The best Family Medicine now before the public.

It has been computed, that during the last twenty years, three millions of persons have annually been benefited by the use of these Medicines; a fact which speaks volumes in favor of their curative properties—a single trial will place them beyond the reach of competition in the estimation of every patient. By their use the blood is restored to a pure and healthy state, freed from all impurities. The system is not reduced during their operation, but invigorated, and they require no restraint from business or pleasure.
The afflicted have in Moffat's Life Pills and Phonix Bitters, a remedy that will do for them all that medicine can possibly effect.
The genuine of these medicines are now put up with a fine steel engraved wrapper and labels, and copy right secured according to the laws of the United States.

The great peculiarity and excellence of Dr. Christie's Galvanic Curatives, consists, in the fact that they arrest and ours disease by our ward application, in place of the usual mode of drugging and physicking the patient, till exhausted Nature sinks hopelessly under the infliction.

They alrengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest beginning under any circumstances. Since their introduction is the United States, only three years since, more than

Te illustrate the use of the GALVANIC BELIT, supposed the case of a person afflicted with that bane of civilization. DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action the nerves and muscles of the stomsch, afford temperary relief, out which leave the patient in a lower state, and with injured faculties, after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worse symptoms of an attack, and simply tie the Belt around the body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS

"Truth is stranger than Fiction." CURE OF RIBUNATISM, BRONCHITIS AND DYSPEPSIA

THE GALVANIC BELT AND NECKLAGE. My reply in as follows:

For about fuenty years I had been suffering from Dyspeysia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. About fourteen years since, in consequence of frequent exposure to the weather, in the discharge of my peaforal duties, I became subject to a severe Chronic Rhewing fism, which for year after year, caused me indescribable anguish. Farther; in the winter of '45 and '46, in consequence of preaching a great deal ir my own and various other charches in this region, I was attacked by the Bronchitia, which come became so severe as to require an immediate suspension of my pastoral labors. My acresus system was now there example, prestrated, and as my Bronchitis became worse, so that these disorders were connected with each other through the medium of the Nervous System. In the whole pharmacorpula there are not to be no remedial agent which coole reach and recuperate my Nervous System; every thing that I had tried for this purpose had completely failed. At last was led by any friends to examine your inventions, and (though with no very anguine hopes of their efficiency.) I determined be try the effect of the application of the GALVANIC BELT AND NECKLAGE, with the MAGNETIC FLUID. This was in June, 1846.
