Valuable Property for Sale.
THE Subscriber offers for sale his Farm, immedi-
ately adjoining the village of Chapel Hill, con-
taining 352 Acres, one half of which is under cultiva-
tion; the other half, (which is the better part), is
covered with Timber of virgin growth. There are, on
the premises, two good log houses, one of them with
three rooms, a new Threshing Machine, two stables,
a crib, and every other house necessary for a farm
of large size. The Land, though not rich, has been
gradually improving for the last ten years. The soil
is light on the surface, with a clay foundation, and
is now in a state of high cultivation. There is
enough meadow ground to make annually from fifteen
to twenty tons of hay, besides several grass-lots se-
parately enclosed, and a pasture of ten acres for cows.
A beautiful stream flows through the middle of the
farm; and more than thirty delightful Springs break
out from the hillsides. There has been set out, with-
in the last five or six years, an extensive Orchard, con-
taining nearly 300 apple trees of fifteen choice vari-
eties, 200 peach trees of five or six of the best kinds,
besides a number of damsons, blue plums, pears,
figs, prunes and cherries—all of which are healthy,
and in full bearing. An unfailing stream, conducted
from a small distance, furnishes abundance of water
to the Dwelling House, and to the several lots belong-
ing to the stable, cow house and calf sheds.
The tract, as before stated, runs up to the boundary
of the Village, and is in no part more than one mile
and a half distant from it. A lovely site for a house
is reserved in a handsome grove, near the village,
which commands a view of twelve miles.
The terms of sale will be made easy; and posses-
sion given at any time after the 1st day of October.

RICHMOND, VA.
THIS property purchased twelve months since
by the BELVIDERE MANUFACTURING
COMPANY, has been repaired and greatly improv-
ed in its machinery. At considerable expense, a
supply of pure spring water has been secured, which
enables the company to furnish at all times on the
shortest notice.

also prepared to execute orders for almost any other
description of paper.

Main Street,) will be found a large and full assort-
ment of

Writing and Wrapping Paper,
embracing cotton yarns and envelopes, at prices re-
duced to the times, to which they invite attention.
From the advantages of climate, facility of transpor-
tation, &c., which the Company possesses, they flat-
ter themselves that they can compete successfully
with Northern manufactures. Expanding, as they
do, some fifteen thousand dollars annually for mate-
rials, the product of Virginia and North Carolina,
and affording employment to about fifty persons,
whose earnings are expended here, constitutes, as
they think, some claim on the custom of the South-
ern Republic.

August 5, 1849.
College of St. James,
WASHINGTON CO., MARYLAND.
THE eighth session will open on Monday, Octo-
ber 1st, on which day the punctual attendance
of all the students is requested. The duties of the
Faculty are, in addition to the instruction, it is very
important that all their members, new or old, should
take their places at the opening of the session.
The academical year extends from the first of Oc-
tober to the first of August, there being but one vaca-
tion—August and September.
In the COLLEGE, all the usual classes, under a full
corps of Professors, have, for several years past, re-
ceived the entire course of collegiate studies, equal
to that prescribed in the older colleges of the North.—
At the recent commencement, the third graduating
class received their academical degrees.
In the GRAMMAR SCHOOL, which immediately ad-
joins the College, the preparatory classes are care-
fully trained by competent instructors, under the
direction of the Professors of the College. Thus pupils
may enter the Institution at an early age, and pur-
sue their entire course of study under the same di-
rection until they graduate.
The Mercantile Department embraces those par-
ticular members of any of the collegiate or preparatory
classes who may be preparing for the Counting-House
or other non-professional life. Such students are
admitted to all the privileges and advantages of their
several classes, substituting in place of some of the
classical studies, such as are more necessary to a
preparation for business.
French is a regular study, without extra charge,
to all the classes. In addition to the French, the
mercantile students will be taught, without charge,
German or some other modern language.
The location of the College is perfectly healthy;
and there are no towns or villages near, to present
the temptations so dangerous to the young. Moral
and Religious education is one chief design of the In-
stitution. The charges, covering all academical and
domestic expenses, is \$225 per Session of ten months.
The rules of the College carefully restrict any other
expenses of the Student. All the departments are
under the immediate supervision of the undersigned,
to whom application may be made for copies of the
"Register," or for further information as well as for
the admission of pupils.

