BY DR. HODFLAND'S Celebrated German Bitters PREPARED BY

Dr. C. M. Jackson, AT THE . . . .

GERMAN MEDICINE STORE. No, 120, Arch Street, Philadelphia. Their power over the above diseases is not excelled, if

equalled by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed. These Bitters are worthy the attention of invalids.

Possessing great virtues in the rectification of wiseases of the Liver and lesser glands, exercising the most searching powers in weaknesses and affections of the digestive organs, they are withal, safe, certain, and pleasant.

cure of Liver Complaint, Jaundice, Dyspepsia. person, with neatness and despatch. Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our cloow says he has himself received an effectual and permanent care of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances .-We are speaking from experience, and to the af-flicted we advise their use." "Scoττ's Werkly," one of the best Literary

papers published, said, August 25-Dr. Hoofland's German Bitters, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in case of female weakness As such is the case, we would advise all mothers to obtain a bottle and thus save themselves much sickness. Persons of debilitated constitutions will find these Bitters advantageous to their health as we know from experience the salutary effect that they

have upon weak systems." Judge M. M. Noan, a gentleman of great literary and scientific attainments, said in his "New York Weekly Messenger, January 6, 1850. "Dr. Hoftand's German Butters .- Here is a pre-

paration which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a proscription furnished by one of the most celebrated physicians of modern times, the late Dr. Christopher Wilhelm Hoofland, Professor to the University of Jena, Pri vate Physician to the King of Prussie, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of humbug. and therefore a medicine of which he was the inventer and endorser may be confidently relied on. He specially recommended it in Liver Complain', Dyspensia, Debility, Vertigo, Acidity of the Stomach, Constipation and all complaints arising from a disordered condition of the stomach, the Liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the edi ors peak of its effects from their own individual experience. Under these circumstances we feel warranted, not only in calling the attention of our readers to the present proprietor's (Dr. C. M. Jackson's) preparation, but in recommending the article

MORE EVIDENCE. The 'PHILADELPHIA SATURBAY GAZETTE, the best

family newspaper published in the United States, the editor says of DR. HOOPLAND'S GERMAN BITTERS.

" It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr Hoefland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after they have dene their guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approval of the faculty fiself" Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the prac-tice of the regular physicians of Philadelphia, than all other nostrums combined—a fact that can be easily established, and fully proving that a scien-tiac preparation will meet with their quiet approval when presented even in this form. That this medicine will cure Liver Complaint

and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver, it is preferable to calomel in all bilious discases; the effect is immediate. They can be administered to FEMALE or INFART with safety and reliable benefit, at any time.

It has been computed, that during the last twenty years three millions of persons have annually been benefited by the use of these Medicines; a fact which speaks volumes in favor of their curative properties—a single trial will place them beyond the reach of competition in the estimation of every patient. By their use the blood is restored to a pure and healthy state, freed from all impurities. The system is not reduced during their operation, but invigorated, and they require no restraint from business or pleasure. The afflicted have in Moffat's Life Pills and Phonix Bitters, a remody that will do for them all that medicine can possibly effect.

The genuine of these medicines are now put up with a fine steel engraved wrapper and labels, and copy right secured according to the laws of the United States.
