There are cases in which it takes weeks to cure; but they do not occur once in a thousand times. In any event, no medicine or plan of treatment is better than that above recommended, or will sooner cure. So soon as the irritating matters are removed, so such you will have a deleterious effect; because they occasion the retention of that death principle which alone causes dysentery, dierrhes, cholers, and all other diseases, according to its excess over the principle of life. But Brandreth's Pills are opposed to this as water is to fire, or as heat is to cold; and when they are taken into a man, they go to work boldly to drive this death principle from the body, and all they can do-but if there be work for fifty thoses, one dose must not be expected to do the work of fifty. And this truth

should always be kept in mind.

Let not the patients frighten themselves with the idea that they are too weak to hear much purging; but bear in mind that these mildly operating Palls of Dr. Brandreth put not weakness into the frame. but draws weakness out, leaving strength in its place, and gives composing sleep at night, and an appetite to relish any food.
