DR. ROOFLAND'S Celebrated German Bitters PREPARED BY

Dr. C. M. Jackson, AT THE GERMAN MEDICINE STORE.

No. 120, Arch Street. Philadelphia. Their power over the above diseases is not excelled, if equalled by any other preparation in the United

States, as the cures attest, in many cases after akil-ful physicians had fulled. These Bitters are worthy the attention of invalida. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weaknesses and affections

of the digestive organs, they are withal, safe, certain, and pleasant. READ AND BE CONVINCED.

[From the "Boston Bee."] The Editor said. Dec. 22d. "Dr Hookand's Celebrated German Bitters, for the | ed at all hours of the day and night, by a competent

cure of Liver Complaint, Jaundice, Dyspepsia, person, with neatness and despatch. Chronic or Nervous Debility, is deservedly one of ters have been used by thousands. and a friend at our cibow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances -We are speaking from experience, and to the afflicted we advise their use." "Scorr's WEEKLY," one of the best Literary

papers published, said, August 25-W Dr. Hoofand's German Bitters, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in case of female weakness As such is the case, we would advise all mothers to obtain a bottle and thus save themselves much sickness. Persons of debilitated constitutions will find these Bitters advantageous to their bealth as we know from experience the salutary effect that they have upon weak systems."

Judge M. M. Noan, a gentleman of great literary and scientific attainments, said in his " New York Weekly Messenger, January 6, 1850. "Dr Hoftand's German Butters .- Here is a preparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of m dern times, the late Dr Christopher Wilhelm Hoofiand, Professor to the University of Jena, Pri vate Physician to the King of Prussis, and one of the greatest medical writers Germany has ever produced He was emphatically the enemy of humbug. and therefore a medicine of which he was the inventer and enderser may be confidently relied on He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo. Acidity of the Stom ach, Constipation and all complaints arising from a disordered condition of the stemach, the Liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the edi ors peak of its effects from their own individual experience. Under these circumstances we feel warranied, not only in calling the attention of our readers to the present proprietor's (Dr. C. M Jackson's) preparation, but in recommending the article

to all afflicted." MORE EVIDENCE.

The PHILADELPHIA SATURDAY GAZETTE, the best family newspaper published in the United States. the editor says of

DR. HOOFLAND'S GERMAN BITTERS. " It is seldom that we recommend what are termed Parent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr Hoof ind's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after they have done their guilty race mischief, but of a medicine long established, universally prized, and which has met the hearty approval of the faculty itself." Evidence upon evidence has been received flike

the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its facer, is, that there is more of it used in the practice of the regular physicians of Phi'adelphia, than all other nostroms combined-a fact that can be easily established, and fully proving that a scientide preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver; it is preferable to culoniel in all bilious discases; the effect is immediate. They can be administered to PEMALE or INFART With safety and reliable benefit, at any time.

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that bene of oveliants. DYSPEPSIA, or any other Chronic or Nervous Disarder. In ordinary cases, stimulants are taken, which, by their action the nerves and muscles of the stomach, afford temperature reflect out which leave the patient in a lower state, and with injured faculties, after the action thus excited has censed. Now some pare this with the effect resulting from the application of the GALVANIC BELT. Sibner, New Jersey, July 19, 1849. DR. A. H. CHRISTIE—Dear Sire You wish to know of me what has been the result in my own care, of the application of THE GALVANIC BELT AND NECKLACK. My conty is the follows:
For about twenty years I had been suffering from Dynamics.
Every year the symptoms became worse, nor could I
obtain permanent relief from any course of medical treatment whatever. About fourteen years since, in consequence of frequent exposure to the weather, in the discharge of my pertoral duties, I became subject to a severe Chronic Rhound tism, which for year after year, caused me indescribeble anguish. Farther: in the winter of '45 and '45, in consequence anguish. Farther: in the winter of '45 and '45, in consequence of preaching a great deal ir my own and various other churches in this region; I. was attacked by the Broadhitic, which ston became so severe as to require an immediate suspension of my pastoral labora. My nervous system was some thoroughly prestrated, and as my Bronchitis became worse, as also did my Dyspepsia and Rheumstic affection—thus symmetry that these disorders were connected with each other larough the medium of the Nervous System. In the whole plarause paid there seemed to be no remedial agent which could reach and recuperate my Nervous System; every thing that I had tried for this purpose had completely failed. At last was feel by my friends to examine your inventions, and (though with no very sanguispe hopes of their efficiency, I determined to try the effect of the application of the GALVANIC BELLY AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1846. To my great astonishment, in two bits we bear that done; in Eight David the second to the particular days are accounted to the particular and the second to the particular days are accounted to the particular d
