LEROW & BLODGETT'S Patent Rotary Sewing Machine.

THIS Machine will perform fine stitching, at the rate of one yard per minute, either for curved br straight work, and in making any sort of a garment. For Tailors it is indeed invaluable; and for Cap Makers, Carpet Bag, Grain, and Balt Bag, and Upholstery Manufacturers, it defies competition. Also for Gloves and Fancy Sewing. One machine will perform the work of ten girls' hand labor

Six silver medalshave been awarded this machine, in the Fairs of Boston, New York, Philadelphia, Albany, Baltimore, and New Hampshire.

It was patented the 2d day of October, 1849, and there are now in actual operation over two hundred of these machines, making Clothing, Caps, Bags, ge. ge

A Derangement of the Nervous System.

67- In NERVOUS COMPLAINTS, Druge and Medicines mercase the disease, for they weaken the vital energies of the already prostrated system; while under the strengthening, life-giving, vitalizing influence of Galvanam, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength alasticity and vigor.

Insticity and vigor. The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives,

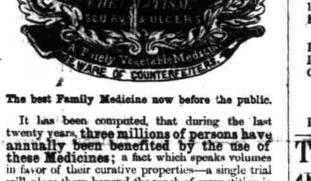

Dr. Christie's Galvanic Curatives, consists, in the fact that they arrest and cure disease by out ward application, in place of the vesal mode of drugging and physicking the patient, till exhausted Nature sinks hopelessly under the infliction. They strengthen the whole system, equalize the circulation of the blood, promote the accretions, and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years since, more than

when all hope of relief had been given us, and every think when all hope of relief had been given up, and every using else been tried in van? To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that bene of civilization, DVSPEPSIA, or any other Chronic or Nervious Disorder. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford temperary relief, out which leave the patient in a lower state, and with injured faculties, after the action thus excited has ceased. Now com-pare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worse symptoms of an attack, and simply the the Belt around the body, using the Magnetic fluid as directed. In a shear period the intensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again be the positive, thus keeping up a continuous Galvanic circulation DYSPEPSIA are PERMANENTLY CURED. what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is an follows: For about *twenty* years I had been suffering from Dysper-sia. Every year the symptoms became worse, nor could i obtain permanent relief from any course of medical treatment whatever. About *fourteen* years since, in consequence of frequent exposure to the weather, in the discharge of my pas-toral duties, I became subject to a severe Chronic Rhenna tism, which for year after year, caused me indescribable anguish. Farther: in the winter of '40 and '46, in consequence of preaching a great deal ir my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate su-pension of my pastoral labers. My nervous system was new ilsoroughly prestrated, and as my Bronchitis became worse, so also did my Dyspepsis and Rheumstic affection—thus evincing the medium of the Nervous System. In the whole pharmace pois there seemed to be no remedial agent which couls reach and recuperate my Nervous System ; every thing that I had tried for this purpose had completely failed. At last was led by my friends to examine your inventions, and (though with no very sanguine hopes of their efficiency,) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1846. To my one set at provide twas the work of the try in state. ard Smith, Esqr., where they will keep constantly on haud a full Supply of DRY GOODS, HARDWARE, CUTLERY, GRO And indeed overy thing usually found in similar establishments. They present the following as needed the Stock: have tried them, with HAFFY RESULTS, I BELIEVE, IN EVERY CASE.

I am, dear sir, very respectfully yours, ROBERT W. LANDIL
