The best Family Medicine now before the public.

It has been computed, that during the last twenty years, three millions of persons have annually been benefited by the use of these Medicines; a fact which speaks volumes will place them beyond the reach of competition in the estimation of every patient. By their use the blood is restored to a pure and healthy state, freed from all impurities. The system is not reduced during their operation, but invigorated, and they require no restraint from business or pleasure. The afflicted have in Moffat's Life Pills and Phonix Bitters, a remedy that will do for them all that medicine can possibly effect.

The genuine of these medicines are now put up

with a fine steel engraved wrapper and labels, and copy right secured according to the laws of the United States. Prepared by W. B. MOFFAT, M. D., New-

BLAKE'S Patent Fire Proof Paint This most singular substance, in a few months after applied, turns to State or Stone, forming a complete coat of Mail, protecting whatever is covered from the action of Fire and Weather. It has now been tested more than six years and shows that Time and the ELEMENTS only seem to indurate or borden the substance; it seems to be a perfect desideratom for all outside painting that has for centu-ries been sought in vain. For all descriptions of buildings, either Brick, Wood, or roofs of Wood or Metal, there is nothing equal to it. So highly are its Fire proof qualities appreciated in Akron, Ohio, where it is best known, that all the Insurance Companies have published that they will Insure Buildings well covered with it at a much lower premium than those covered with Tin or Zine, as it has been tried in several free there and stood much longer t an either. For Rail Road Depots, Bridges, Steam-boat and Car decks, for all kinds of Irou, it forms a

coating nearly as hard as the Iron itself and never cleaves off. A large supply just received and for sale by P. F. PESCUD. Dec., 3rl, 1950.

Da. A H. CHRISTIE—Dear Sire, You wish to know of me what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLAGE. My reply has follows: what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For about twenty years I had been suffering from Dyspep sia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. About fourteen years since, in consequence of frequent exposure to the weather, in the discharge of my pishoral duties, I became subject to a severe Chronic Rheuman tiam, which for year after year, caused me indescribable anguish. Farther; is the winter of 45 and 46, in consequence of preaching a great deal ir my own and various of the churches in this region, I was attacked by the Bronchitts, which soon became so severe as to require an immediate suspension of my pastoral labors. My nerveus system were now theroughly prostrated, and as my Bronchitis became worse, so also did my Dyspepsis and Rheumatic affection—into evincing that these disorders were connected with each other through the medium of the Nervous System. In the whole pharmaco pais there exemed to be no remedial agent which could be medium of the Nervous System. In the whole pharmaco pais there exemed to be no remedial agent which could reach and recuperate my Nervous System; every thing that I had tried for this purpose had completely failed. At last was lad by my friends to examine your inventions, and (though with no very sanguisme hopes of their efficiency, I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1846. To my great arronishment, ut two ears in The program at Market are successful to the worderful and happy results of the experiment.

I have recommended the BELT and FLUID to many the laws been likewise suffering from Neureligic affections. They have been likewise suffering from Neureligic affections. They have been likewise suffering from Neureligic affections.

consists, in the fact that they arrest and cure disease by out ward application, in place of the usual mode of drugging and physicking the patient, till exhausted Nature sinks appelently under the infliction.

They arrengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years since, more than

when all hope of relief had been given up, and every thing the been tried in vain?

To illustrate the use of the GALVANIC BELL, support the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Netwous Disorder. DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action of the nerves and muscles of the stomach, afford temperary relief, out which leave the patient in a lower state, and with injured faculties, after the action thus excited has ceased. Now compare this with the affect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worse symptoms of an attack, and simply tie the Belt around the body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will not on the positive element of the Belt, thereby causing a Galvanic circulation which will puss on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation.

Palsy and Paralysis.

The following is an extract from a letter lately received from a distinguished physician in the State of Virginia:

"A. H. Christie, M. D.—Dear Sir: One of my patients, unknown to me, obtained your Galuania Belt and Necklare, with the Magnetic Fluid, for a serious affection of Denfuers. The case was that of a lady whose Nervous system was much disordered, and her general health poor. Much was done previously to the application of the Belt, but with very little success, and I feel it only right to tell you, that since she commenced wes ing the Belt and using the Fluid, but a few weeks ago, she has ENTIRELY RECOVERED HER HEARING, and her general health is better than for several years."

(67—Every case of Dealness, if it be Nervous, as it generally se, can be cured by this wonderful remedy.
