for the Removal and Permanent Cure of NERVOUS DISEASES, weakened or unhealthy condition of the NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been procupoed by distinguished physicians, both in Europe and the United States, to be the most caluable medicinal discovery of Dr. CHRISTIE'S GALVANIC BELT

MAGNETIC FLUID, Strengthening the weakened body, giving tone to the various ergans, and invigorating the entire system. Also in FETS, CRAMP, PARALYSIS and PALSY, DYSFEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOFLEXY, NEURALGIA, PAINS is the SIDE and CHEST, LIVES COMPLAINT, SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS and PHYSICAL ENGERGY, and all NERVOUS DISEASES, which complaints arise from one simple cause—namely. GENERAL DEBILITY,

A Derangement of the Nervous System. A Derangement of the Nervous Systems of in NERVOUS COMPLAINTS, Drugs and Medicines mercese the disease, for they wanken the vital energies of the already prestrated system; while under the strengthening, life-giving, vitalizing influence of Galvanism, as applied by this beautiful and scaderful discovery, the exhausted patient and weakened sufferer is restored to formur health, strength, elasticity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives, consists, in the fact that they arrost and cure disease by our word application, in place of the usual mode of drugging, and physicking the petient, till exhausted Nature sinks hopelessly under the infliction.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and naver do the slightest injury under any circumstances. Since their introduction in the United States, only three years since, more than

60.000 Persons including all ages, classes and sonditions, among which were a large number of ladies, who are peculiarly subject to Nerv sus Complaints, have been ENTIRELY AND PERMANENTLY GURED,
when all hope of relief had been given up, and every think,
else been tried in vain!
To illustrate the use of the GALVANIC BELT, suppose
the case of a person afflicted with that bane of civilization,
DYSPEPSIA, or any other Chronic or Nervous Disorder. In
evaluary cases, stimulants are taken, which, by their action on
the nerves and muscles of the stomach, afford temporary relief,
out which leave the patient in a lower state, and with injured
ficulties, after the action thus excited has ceased. Now compare this with the affect resulting from the application of the
GALVANIC BELT. Take a Dyspeptic sufferer, even in the
worse symptoms of an attack, and simply tie the fielt around
the body, using the Magnetic Fluid as directed. In a short
period the insensible perspiration will set us the positive
element of the Belt, thereby cousing a Galvanic circulation
which will puss on to the negative, and thence back again to
the positive, thus keeping up a continuous Galvanic circulation
which will puss on to the negative, and thence back again to

which will puss on the negative, and thence back again to
the positive, thus keeping up a continuous Galvanic circulation
throughout the system. Thus the most severe cases of
DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS

BISEASE OF YEARS.

Da. A H. CHESTER Dear Sire You wish to know of me what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply hose what has been the result in my own asse, of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For about twenty years I had been suffering from Dyspessis. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. About faurices years since, in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe. Chronic Rheums, tism, which for year after year, caused me indescribable anguish. Farther: in the winter of 45 and 46, in consequence of preaching a great deal ir my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suppnission of my pastoral labors. My servesse system sees need theroughly prestrated, and as my Bronchitis became worst, as also did my Dyspepsis and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System. In the whole pharmacopais there seemed to be no remedial agent which could reach and recomparate my Nervous System; every thing that i had tried for this purpose had completely failed. At last, was led by my friends to examine your inventions, and (ficugate with no very canguine hopes of their efficiency,), determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in Jone, 1846. To my agrees a stream nearment, in two next my Dysarses and society of the Fight out I was an attacked to the superiment.

I have recommended the BELT and Fluid to many whe have been likewise unfering from Neuralgie affections. They have been likewise unfering from Neuralgie affections. They have been likewise unfering from Neuralgie affections.

I em, dear sir, very respectfully yours. ROBERT W. LANDS

Severe Deafness Cured. The following is an extract from a letter lately received from a distinguished physician in the State of Virginia;

"A. H. CHRISTIE, M. D.—Deer Sir: One of my patients, unknown to me, obtained your Galesiac Reit and Necklace, with the Magnetic Fluid, for a serious affection of Deplines. The case was that of a lady whose Nervous system was much disordered, and her general health poor. Much was done previously to the application of the Belt, but with very little success, and I feel it only right to tell you, that since the commenced wearing the Belt and using the Fluid, but a few weeking the second wearing the Reit and using the Fluid, but a few weeking to go, she has ENTIRELY RECOVERED HER REARING, and her general health is better than for several years."
