These lands have been drained at great expense, under the direction of competent Engineers, and laid off into Sections. The drainage has been effected by two main Canals, to-wit : Pungo Canal, extending from Pungo Lake to Pungo river, six and a half miles in length, with an average width at bottom of 22 feet, depth six feet and fall twelve feet-and Alligator Canal, from Alligator Lake to Pungo river, 6 miles long, with an average width at bottom of 30 feet, depth seven, and fall ten feet; together with sundry tributaries or lateral ditches. These Canals are navigable for Batteaux, and emptying into the navigable waters of Pamilico Sound, their mouths are accessible to sea-going vessels.

A large portion of this Land abounds in Juniper. Cypress and other valuable Timber, for which the forest of Eastern North Carolina is distinguished. The residué consists of Prairie, covered with the Cane and Bamboo, and in the estimation of the Engineers who surveyed it, the whole of it is extremely fertile. To Grain Farmers, and to the getters of Staves, Heading and Shingles, this land offers peculiar in-

ducements. To Immigrants in the Ports of the United States, accustomed to a country similar in many respects, this Land offers a soil believed to be as fertile as any in the North-western States, with easy access to the Sea, and within three days' sail of New York. The Juniper water is pleasant, and the hands engaged during the last two Summers, in getting Shingles, have enjoyed excellent health.

Time and place:

The Sale will take place in the Town of Washmencing on Monday, the 21st day of May next, and will be superintended by the members of the Board,

Terms: The Land will be sold in Sections of about 160 Acres, according to the Maps and Plates of the Engineers. A credit will be given of one, two, three and four years, to be paid in equal instalments, with interest from the day of sale. Bond and approved security will be required, and

> BRANDRETH'S PILLS. THE BEST FAMILY MEDICINE.

Ladies should use the Brandreth Pills frequently. They will ensure them from severe sickness of the s omach, and generally speaking, entirely prevent it. The Brandreth Pills are harmless. They increase the powers of life-they do not depress them. Females will find them to secure that state of health which every mother wishes to enjoy. In the costiveness so often prevalent at this interesting period, the Brandreth Pills are a safe and effectual remedy. There is no medicine so safe as this-it is more easy than castor oil, and is now generally used by numerous ladies through their confinement. Dr Brandreth can refer to many of our first physicians who recommend his Pills to their patients to the ex clusion of all other purgatives, and the Pills being composed entirely of Herbs, or Vegetable matter, purify the blood, and carry off the corrupt humors of the body, in a manner so simple as to give every day ease and pleasure.
