Business formerly carried on, under the of the articles composing the Brandreth Pills, are name of WALKER & PACE, was, on the 10th prepared in that way which will secure their beneficial effects to the system in the safest and easiest manner. For instance, some ingredients have to be prepared in the vacuo; that is, the air is exhausted in the utensil, and remains so until a combination is prevents the air from acting injuriously upon the medicine. Again, the proportion for each ingredient depends upon its multiplying power upon other ingredients—For the power of different vegetable purga-

tives upon each other, is governed by similar laws that govern the power of figures by multiplication .-Nine added to nine, make eighteen : but nine times nine are eighty-one. So it is with some vegetable purgatives. By adding nine parts of one ingredient, and nine parts of another ingredient together, the power is increased, not to eighteen, but to eighty-one. For example, either of the articles to produce any TATE OF NORTH CAROLINA.—BERTIS of eighty-one grains; by combining them, only eighteen grains have to be used. Again, another ingredient is found to multiply this power again, which in a proportion of two grains, would have no effect upon the animal economy, but which, added to eigh-Richard Weston.

It appearing to the Court, that Richard Weston is not an inhabitant of this State, it is ordered that publication be made for three months, in the Old North State and Raleigh Register, for said Weston to appear at the next Term of the Superior Court of Law, to be held for the County of Bertie, at the Court House in Windsor, on the 3d Monday of March next, to plead, answer or demur to said petition, or and twenty-four grains of either of the articles alone; nevertheless, the so powerful after being thus combined, are safe in any quantity-always having a

beneficial effect, and in no case capable of doing injury, of which thousands bear ample witness.

Let those in any way out of health use the Pills.

They will find it much to their advantage.
