

WATER'S
For the Cure of
**COUGHS, COLDS,
HOARSENESS, BRONCHITIS,
WHOPPING-COUGH, CROUP,
ASTHMA AND CONSUMPTION.**
Among the numerous discoveries Science has made in this generation to facilitate the business of life—
increase its enjoyment, and even prolong the term
of human existence, none can be named more impor-
tant to mankind than this contribution of Chemistry
to the Healing Art. A vast trial of its virtues
throughout this broad country, has proven beyond
a doubt, that no medicine or combination of medi-
cines yet known, can so surely comfort and cure the
suffering victim, as this medicinal compound, which
has hitherto swept from our midst thousands and
thousands every year. Indeed, there is no person
that can be so sure to be cured, as he who has
found which can be relied on to cure the most dan-
gerous affections of the lungs. Our space here will
not permit us to publish any proportion of the cures
effected by its use, but we would present the follow-
ing opinions of eminent men, and refer further en-
tirely to the circular which the Agent below named,
will always be pleased to furnish free, wherein are
full particulars, and indisputable proof of these
facts.

From the President of Armherst College, the
CELEBRATED PROFESSOR HITCHCOCK
of James C. Ayer—'I have used your Cherry Pectoral
for several years, and I have never known it fail in
curing any of my patients. It is an admirable com-
pound, and an excellent substitute for the relief of
laryngeal and bronchial difficulties. If my
opinion as to its superior character can be of any
service, you are at liberty to use it as you think
proper.'

PROFESSOR SILLIMAN, M. D., L. L. D.,
Professor of Chemistry, Mineralogy,
&c. Yale College, Member of the
American Association for the Advancement of
Science, and of the American
Philosophical Society.

'I deem the Cherry Pectoral an admirable com-
pound from some of the best articles in the Materia
Medica, and a very effective remedy for the class of
diseases it is intended to cure.'
New Haven, Conn., 1849.

MAJOR PATTERSON, President of the S. C.
Senate, states he has used the Cherry Pectoral with
wonderful success, to cure an inflammation of the
lungs.

From one of the first Physicians in Maine.
Saco, Me., April 26, 1849.

Dr. J. C. Ayer—'Dear Sir,—I am now
constantly using your Cherry Pectoral in my prac-
tice, and prefer it to any other medicine for pulmo-
nary complaints. From observation of many severe
cases, I am convinced it will cure coughs, colds, and
inflammation of the lungs, that have put to defiance all
other remedies.'

I invariably recommend its use in cases of con-
sumption, and consider it much the best remedy
known for that disease.

Respectfully yours,
J. S. CUSHMAN, M. D.

Regular Line.
The Cape Fear steamboat Co's
Steamer Chatham will run regularly
between Wilmington and Fayetteville, com-
mencing on Monday the 27th instant, leaving Fay-
etteville every Monday and Thursday at 10 o'clock
A. M. and arriving at Wilmington same evening,
giving Passengers going North an opportunity
to take the cars next morning at 9 o'clock. And
leaving Wilmington on Tuesdays and Fridays, at
2 o'clock P. M., giving passengers by the cars,
which arrive at Wilmington at 1 o'clock daily,
an opportunity to take the Boat to Fayetteville
on Mondays and Thursdays, leaving the Tow-
Boats belonging to the Line, will run in con-
junction with the Chatham, making one or more trips
a week, as circumstances may require.
Passengers and Freighters may rely upon the
above arrangement. It is hoped that the necessary
expenses to be incurred by the arrangement
will be rewarded by an increased patronage,
otherwise a loss will probably be sustained by the
Company, which will lead to a discontinuance of
a regular line of running.

SMUT AND BRAN CLEANING MACHINE.
The only Machine of the kind that has stood the
test and given satisfaction to the public. It has
been supplied every Smut Machine yet offered in the
States, more or less of which have been taken down to
make room for it. The public are not aware of its im-
portance, as there are now some 250 Machines running
in North Carolina; and I wish to offer no other
references than the gentlemen who are using them,
whose expectations have been more than realized in
their performance. It cleans the Wheat of smut, it
cleanses the Wheat of smut, and also purifies it of all
other substances, almost to perfection. It takes up but
4 feet square in the mill and requires but little power.
It is warranted for five years against breaking or
wearing out, and also to retain its cleansing qual-
ity for that time.
There are a number of these Machines through-
out the State, but few of them have stood the
test, and they have never been out of order one day.
There was awarded to it the Premium of the Ma-

al, at the Fair of the Maryland Institute, at Bal-
timore, last Fall.

Also whilst absent heard Jenny Lind, sing—
within four feet of her the Listener, the man who
had two hundred and twenty dollars for his ticket
and made money at that rate, presented Jenny with
a riding Cap, thereby rendering himself immortal, as
no Lady can ride unless she has on a Lind Cap, and
made too by Jenny, precisely as the Ladies gener-

To Members of the Legislature, &c.
Members of the approaching Legislature in want
