IMPORTANT SALE OF Reclaimed Swamp Lands, In North Carolina.

THE President and Directors of the Literary Fund of North Carolina, in pursuance of certain Resolutions, passed at the last session of the General Assembly, offer for sale, **FIFTY THOUSAND ACRES** Of Swamp Lands,
constituting a part of the Literary Fund of the State, situated in Hyde and Washington Counties, and embracing the region lying between Pamlico and Albemarle Sounds.

These lands have been drained at great expense, under the direction of competent Engineers, and laid off into Sections. The drainage has been effected by two main Canals, to-wit: Pungo Canal, extending from Pungo Lake to Pungo river, six and a half miles in length, with an average width at bottom of 22 feet, depth six feet and fall twelve feet—and Alligator Canal, from Alligator Lake to Pungo river, six miles long, with an average width at bottom of 30 feet, depth seven, and fall ten feet; together with sundry tributaries and lateral ditches. These Canals are navigable for Baitboats and emptying into the navigable waters of Pamlico Sound, their mouths are accessible to sea-going vessels.

A large portion of this Land abounds in Juniper, Cypress and other valuable Timber, for which the forest of Eastern North Carolina is distinguished. The residue consists of Prairie, covered with the Cane and Bamboo, and in the estimation of the Engineers who surveyed it, the whole of it is extremely fertile. To Grain Farmers, and to the getters of Staves, Heading and Shingles, this land offers peculiar inducements.

To Immigrants in the Parts of the United States, accustomed to a country similar in many respects, this Land offers a soil believed to be as fertile as any in the North-western States, with easy access to the Sea, and within three days' sail of New York. The Juniper water is pleasant, and the hands engaged during the last two Summers, in getting Shingles, have enjoyed excellent health.

Time and place:
The Sale will take place in the Town of Washington, in Beaufort County, by Public Auction, commencing on Monday, the 21st day of May next, and will be superintended by the members of the Board, in person.

Terms:
The Land will be sold in Sections of about 150 Acres, according to the Maps and Plates of the Engineers. A credit will be given of one, two, three and four years, to be paid in equal instalments, with interest from the day of sale.

Good and approved security will be required, and the title withheld until the purchase money shall be paid in full. Certificates will be given, and the titles, when made, will be warranted.

Turkey Road.
At the same time and place, the Board will receive Proposals for completing the Turkey Road from Pungo Lake to the Town of Plymouth.
Given under my hand, at the Executive Office, in the City of Raleigh, this 6th day of March, A. D. 1849.

CHAS. MANLY, Governor of North Carolina, and ex officio Pres't. Lit'y Board.

By order: L. CHASE MANLY, Secretary Board.

BRANDRETH'S PILLS.

Ladies should use the Brandreth Pills frequently. They will ensure them from severe sickness of the stomach, and generally speaking, entirely prevent it. The Brandreth Pills are now generally used by the powers of life—they do not depress them. Females will find them to secure that state of health which every mother wishes to enjoy. In the costiveness so often prevalent at this interesting period, the Brandreth Pills are a safe and effectual remedy.

There is no medicine so safe as this—it is more easy on the stomach and less generally used by numerous ladies through their confinement. Dr. Brandreth can refer to many of our first physicians who recommend his Pills to their patients to the exclusion of all other purgatives, and the Pills being composed entirely of Herbs, or Vegetable matter, purify the blood, and carry off the corrupt humors of the body, in a manner so simple as to give every day ease and pleasure.

In order to discriminate between Truth, which is eternal, and conjecture, which is like a transient vision, we must be guided by the light of EXPERIENCE. To what does experience direct? To the FREE USE OF DR. BRANDRETH'S PILLS in all cases of bodily suffering. As this advice is given, and the HEALING OF THE BODY BE. The writer has long used them and has never found them fail of imparting relief. In all acute diseases, let Brandreth's Pills and mild diet be used, and the patient will soon be restored to good health. In chronic complaints, let the pills be used as often as convenient, by which means the vitality of the blood will be improved, and the crisis will be generally brought about; the disease being changed into a few large doses of Pills and a few days confinement to the house, will change the chronic diseased individual to a sound man. This is no figure of the imagination; it can be proved by a thousand matter of fact men who have experienced it. REMEMBER, in all cases of disease, no matter whether it be a cold or a cough; whether it be asthma or consumption; whether it be dysentery or pleurisy; whether it be typhus or fever-and-ague; or bilious fever; or cramp or whooping cough or measles; or whether it be scarlet fever or small pox; that the Pills known as Brandreth's Pills will surely do more than all the medicines of the Drug stores for your restoration to health, and what is more will surely do you no harm.

All persons should carefully purchase BRANDRETH'S PILLS, only of the regularly appointed Agents. They would thus ensure themselves the genuine article; otherwise they may often light upon a counterfeit article. Be careful.

