The best Family Medicine now before the public.

It has been computed, that during the last twenty years, three millions of persons have annually been benefited by the use of these Medicines; a fact which speaks volumes in favor of their curative properties—a single trial will place them beyond the reach of competition in the estimation of avery retired. By their will be the competition in the estimation of every patient. By their use the blood is restored to a pure and healthy state, freed from all impurities. The system is not reduced during their operation, but invigorated, and they require no restraint from business or pleasure. The afflicted have in Moffat's Life Pills and Phonix Bitters, a remedy that will do for them all that medicine can possibly effect.

The genuine of these medicines are now put up with a fine steel engraved wrapper and labels, and copy right secured according to the laws of the United States. Prepared by W. B. MOFFAT, M. D., New-

A Derengement of the Nervous Systems: in NERVOUS COMPLAINTS, Drugs and Medicine moreses the disease, for they weaken the vital energies of the already prestrated system; while under the strengthesis life-giving, vitalizing influence of Galvanism, as applied to this beautiful and wonderful discovery, the exhausted paties and westened sufferer is restored to former health, strengthesisticity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanio Curatives; consists, in the fact that they arrest and ours disease by sell care application, in place of the usual mode of drugging an physicking the patient, till exhausted Nature state topesant under the infliction.

They atrengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the alighest topic maller any circumstances. Since their introduction in the United States, only three years since, more than 60,000 Persons

To illustrate the use of the GALVANEC BELT, suppose the case of a passers self-state with that has not of calling the DYSERSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their setting on his nerver and muscles of the interacts, afterd semisorary reliefs but which leave the patient in a lower state, and with injured faculties, after the action thus excited has caused. New comfaculties, after the action thus excited has censed. Now compare this with the affect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worse symptoms of an attack, and simply the the Belt arrival the body, using the Magnetic Fluid as directed. In a chief period the insensible persulvation will act on the positive element of the Belt thereby causing a Galvanic circulation which will pass on to the negative, and thance back again to the positive, thus keeping up a contunuous Galvanic circulation throughout the system. Thus the most severe cases a BYSPEPSIA are PERMANENTLY CURED. A PEW BRYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE BISKASE OF YEARS.

DR. A. H. CHRISTIN-Dear Sire You wish to know of me what has been the result in my own ease, of the application of THE GALVANIC BELT AND NECKLACE. My reply has follows: THE GALVANIC BELT AND NECKLACE. My reply has follows:

For about twenty years I had been suffering from Dyspapsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. About fourteen years since, in consequence of frequent exposure to the weather, in the discharge of my petteral duties, I became subject to a swere Chronic Rhouna tism, which for year after year, caused me indescribable maguish. Farther: in the winter of '45 and '46, in consequence of preaching a great deal in my own and various ether churches in this region, I was attacked by the Bronchittle, which soon became an severe as to require un immediate maperation of my patternal labors. My necessar system was now thereusehip prostrated, and as my Bronchittle became worse, in also dill my byspapsis and Rheumantic affection—those evincing that these distorders were connected with each other through the medium of the Nervous System. In the whole pharmater pain there seemed to be no remedied agant which causing the first for this purpose had completely failed. At was the local by my friends to examine your inventions, and (though with no very sanguine hopes of their similation, if determined to the special of the AND NECKLACE, with the MAGNETIC FEUID. "A. H. Canterra, M. D.—Dear Str? One of my patients, unknown to me, obtained your Gabania Bell and Recklers, with the Magnetic Plant, for a serious affection of Dearness. The case was that of a lody whose Network system was much disordered, and her general health poor. Much was done previously to the application of the Belt, but with very little success, and I feel it only right to tell you, that since she commenced wearing the Belt and using the Pluid, but a few weeks up, the last ENTIRELY RECOVERED HER HEARING, and her general health is better than for several years."
