IMPORTANT SALE OF Reclaimed Swamp Lands, In North Carolina.

FIFTY THOUSAND ACRES Of Swamp Lands,
constituting a part of the Literary Fund of the State, situate in Hyde and Washington Counties, and embracing the region lying between Pamlico and Albemarle Sounds.
These lands have been drained at great expense, under the direction of competent Engineers, and laid off into Sections. The drainage has been effected by two main Canals, to-wit: Pungo Canal, extending from Pungo Lake to Pungo river, six and three eighths miles in length, with an average width at bottom of 22 feet, depth six feet and fall twelve feet; and Alligator Canal, from Alligator Lake to Pungo river, 6 miles long, with an average width at bottom of 30 feet, depth seven, and fall ten feet; together with many tributaries or lateral ditches. These Canals are navigable for Bateaux, and emptying into the navigable waters of Pamlico Sound, their mouths are accessible to sea-going vessels.
A large portion of this Land abounds in Juniper, Cypress and other valuable Timber, for which the soil of Eastern North Carolina is distinguished. The residue consists of Prairie, covered with the Cane and Bamboo, and in the estimation of the Engineers who surveyed it, the whole of it is extremely fertile.
To Grain Farmers, and to the gettens of Staves, Heading and Shingles, this land offers peculiar inducements.
To Immigrants in the Parts of the United States, accustomed to a country similar in many respects, this Land offers a soil fertile as well as fertile as any in the North-western States, with easy access to the Sea, and within three days' sail of New York. The Juniper water is pleasant, and the hands engaged during the last two Summers, in getting Shingles, have enjoyed excellent health.

Time and place:
The Sale will take place in the Town of Washington, in Beaufort County, by Public Auction, commencing on Monday, the 21st day of May next, and will be superintended by the members of the Board, in person.

Terms:
The Land will be sold in Sections of about 160 Acres, according to the Maps and Plans of the Engineers. A credit will be given of one, two, three and four years, to be paid in equal instalments, with interest from the day of sale.
Bond and approved security will be required, and the title withheld until the purchase money shall be paid in full. Certificates of purchase will be given, and the titles, when made, will be warranted.

Turnpike Road.
At the same time and place, the Board will receive Proposals for completing the Turnpike Road from Pungo Lake to the Town of Plymouth.
Given under my hand, at the Executive Office, in the City of Raleigh, this 6th day of March, A. D. 1849.
CHAS. MANLY,
Governor of North Carolina,
and ex officio Pres't of the Board.

BRANDRETH'S PILLS.
THE BEST FAMILY MEDICINE.
Ladies should use the Brandreth's Pills frequently. They will ensure them from severe sickness of the stomach, and generally speaking, entirely prevent it. The Brandreth's Pills are harmless. They increase the powers of life—they do not depress them. Females will find them to secure that state of health which every mother wishes to enjoy. In the constitutions of the young, they are equally beneficial. The Brandreth's Pills are a safe and effectual remedy. There is no medicine so safe as this—it is more easy than castor oil, and is now generally used by numerous ladies through their confinement. Dr. Brandreth can refer to many of our first physicians who recommend his Pills to their patients to the exclusion of all other purgatives, and the Pills being composed entirely of Herbs, or Vegetable matters, they purify the blood, and carry off the corrupt humors of the body, in a manner so simple as to give every day ease and pleasure.
In order to discriminate between Truth, which is eternal, and conjecture, which is like a transient vision, we must be guided by the light of EXPERIENCE. To what does experience direct? To the FREE USE OF DR. BRANDRETH'S PILLS in all cases of bodily suffering. As this advice is followed, SO WILL THE HEALTH OF THE BODY BE. The writer has long used them and has never found them fail of imparting relief. In all acute diseases, find Brandreth's Pills and mild diet used, and the patient will soon be restored to good health. In chronic complaints, let the pills be used as often as convenient, by which means the vitality of the blood will be improved, and the crisis will be generally brought about, the disease being changed into a few large doses of Pills and a few days confinement to the house, will change the chronic individual to a sound man. This is no figure of the imagination; it can be proved by a thousand matter-of-fact men who have experienced it. REMEMBER, in all cases of disease, no matter whether it be a cold or a cough; whether it be asthma or consumption; whether it be rheumatism or pleurisy; whether it be typhus or fever-and-ague, or bilious fever; or cramp or whooping cough; or measles; whether it be scarlet fever or small pox; that the Pills known as Brandreth's Pills will surely do more than all the medicines of the Drug stores for your restoration to health, and what is more will surely do you no harm.
All persons should carefully purchase BRANDRETH'S PILLS, only of the regularly appointed Agents. They would thus ensure themselves the genuine article; otherwise they may often light upon a counterfeit article. Be careful.
For sale by WILL PECK, Raleigh wholesale and retail Agent, at 25 cents per box.