For sale by W. H. L. PECK, Raleigh wholesale and retail Agent, at 25 CENTS per box.

GARDEN SEEDS.

THE Subscriber has just received his supply of Garden and Grass Seeds, which he warrants to be fresh and genuine, consisting in part of the usual varieties of the following kind, viz:
Beans, Bets, Carrots, Cabbages, Cucumbers, Egg Plant, Lettuce, Melon, Nasturtium, Okra, Parsley, Pumpkin, Peas, Radish, Spinage, Squash, Tomat, Turnip, Aromatic Herbs, Grass seed and Fruit Trees.

Also, a lot of Flower Seed, which will be sold at three cents a paper, as they are not of last year's growth. P. F. PESCUDE, Apothecary & Druggist. Feb. 8.

Dr. A. F. Cooper's Spino-Abdominal Supporters.

THE Subscribers have on hand a supply of the above valuable supporters, which are recommended for all persons, afflicted with muscular debility, Round Shoulders, or prolapsus Uteri.

Prof: Morry thinks they are very well adapted for some varieties of Incontinent spinal distortions, as they afford the useful combination of shoulder brace and Abdominal supporter, with very decided support to the spinal column.

The above braces are recommended by the Physicians generally, who have seen them, and we have sold a number to citizens of this place, who are highly pleased with them.

A gentleman observed a few days since, that he had been wearing a very celebrated body brace for some time, and that he would not give one of the above, for fifty such.

They need no puffing as they speak for themselves. PESCUDE & JOHNSON.

THE above Supporter is an improvement on Dr. E. CRAIG'S celebrated Spino-Abdominal Supporter. Jan. 12, 1848. (Standard.) 4

Mutual Life Insurance Co.
In Distress we Succeed!
A COMPANY with the above title, having been chartered at the last session of the Legislature of the State; and the provision required in said Charter (viz. Application for Insurance for \$50,000,) having been fully met,—the Company has been organized by the appointment of the following officers, and is issuing Policies, viz:

DR. CHS. E. JOHNSON, President.
WILLIAM D. HAYWOOD, Vice President.
JAMES F. JORDAN, Secretary.
WILLIAM H. JONES, Treasurer.
DR. WILLIAM H. MCKEE, Medical Examiner.
HENRY W. MILLER, Attorney.
DR. CHAS. E. JOHNSON, Medical Consultant.
DR. RICH'D B. HAYWOOD, of Consultation.
J. HERSMAN, General Agent.

This Company has received the most liberal charter that has ever been granted to any Company of a similar character, in any State in the Union.

The 5th Section of the Act of Incorporation provides "that the husband may insure his own life, for the sole use and benefit of his wife or children, and in case of the death of the husband, the amount thus subscribed shall be paid over to the wife or children, or their guardian, if under age, for her or their own use, free from all the claims of the representatives of the husband, or of any of his creditors." This provision needs no comment.

The Board has also determined to insure the lives of slaves,—and this being almost half the wealth of the people of this State, a large business is reasonably anticipated.

Any and every person respecting the principles of the Company will be furnished by the Secretary, or any of its officers.

PATENT CONCAVE BEATER CHURN.

WE call the attention of the Public to the superiority and curious to call and witness its operation. All advertisements in relation to this invention, to the hundreds who have seen it tested, is supererogatory.

First.—This Churn will produce butter, gathering it in a mass from Sweet Milk, in from FIVE TO TEN MINUTES.

And from Cream prepared, as Families usually prepare it, in THREE TO FIVE MINUTES.

Second.—The utility of this invention is apparent as better Butter can be produced from Sweet Milk, or Cream, than Cream secured in the usual way; and by means of this Churn a little girl or boy can perform, in five or ten minutes, what has heretofore required the labor of a woman or man for one or two hours and sometimes half a day.

Third.—By simply turning a thumb screw, the whole inside dasher is taken out, leaving nothing but the Butter and Milk in the plain wooden box.

Fourth.—It is the cheapest. The Churn ever invented, as the simplicity of its construction (though embodying a great philosophical principle) makes it but little to manufacture it.

Fifth.—It is a common-sense Churn, as all will admit who will examine it.

We have purchased a monopoly of this valuable improvement from **MONSIEUR COLVER** and **MYERS**, the patentees, for the State of N. Carolina. A number of the Churns have been deposited for sale at the Store of **T. H. Sauer, Esq.** of this City, where a constant supply will be kept on hand. Agents will be despatched at an early day to different portions of the State to sell this highly useful, and an opportunity will be afforded the people of supplying themselves with rights at the rate of \$20 for every 100 inhabitants in a county. Now is the time for any industrious young man to make his fortune, by his ingenuity, as the machine possesses advantages which will make it the interest of every family that an afford to keep a cow, to secure one.
