themselves of its superiority, and the invaluable property it possesses of arresting and curing disease. The bottle has been enlarged to hold ONE QUART, and in its present improved form may safely claim to be the BEST and CHEAPEST Medicine of the age. Its progress to the fame it has attained may be traced by a long line of facts and cures, that stand as landmarks and beacons for the invalid, pointing the way to the haven of health.

The following is from Col. S. G. Taylor, a gentleman of high standing and extensive acquaintance in the Southern states, and lately appointed Consul to New Granada:

acquaintance in the Southern states, and lately appointed Consul to New Granada: Messrs. A. B. & D. SANDS:-GENTLEMEN,—Having used, and witnessed the effects of your excellent preparation of Sarsaparilla on different persons in various parts of the Southern country, viz., Virginia, Louisiana, Texas, and Mexico, I feel much pleasure in stating the high opinion entertained of its great medicinal value. In my own case it acted almost like a charm, removing speedily the enervated state of the system, and exciting, in the most agreeable manner, a tonic and invigorating influence. Your Sarsaparilla is highly approved and extensively used by the U. States army in Mexico, and my cousin, GEN. ZACHARY TAYLOR, has for the past five years been in the habit of using it, and recommends the same ; he and myself adopted the article at the same time, and it is now considered an almost indispensable requisite in the army. In conclusion I would say, that the better it is known the more highly it will be prized, and I trust that its health-restoring virtues will make it generally known throughout the length and breadth of our widely-extended country. Yours very respectfully, S. G. TAYLOR, U. S. Consult to New Granada

## REMARKABLE CURE OF SCROFULA

Z REMARKABLE CURE OF SCROFULA. Southport, Cona., January 1, 1846. Messrs. SANDS: —Gentlemen—Sympathy for the afflicted induces me to inform you of the remarkable cure effected by your Sarsaparilla in the case of my wife. She was severely afflicted with the Scrofula on different parts of the body ; the glands of the neck were greatly enlarged, and her limbs much swellen. After suffering over a year, and finding no relief from the remedies used, the disease attacked one leg, and below the knee suppurated. Her physician advised it should be taid open, which was done, but without any permanent benefit. In this situation we heard of, and were induced to use SANDS' Sarsaparilla. The first bottle produced a decided and favor-able effect, relieving her more than any prescription she had ever taken ; and before she had used six bottles, to the astonishment and delight of her friends, she found her health quite restored. It is now over a year since the cure was effected, and her health remains good, showing the disease was thoroughly ert 6 cated from the system. Our neighbors are all knowing to these facts, and think Sanse Sarsaparills a great blessing to the age. Yours with respect, JULIUS PIKE. HH

Extract from a letter received from Mr. N. W. Harris, a gentleman well known in Louisa county, Va.:--"I have cured a negro boy of mine with your Sarsaparilla, who was attacked with Scrofula, and of a scrofulous family. Yours truly, "Fredericks Hall, Va., July 17, 1848." "N. W. HARRIS."
