Philadelphia. Their power over the above diseases is not excelled, if equalled by any other preparation in the United States, as the cures attest, in many cases after shil.

ful physicians had failed. These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of discases of the Liver and lesser glands, exercising the most searching powers in weaknesses and affections of the digestive organs, they are withal, safe, certain, and pleasant.

READ AND BE CONVINCED. [From the "Boston Bee."] The Editor said, Dec. 22d.

Dr Hoofland's Celebrated German Bitters, for the curs of Liver Complaint, Jaundice, Dyspensis. Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands. and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances -We are speaking from experience, and to the afflicted we advise their use." "Scott's WEEKLY," one of the best Literary papers published, said, August 25-

Dr. Hoofland's German Baters, manufactures by Dr. Jackson, are now recommended by some of the most prominent members of the faculty, as an arucle of much efficacy in case of female weakness As such is the case we would advise all mothers to obtain a battle and thus save themselves much sickness. Persons of debilitated constitutions will find these Bitters advantageous to their health as we know from experience the salutary effect that they have upon weak systems." Judge M. M. Noan, a gentleman of great liter-

ary and scientific attainments, said in his " New York Weekly Messenger, January 6.1850. Dr Hofland's German Butters .- Here is a preparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a proscription furnished by one of the most celebrated physicians of m dern times, the late Dr Christopher Wilhelm Hoof and Professor to the University of Jena, Pri vate Physician to the King of Prussia, and one of the greatest medical writers Germany has ever pro-duced He was emphatically the enemy of humbry. and therefore a medicine of which he was the in venter and endorser may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the Stom ach, Constipation and all complaints arising from a disordered condition of the stomach, the Liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the edi ors peak of its effects from their own individual experience. Under these circumstances we feel warranted, not only in calling the attention of our readers to the present proprietor's (Dr. C. M Jackson's) preparation, but in recommending the article

MORE EVIDENCE.

The PHILADELPHIA SATURDAY GAZETTE, the best family newspaper published in the United States.

DR. HOOFLAND'S GERMAN BITTERS. " It is seldom that we recommend what are termed etent Medicines to the confidence and patronage our readers; and, therefore, when we recommend Dr Hosfland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for brief period and then forgotten after they have done their guilty race of mischief, but of a medicine ong established, universally prized, and which has met the hearty approval of the faculty itself." Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its ficer, is, that there is more of it used in the practice of the regular physicians of Philadelphia, than all other nostrums combined-s fact that can be easily established, and fully proving that a scientide preparation will meet with their quiet approval

That this medicine will care Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver; it is preferable to calomel in all bilious diseases; the effect is immediate. They can be administered to FEMALE OF INFANT With safety and reliable benefit, at any time.

electicity and vigor.
The great peculiarity and excellence of Dr. Christiels Galvanio Curatives, consists, in the fact that they arrest and cure disease by suctioned application, in place of the usual mode of drugging and physicking the putient, till exhausted Nature sinks appelessly under the infliction.

They strengthen the whole system, equalize the estruction of the blood, promote the secretions, and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years since, more than

In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford temperary relief, but which leave the patient in a lower state, and with injured faculties, after the action thus excited has cessed. New compare this with the effect resulting from the application of the GALVANIC SELT. Take a Dyspeptic suffere, even in the worse symptoms of an attack, and amply its the Belt around the body, using the Mugostic Fluid as directed, in a short period the insensible persulation of an attack, and imply its the Belt around the body, using the Mugostic Fluid as directed, in a short period the insensible persulation of an attack, and these back again to the positive, thus known in a continuous Galvanic circulation throughout the system. For about twenty years I had been suffering from Dyapep sia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. About fourteen years since, in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became subject to a covere. Farther: in the winter of 45 and 46, in obsequence of preaching a great dealt ir my own and various other churches in this region, I was attacked by the Bronchitia, which soon became so severe as to require as immediate suspension of my pastoral labors. My nervous system was now throughly prestrated, and as my Bronchitie became uprea, so also did my Dyspepsis and Rhoumatic affection—thus animoling that these disorders were connected with each what through the medium of the Nervous System. . It has been computed that during the last

twenty years, three millions of persons have annually been benefited by the use of these Medicines; a fact which speaks volumes in favor of their curative properties—a single trial will place them beyond the reach of competition in the estimation of every patient. By their use the blood is restored to a pure and healthy state, freed from all impurities. The system is not reducedduring their operation, but invigorated, and they require no restraint from business or pleasure The afflicted have in Moffat's Life Pills and Phoenix Bitters, a remedy that will do for them all that medicine can possibly effect.

The genuine of these medicines are now put up with a fine steel engraved wrapper and labels, and copy right secured according to the laws of the United States.
