The best Family Medicine now before the public. It has been computed, that during the last twenty years, three millions of persons have annually been benefited by the use of these Medicines; a fact which speaks volumes in favor of their curative properties—a single trial will place them beyond the reach of competition in the estimation of every patient. By their use the blood is restored to a pure and healthy state, freed from all impurities. The system is not reduced

during their operation, but invigorated, and they require no restraint from business or pleasure. The afflicted have in Moffat's Life Pills and Phonix Bitters, a remedy that will do for them all that medicine can possibly effect. Dw. A. H. Charatte.—Dear Sire You wish to know of me what has been the result in my own case, of the application of THE GALVANIG BEET AND NECKLACK. My suply has follows:

For about firenty years I had been suffering from Dysposis. Every year the symptoms became worse, not could lobtain permanent relief from any course of medical freatment whatever. About fourtees years since, in consequence of frequent exposure to the weather; in the diacharge of my pastoral duties, I became subject to a severe Chrome Rheuma tism, which for year after year, caused me indensities anguish. Farther; in the winter of 45 and 46, in consequence of preaching a great deal if my own and duriets other churches in this region, I was attacked by the Branchitia, which soon became so severe as to require an immediate suspension of my pastoral labors. My acrease spares see also did my Dysposis and Rheumatic affection—these viacing that these disorders were consected with each other through the medium of the Nervous System. In the whole plantaneopoils there exceed to be no semedial agent which contract a first of the purpose had completely failed. APRIOUS APSTANCE SAME This beautiful and convenient application of the mysterion powers of GALVANISM and MAGNETISM, has been pro-

for in NERVOUS COMPLAINTS, Drugs and Medicines mercese the disease, for they wasken the vital energies of the already prostrated system; while under the strengthening, life-giving, vitalizing influence of Galvanium, is applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor.

The great peculiarity and excellence of Dr. Christie's Galvanio Ouratives,

when all hope of relief had been given up, and every thing also been tried in vain!

To illustrate the use of the GALVANIC BELLA, suppose the case of a person afflicted with that bene of civilization, DYSPLPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford temperary relief, out which leave the patient in a tower state, and with injured faculties, after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worse symptoms of an attack, and amply tie the Belt around the body, using the Magnetic Fluid as directed. In a safety period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and theme back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most several case of DYSPEPSIA are PERMANENTLY CURED. AFEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE BISEASE OF TEARS.