College of St. James, P. O. Maryland.

The Proprietors have spent much time
in bringing this preparation of SERRAPILLA
to its present state of perfection; and the experience
of fourteen years has furnished them the most impor-
tant opportunity to study, in their various forms, the diseases for which it
is recommended, and to adapt it exactly to their relief and cure. Pa-
tients who wish a REALLY GOOD Medicine are invited to give it a trial, and satisfy
themselves of its superiority, and the invaluable property it possesses of arresting
and curing disease. The bottle has been enlarged to hold ONE QUART, and in its
present improved form may safely claim to be the BEST and CHEAPEST Medicine of
the age. Its progress to the fame it has attained may be traced by a long line of facts
and cures, that stand as landmarks and beacons for the invalid, pointing the way to
the haven of health.
The following is from Col. S. G. Taylor, a gentleman of high standing and extensive
acquaintance in the Southern States, and lately appointed Consul to New Granada:
Messrs. A. B. & D. SANDS—
GENTLEMEN—Having used, and witnessed the effects of your excellent preparation
of Serrapilla on different persons in various parts of the Southern country, viz.,
Virginia, Louisiana, Texas, and Mexico, I feel much pleasure in stating the high
opinion entertained of its great medicinal value. In my own case it acted almost
like a charm, removing speedily the enervated state of the system, and exciting in
the most agreeable manner, a tonic and invigorating influence.
Your Serrapilla is highly approved and extensively used by the U. States army
in Mexico, and my cousin, GEN. ZACHARY TAYLOR, has for the past five years
been in the habit of using it, and recommends the same; he and myself adopted the
article at the same time, and it is now considered an almost indispensable requisite
in the army. In conclusion I would say, that the better it is known the more highly
it will be prized, and I trust that its health-restoring virtues will make it generally
known throughout the length and breadth of our widely-extended country.
Yours very respectfully,
S. G. TAYLOR,
U. S. Consul to New Granada

REMARKABLE CURE OF SCROFULA.
Messrs. SANDS—Gentlemen—Sympathy for the afflicted induces me to inform you
of the remarkable cure effected by your Serrapilla in the case of my wife. She
was severely afflicted with the Scrofula on different parts of the body; the glands of
the neck were greatly enlarged, and she was in a state of almost insupportable
pain, and finding no relief from the remedies used, she decided to purchase one
below the knee supplied. Her physician advised it should be laid open, which was
done, but without any permanent benefit. In this situation we heard of, and were
induced to use Sands' Serrapilla. The first bottle produced a decided and favor-
able effect, relieving her more than any prescription she had ever taken; and before
she had used six bottles, to the astonishment and delight of her friends, the found her
health quite restored. It is now over a year since the cure was effected, and her
health remains good, showing the disease was thoroughly eradicated from the system.
Our neighbors are all thankful to you for the relief and health of our wife. Great
blessing to the age.
Yours with respect,
JULIUS PIKE.
Extract from a letter received from Mr. N. W. Harris, a gentleman well known in
Louisiana, Va.—"I have cured a negro boy of mine with your Serrapilla,
who was afflicted with a kind of Scrofula and a scrofulous family. I
"Fredericks Hall, Va., July 17, 1848."
"N. W. HARRIS."

The following testimony from Rev. John Grigg, late Rector of the Church of the
Crucifixion in this City, commands itself to the attention of the afflicted. Numerous
certificates of cures of various diseases effected by this medicine are almost daily
received.
Messrs. SANDS—A member of my family has taken your valuable Serrapilla for
a severe scrofulous affection, &c. with the most beneficial effect resulting from its
use. It gives me very great pleasure to record my testimony in behalf of its virtue
and efficacy, hoping that others may be induced to make a trial of it.
New York, May 16, 1848.
JOHN GRIGG.

Messrs. A. B. & D. SANDS—
GENTLEMEN—Feelings of gratitude induce me to make a public acknowledgment
of the benefit I have derived from the use of your Serrapilla. I was afflicted with
years being afflicted with scrofulous swellings in my head, which at times would
gather and discharge at my throat, nose
