Important to MILLERS and MILLOWNERS: THIS Undersigned has the pleasure to inform those engaged in the Milling business in North Carolina, that he keeps constantly on hand, and will supply at the shortest notice, that almost invaluable article, YOUNG'S IMPROVED PATENT SMUT AND SCREENING MACHINE. The only Machine of the kind that has stood the test and given satisfaction to the public. It has supplanted every Smut Machine yet offered in the State, more or less of which have been taken down to make room for it. The public need fear no imposture, as there are now some 250 Machines running in North Carolina, and in each of them are other references than the gentlemen who are using them, whose expectations have been more than realized in their performance. It not only thoroughly cleanses the Wheat of Smut, but also purifies it of all other extraneous matter, and is equally adapted for use in test squares in the mill and requires but little power. It is warranted for five years against breaking or wearing out, and also to retain its cleaning qualities for that time.

The number of these Machines throughout which 100,000 bushels of Wheat have been cleaned and they have never been out of order one day. There was awarded to it the Premium of the Maryland State Fair, and a Premium with a silver medal at the Fair of the Maryland Institute, at Baltimore, last Fall.
