The best Family Medicine now before the public

It has been computed, that during the last twenty years three millions of persons have annually been benefited by the use of these Medicines; a fact which speaks volumes in favor of their curative properties—a single trial the estimation of every patient. By their use the blood is restored to a pure and healthy state, freed from all impurities. The system is not reduced during their operation, but invigorated, and they require no restraint from business or pleasure. The afflicted have in Moffat's Life Pills and Phoenix Bitters, a remedy that will do for them all that medicine can possibly effect.

The genuine of these medicines are now put up with a fine steel engraved wrapper and labels, and copy right secured according to the laws of the United States. Prepared by W. B. MOFFAT, M. D., New-

Patent Fire Proof Paint. This most singular substance, in a few months after applied, turns to State or Stone, forming a complete cost of Mail, protecting whatever is cov-ered from the action of Fire and Weather. It has now been tested more than six years and shows that Time and the ELEMENTS only seem to indurate or hurden the substance; it seems to be a perfect desideratum for all outside painting that has for centu-ries been sought in vain. For all descriptions of buildings, either Brick, Wood, or roofs of Wood or Metal, there is nothing equal to it. So highly are its Fire proof qualities appreciated in Akron, Ohio, where it is best known, that all the Insurance Companies have published that they will Insure Buildings well covered with it at a much lower premium than those covered with Tip or Zinc. as it has been tried in several fires there and stood much longer than either. For Rail Road Depots, Bridges, Steam-boat and Car decks, for all kinds of Iron, it forms a coating nearly as hard as the Iron itself and never

Dr. CHRISTIE'S GALVANIC BELY MAGNETIC FLUID, used with the most perfect and certain success
cases of
GENERAL BESTLITY,

Strengthening the weakened body, giving tone to the surface organs, and invigorating the entire system. Also in FITS CRAMP, PARALYSIS and FALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC, GOUT EPILERSY, LUMBAGO, DEAFNESS, NERVOUS TRE MORS, PALPITATION OF THE HEART, APOPLERY NEURALGIA, PAINS in the SIDE and CHEST, LIVES COMPLAINT, SYNAL COMPLAINT, AND CHEST, LIVES OF the SPINE, HIP COMPLAINT, DISEASES of the KID NEYS, DEFICIENCY OF NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISEASES, which complaints are from one simple cause—namely.

from one simple cause—namely,

A Derangement of the Nervous Syste Or In NERVOUS COMPLAINTS, Drugs and Medimereuse the disease for they weaken the vital energies a already prestrated system; while under the strengths iffe-giving, vitalizing influence of Galvaniam, as applied this beautiful and wonderful discovery, the exhausted pands weakened sufferer is restored to formus health, else elasticity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanio Curatives, consists, in the fact that they arrest and cure disease by see ward application, in place of the usual mode of drugging and physicking the patient, till exhausted Nature sinks hopeledly under the infliction.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightestingly under any circumstances. Since their introduction in the United States, only three years since, more than 60,000 Persons

ing all ages, classes and conditions, umong which were a number of ladies, who are peculiarly subject to Ners a large number of Isdies, who are personal to the particular of Isdies, who are personal complaints, have been given up, and every when all hope of relief had been given up, and every this else been tried in vain!
To illustrate the use of the GALVANEC HELF, supply the case of a person afflicted with that bane DYSPEPSIA, or any other Chronic or Nervou ardinary cases, stimulants are taken, which, by their action on the perses and muscles of the stomuch, after temperary rains, out which leave the patient in a lower state, and with injured faculties, after the action thus excited has crusted. Now designer this with the effect resulting from the application of the GALVANIC SELT. Take a Dyspeptic sufferer, even in the worse symptome of an attack, and simply the the Bost around the body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, theraby causing a Gavanic directaltics which will pass on to the negative, and that he back again is the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are FERMANENTLY CURED. A FEW BAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

Da. A. H. Christie—Dear Sir4 You wish to Ensw of what has been the result in my own case, of the application THE GALVANIC BELT AND NECKLAGE. My reply is follows: THE GALVANIC BELT AND NECKLAGE. My reply is all follows:

For about twenty years I had been suffering from Dyspessis. Every year the symptoms became worse, nor could obtrin permanent relief from any course of medical treatment whatever. About fourteen years since, in consequence of frequent exposure to the weather, in the discharge of any potoral duties, I became subject to a severe Chronic Rheumatism, which for year after year, caused me Indescribeble unguish. Farther: in the winter of to and to, in consequence of preaching a great deal in my own and parante other churches in this region, I was attacked by the Bronchitts which soon became so severe as in require an immediate supposition of my pastoral labors. My necessar speam cas so theroughty prestruted, and as my Bronchitts became worse, a also did my Dyspepsia and Rhenmatic affection—thus evincin that these disorders were connected with each other throughts medium of the Nervous System. In the whole plantage point there exceed to be no remedial agent which contends there for this purpose had completely failed. At last was led by my friends to examine your inventions, and thou with no very sanguine hopes of their efficiency, I determine to try the effect of the application of the GALVANIC BY.

AND NECKLACE, with the MAGNETIC FLUID. This in June, 1846. To my areas a province and the party many.