\$300 REWARD.
A PROCLAMATION.
By His Excellency Charles Manly, Governor of North Carolina.
Whereas, Nathaniel H. Simpson and Andrew F. Gibson stand charged by the Grand Jury of the County of Guilford with stealing a Negro Slave, named John, the property of one Ludwick Summers, of the said County of Guilford; and whereas it has been made appear to me, that said Nathaniel H. Simpson and Andrew F. Gibson have fled from Justice and escaped probably beyond the limits of the State:
Now to the end that the said Nathaniel H. Simpson and Andrew F. Gibson may be arrested and brought to trial for said offence, I do hereby issue this my Proclamation, offering a reward of three hundred dollars for the apprehension and delivery of them, to the Sheriff of the said County of Guilford, or for their confinement in any Jail in this State; or a reward of \$150 for the arrest and confinement of either of them as aforesaid.

DESCRIPTION.
Nathaniel H. Simpson is supposed to be between twenty five and thirty years of age, about six feet high, spare built, walks erect, florid complexion, black hair, with a small scar on the left cheek made by a bullet, some gray to be observed in his skin which will not be observed without minute examination. He wears whiskers to cover the scar and grains of powder; speaks quick and usually very profane.
Andrew F. Gibson is supposed to be between thirty and thirty-five years of age, inclined to corpulency, fair skin, dark hair, full eyes, about five feet 10 inches high, and in ordinary conversation speaks slow.

Given under my hand and the Great Seal of the State of North Carolina at the City of Raleigh, this 29th day of March A. D. 1849.

DR. CHS. E. JOHNSON, President.
WILLIAM D. HAYWOOD, Vice President.
JAMES F. JORDAN, Secretary.
WILLIAM H. JONES, Treasurer.
DR. WILLIAM H. MCKEE, Medical Examiner.
HENRY W. MILLER, Attorney.
DR. CHAS. E. JOHNSON, }
Dr. W. H. MCKEE, } Medical Board
DR. RICH'D B. HAYWOOD, } of Consultation.
J. HERSMAN, General Agent.
This Company has received the most liberal charter that has ever been granted to any Company of a similar character, in any State in the Union. The 6th Section of the Act of Incorporation provides "that the husband may insure his own life, for the sole use and benefit of his wife or children, and, in case of the death of the husband, the amount thus subscribed shall be paid over to the wife or children, or their guardian, if under age, for her or their own use, free from all the claims of the representatives of the husband, or any of his creditors." This provision needs no comment.
The Board have also determined to insure the lives of slaves, and this being almost half the wealth of the people of this State, a large business is reasonably anticipated.
Any information respecting the principles of the Company will be furnished by the Secretary, or any of its officers.

PATENT COLVER'S BEATER CHURN.
WE call the attention of the Public to the article bearing this advertisement, and invite the enterprising and curious to call and witness its operation. All advertisements in relation to this invention, to the hundreds who have seen it tested, is supererogation.
First—This Churn will produce butter, gathering it in a mass, from Sweet Milk, in from FIVE TO TEN MINUTES.
And from Cream prepared, as Families usually prepare it, in THREE TO FIVE MINUTES.
Second—The utility of this Invention is apparent as better Butter can be produced from sweet Milk, or Cream, than Cream secured in the usual way; and by means of this Churn a little girl or boy can perform, in five or ten minutes, what has heretofore required the labor of a woman or man for one or two hours and sometimes half a day.
Third—By simply turning a thumb screw, the whole inside dasher is taken out, leaving nothing but the Butter and Milk in the plain wooden box.
Fourth—It is the cheapest Churn ever invented, as the simplicity of its construction (though embodying a great philosophical principle) makes it but little to manufacture it.
Fifth—It is a common-sense Churn, as all will admit who will examine it.
We have purchased a monopoly of this valuable Improvement from Messrs COLVER and MYERS, the patentees, for the State of N. Carolina. A number of the Churns have been deposited for sale at the store of T. H. SEAY, Esq. of this City, where a constant supply will be kept on hand. Agents will be despatched at an early day to different sections of the State to sell county rights, when an opportunity will be afforded the people of supplying themselves with rights at the rate of \$50 for every 1000 inhabitants in a county. Now is the time for any industrious young man to make his fortune, by buying rights, as this machine possesses advantages which will make it the interest of every family that can afford to keep a cow, to secure one.

PATENT COLVER'S BEATER CHURN.
WE call the attention of the Public to the article bearing this advertisement, and invite the enterprising and curious to call and witness its operation. All advertisements in relation to this invention, to the hundreds who have seen it tested, is supererogation.
First—This Churn will produce butter, gathering it in a mass, from Sweet Milk, in from FIVE TO TEN MINUTES.
And from Cream prepared, as Families usually prepare it, in THREE TO FIVE MINUTES.
Second—The utility of this Invention is apparent as better Butter can be produced from sweet Milk, or Cream, than Cream secured in the usual way; and by means of this Churn a little girl or boy can perform, in five or ten minutes, what has heretofore required the labor of a woman or man for one or two hours and sometimes half a day.
Third—By simply turning a thumb screw, the whole inside dasher is taken out, leaving nothing but the Butter and Milk in the plain wooden box.
Fourth—It is the cheapest Churn ever invented, as the simplicity of its construction (though embodying a great philosophical principle) makes it but little to manufacture it.
Fifth—It is a common-sense Churn, as all will admit who will examine it.
We have purchased a monopoly of this valuable Improvement from Messrs COLVER and MYERS, the patentees, for the State of N. Carolina. A number of the Churns have been deposited for sale at the store of T. H. SEAY, Esq. of this City, where a constant supply will be kept on hand.
