This beautiful and convenient application of the mystesteen powers of GALVANISM and MAGNETISM, has been propounced by distinguished physicians, both in Europe and the United States, to be the most caluable medicinal discovery of

The great peculiarity and excellence of Dr. Christie's Galvanic Curatives,

consists, in the fact that they arrest and cure disease by our ward application, in place of the usual mode of drugging and physicking the patient, till exhausted Nature sinks hopelessly under the infliction.

They strengthen the whole system, equalize the circulation of the blood, pramate the secretions, and never do the singhtest injury under any circumstances. Since their introduction in the United States, only three years since, more than 60,000 Persons

In order of the case of a person afficted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action on the herves and muscles of the stomach, afford temporary rolled, but which leave the patient invasioner state, and with injured faculties, after the action thus axcited has ceased. Now compere this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worse symptoms of an attack, and simply tie the Berk areand the body, using the Megnetic Fluid as directed. In a sheet period the insensible perspiration will set on the positive element of the Belt, thereby causing a Galvanic osculation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic osculation throughout the system. Thus the most severe class of DYSPEPSIA are PERMANENTEY CURED. A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE BISEASE OF YEARS.

SHINET, New Jersey, July 12, 1848. Dr. A It. Compare—Dear Sire You wish to know of me what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is THE GALVANIC BELT AND NECKLACE. My reply it as follows:

For about twenty years I had been suffering from Dyspeysia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical frontage whatever. About fenricea years since, in consequence of frequent exposure to the weather, in the discharge of my peastoral duties, I became subject to a severe Chronic Rheumatism, which for year after year, caused me indescribable anguish. Farther: in the winter of 45 and 45, in consequence of preaching a great deal ir my own and various other cherches in this region, I was attacked by the Bronchild, which soon became so severe as to require an immediate supchareles in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suppension of my pastoral labors. My nervous system was now thereughly prestrated, and as my Bronchitis became worse, of also did my Dyspepsia and Rheumstic affection—thus swincing that these disorders were connected with each other through the medium of the Nervous System. In the whole pharmacopels there seemed to be no remedial agent which coule reach and recuperate my Nervous System; every thing that had tried for this purpose had completely failed. At last was led by my friends to examine your inventions, and (though with no very senguine hopes of their efficiency,) I determined by the effect of the application of the GALVANIO BELL AND NECKLACE, with the MAGNETIC FLUID. This was in Jame, 1846. To my GRAET AND NECKLACE, with the MAGNETIC FLUID. This was IN June, 1846. To MY GREAT ASTONISHMENT, IN TWO DAYS BY DYSTEFSTA HAD GONE; IN RIGHT DAYS | WAS ENABLED TO SECURE MY PASTORAL LARGES; NOR HAVE I SINCE OMETTED

A SINGLE SERVICE ON ACCOUNT OF THE BRONCHITIS; AND MY RIVEWMATIC AFFECTION HAS ENTIRELY CRASED TO TROUBLE MS. Such is the wonderful and happy results of the experiment. I have recommended the BELT and FLUID to many who have been likewise suffering from Neuralgic affections. They have tried them, with happy assults, I skilker, in every
