Coles-wort, OR KAPE SEED, (for Canary Birds) A supply received this day at the N. C. BOOKSTORE.

Raleigh, May 6, 1849. Dr. Benjamin Brandreth's Vegetable Universal Pills, are the longest known, have been the most considered, and are the best understood of all the medicines of the day.

Their action harmonizes with the condition of the body. They are seldom felt after they are swallowed, until they produce their known effect. But should there be crude matters in the circulation, or any undigested food in the bowels, or putrid acrid bile in the region of the heart or liver, or any part of the viscera, then the Pills of Dr. Brandreth may occasion some slight inconvenience, but nothing in comparison to the great good they do in removing the cause of disease out of the system.

They are extensively used in every section of this wide extended country where they are made known, and are fast superseding every other preparation of professed similar import. Upwarde of forty thousand cases have been certified as eured solely from The above Goods were selected by the "Bug" in their use in the last twenty years, thus establishing propria persona from the latest importations, and can the fact beyond all doubt, that the Brandreth Pills disease gives way. Therefore, whatever may be said of the theory, the utility of the practice is now beyond all doubt.

THE BRANDRETH PILLS are composed wholly of medicinal herbs, and do not contain any mineral or chemical substance; are perfectly harmless to the most tender age, or weakest frame ; and newertheless sure to search out the cause of the sickness and produce a cure, whatever may be its character, when taken in time, and in quantities sufficient.

Patients cannot be too often reminded that in all obstinate cases, larger doses and perseverance will finally effect a cure except in those cases where nature is altogether exhausted before this medicine of healing powers was used.
