Trinity School,

NEW BUILDING, N. C.
THIS School, designed for the moral and religious culture of boys, and for their thorough tuition in every branch of study usually pursued in schools, will begin a new Term, on the 10th January, which will continue five months. The Terms by this arrangement, will be made to correspond with those of the University, and of other Schools for boys in the State. This School possesses advantages, in respect to beauty and healthfulness of situation; extent of grounds, and comfort and convenience of buildings, not often surpassed. Arrangements have been made for the most efficient management of its domestic concerns, and for securing to the boys a maternal supervision and care, the most assiduous and kind. The expense of a pupil for board, with tuition in English and in the Ancient Languages, and in French if desired, will be \$37 50. When two boys come from the same family \$30 only will be charged for each.
For application for admission, and for further information, apply for the present, to the subscriber in Raleigh. **ALBERT SMEDES,** Rector of St. Mary's School.
N. B. Boys over 14 years of age will not be received unless they are communicants.

NO CHANGES in the weather will materially affect the body if the blood is pure. Every individual, even the most diseased, has within him a germ or root of that original pure blood of our common mother Eve; which germ of pure blood is the supporter of his life, and is in constant struggle to throw off the heterogeneous, corrupt humors, which are the causes of disease in the individual. By purging the body of this diseased individual of its bad humors, you allow the germ of pure blood to gain ground and to make blood of a better quality, and so on progressively fill the whole mass is regenerated for the good principle or good pure blood, is always striving to be predominant over the bad or diseased humors. Let all who wish to be of a fine healthy habit; who wish to have a sound mind in a sound body; who desire to be able to stand without injury the continual changes of this climate; who desire to have healthy children, use the Brandreth Pills, which will effectually cleanse the blood, and restore the human body to the state of health enjoyed before the introduction of mineral medicines. Remember Brandreth Pills place within the reach of all, health and long life.

TRUST TO BRANDRETH'S PILLS. Take them so as to produce a bristly effect, and your kidneys will be the sufferer of a day or two, while those who are too wise to follow this common sense advice, will be sick for months. Let the sick acquire the agents for Brandreth's Pills whether these things are so or not. Let them enquire among their friends and ask the same question. Verily if EVIDENCE is wanted it shall be presented. To the sick, let me say use the BRANDRETH'S PILLS.
Man will be torn to shreds of him, compared to what he hitherto been his lot, weighed down as he has been by disease, infirmities, and suffering, which no earthly power know how to alleviate, until this discovery was presented to the world. The weak, the feeble, the infirm, the nervous, the delicate, are in a few days strengthened by their operation, and the worst complaints are removed by perseverance without the expense of a physician. Adapted to all circumstances and situations, they are the best medicine ever invented for families, or to take to sea, preventing sickness and seasickness, requiring no change of diet, particular regimen, or cast against taking cold.
N. B. There is no surety that you get the genuine BRANDRETH'S PILLS, unless you purchase of the duly authorized agent.
The above Pills are for sale by WILL PECK & SON, Agent, Raleigh, wholesale and retail. Price 25 cents per box.

RECLAIMED SWAMP LANDS.
In North Carolina.
THE President and Directors of the Literary Fund of North Carolina, in pursuance of certain Resolutions, passed at the last session of the General Assembly, offer for sale,
FIFTY THOUSAND ACRES
OF SWAMP LANDS,
constituting a part of the Literary Fund of the State, situate in Hyde and Washington Counties, and embracing the regions lying between Pamlico and Albemarle Sounds.
These lands have been drained at great expense, under the direction of competent Engineers, and laid off into Sections. The drainage has been effected by two main Canals, to-wit: Pungo Canal, extending from Pungo Lake to Pungo river, six and a half miles in length, with an average width at bottom of 22 feet, depth six feet and fall five feet; and Alligator Canal, from Alligator Lake to Pungo river, 6 miles long, with an average width at bottom of 30 feet, depth seven, and fall ten feet; together with sundry tributaries or lateral ditches, which Canals are navigable for Bateau and emptying into the navigable waters of Pamlico Sound, their mouths are accessible to sea-going vessels.
A large portion of this Land abounds in Juniper, Cypress and other valuable Timber, for which the forest of Eastern North Carolina is distinguished. The residue consists of Prairie, covered with the Cane and Bamboo, and in the situation of the Engineers who surveyed it, the whole of it is extremely fertile.
To Grain Farmers, and to the getters of Staves, Heading and Shingles, this land offers peculiar inducements.
To Immigrants in the Ports of the United States, accustomed to a country similar in many respects, this Land offers a soil believed to be as fertile as any in the North-western States, with easy access to the Sea, and within three days' sail of New York. The Juniper water impregnated, and the hands engaged during the last two Summers, in getting Shingles, have enjoyed excellent health.
Time and place:
The Sale will take place in the Town of Washington, in Beaufort County, by Public Auction, commencing on Monday, the 31st day of May next, and will be superintended by the members of the Board, in person.

Dr. A. F. Cooper's Spine-Abdominal Supporters.

THE Subscriber has on hand a supply of the above valuable supporter, which are recommended for all persons afflicted with muscular debility, Round shoulders, or prostrated Uteri.
Prof. Mott thinks they are very well adapted for some varieties of incipient spinal distortions, as they afford the useful combination of shoulder brace and Abdominal supporter, with very decided support to the spinal column.
The above braces are recommended by the Physicians generally, who have seen them, and we have sold a number to citizens of this place, who are highly pleased with them.
A gentleman observed a few days since, that he had been wearing a very celebrated body brace for some time, and that he would not give one of the above, for fifty such.
"They need no putting as they speak for themselves."
