DR. HODFLAND'S Celebrated German Bitters PREPARED BY Dr. C. M. Jackson, AT THE

GERMAN MEDICINE STORE, No. 120, Arch Street, Philadelphia.

Their power over the above diseases is not excelled i lled by any other preparation in the United Retes, as the cures attest, in many cases after skilful physicians had failed. These Bitters are worthy the attention of invalids.

Possessing great virtues in the rectification of discusses of the Liver and lesser glands, exercising the most searching powers in weaknesses and affections of the dignative organs, they are withal, safe, certain, and pleasant.

[From the "Boston Bee."] The Editor said Dec. 22d. "Dr Hoofand's Celebrated German Bitters, for the

cur- of Liver Complaint, Januilice, Dyspepsia. Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the ase of this remedy We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances — We are speaking from experience, and to the afficted we advise their use." "Scott's WEERLY," one of the best Literary

papers published, said, August 25-Dr. Hoofand's German Bitters, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in case of female weakness As such is the case, we would advise all mothers to obtain a bettle and thus save themselves much sick- ing the new concern of Patterson & Cooper to my ness. Persons of debilitated constitutious will find these Bitters advantageous to their health as we know from experience the salutary effect that they have upon weak systems."

Judge M. M. Noan, a gentleman of great literary and scientific attainments, said in his " New York Weekly Messenger, January 6, 1850.

"Dr Hoffand's German Butters .- Here is a preparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. MORE EVIDENCE.

The PHILADELPHIA SATURDAY GAZETTE, the best family newspaper published in the United States, the editor says of DR. HOOFLAND'S GERMAN BITTERS.

" It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr Hoeffand's German Bitters, we wish it to be also utely necessary to close the business of the distinctly understool that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after they have done their guilty race of mischief, but of a medicine long established, universally prized, and which has Subscriber. met the hearty approval of the faculty itself."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its story is that there is more of it used in the practical tention of his Town and Country friends to story is that there is more of it used in the practical tention of his Town and Country friends to story is that there is more of it used in the practical tention of his Town and Country friends. stor, is, that there is more of it used in the practice of the regular physicians of Philadelphia, than all other nostrums combined—a fact that can be ed to sell on as good terms as any one in the place. easily established, and fully proving that a scientide preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the e omach and liver; it is preferable to calemet in all bilious diseases; the effect is immediate. They can be administered to FEMALE OF INFANT With safety and reliable benefit, at any time.

The best Family Medicine new before the public.

It has been computed, that during the last twenty years, three millions of persons have annually been benefited by the use of these Medicines; a fact which speaks volumes in favor of their curative properties—a single trial will place them beyond the reach of competition in the estimation of every patient. By their use the blood is restored to a pure and healthy state, freed from all impurities. The system is not reduced during their operation, but invigorated, and they require no restraint from business or pleasure. The afflicted have in Moffat's Life Pills and Phoenix Bitters, a remedy that will do for them all that medicine can possibly effect.

YOUNG'S IMPROVED PATENT SMUT AND SCREENING MACHINE The only Machine of the kind that has stood the test and given satisfaction to the public. It has surplanted every Smut Machine yet offered in the State, more or less of which have been taken down to make room for it. The public need fear no imposition, as there are now some 290 Machines running in North Carolina; and I wish to offer no other references than the gentlemen who are using them, whose expectations have been more than realized in their performance. It not only thoroughly cleanses the Wheat of Smut, but also purifies it of all other substances, almost to perfection. It takes up but 4 uare in the mill and requires but little power. It is warranted for five years against breaking or wearing out, and also to retain its cleansing qual-

ities for that time. There are a number of these Machines through which 100,000 bushels of Wheat have been cleansand they have never been out of order one day. There was awarded to it the Premium of the Maryland State Fair, and a Premium with a silver meial, at the Fair of the Maryland Institute, at Balmore, last Fall.

A Derangement of the Nervous System. OF In NERVOUS COMPLAINTS, Drugs and Medicine access the disease, for they weaken the vital energies of the already prostrated system; while under the strengthering life-giving, vitalizing influence of Galvantism, as applied by this beautiful and wonderful discovery, the exhausted policy and weakened sufferer is restored to hymer health, strengtherities and vices. lasticity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanie Curatives consists, in the fact that they arrest and cure disease by ear word application, in place of the usual mode of drugging and physicking the patient, till exhausted Nature sinks hapelessly under the infliction. under the infliction.

They strengthen the whole system, equalize the circulation if
the blood, promote the secretions, and never do the alightest enjurunder eng circumstances. Since their introduction is in

60.000 Persons including all ages, classes and conditions among which ward a large number of ladies, who are peculiarly subject to New yes Complaints, have been ENTIRELY AND PERMANENTLY CURED, when all hope of relief had been given up, and every thing else been tried in vain!

To fillustrate the use of the GALVANIO BELLE, suppose the case of a person efficient with that have of civilination. the case of a person afficited with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Dissorder. Its endinary cases, stimulants are taken, which, by their action as the nerves and muscles of the stomach, afford temperary relief, out which leave the patient in a lower state, and with this faculties, after the action thus excited has counced. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufficer, even in the worse symptoms of an attack, and aimply fie the Belt around the body, using the Magnetic Finite as directed. Its a direct period the insensible perspiration will not on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keepingsup a continuous Galvanic circulation throughout the system. Thus the most severe custod DYSPEPSIA are PERMANENTLY CURED. A FEW BATS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

DR. A H. CHRISTIK.—Dear Sire You wish to know of me what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is at what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For about twenty years I had been suffering from Dysney sia. Every year the symptoms became worse, nor scald I obtain permanent relief from any course of medical trautment whatever. About feneties years aince, in consequence of frequent exposure to the weather, in the discharge of my sectoral duties, I became subject to a severe Chronic Rhammatism, which for year after year, caused me indescribible anguish. Farther: in the wintered '49 and '45, incossequence of preaching a great deal ir my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate anspension of my pastoral labors. My nervous system was new thereuseby greatrated, and as my Bronchilds became work, so also did my Dyspensis and Rheumatic affection—thus evimong that these disorders were connected with each other through the medium of the Nervous System. In the whole pharmacopais there seemed to be no remedial agent which could reach and recuperate my Nervous System; svery thing that I had tried for this purpose had completely failed. At last, was led by my friends to extensine your inventious, and though with no very sanguine hôpes of their efficiency.) I define that in June, 1846. To my canar astoniamment, in two cases my Dyspensia had account of the GALVANIC SELT AND NECKLACE, with the MAGNETIC FLUID. This year is June, 1846. Necross and Sick Headache, Discloses of the Head, Neuralgia in the Face, Buzzing or Roaring in the Ears, Desiness, which is generally Nervous, and that discressed complaint, called Tic Dolorant.

Palsy and Paralysis. All physiciens acknowledge that these terrible diseases are eaused by a deficiency of Nerveus Energy in the affected limbs. Dr. Chairric's Galvanic Articles will supply this deficient power, and a complete and entire cure is time assetted. 1000 Cases of Palsy and Paralysis have been reported to Dr. Chursvik and his Agents within the last two years, which have been entirely restored.

6G-Car. Anonew J. P. Toures of Brooklyn, N. V. had not been still to walk a step for near four years, and was so belowes that he had to be fed. The most celebrated physisians gave him up. In five days after he commenced wearing the Galvance Brist. Necessace, and Basemara, he walked across the room, and in three weeks he had perfectly recessed his health. Captain Tomes is seventy years of age.

Severe Deafness Cured. The following is an extract from a letter lately received from a distinguished physician in the State be Virginia:

"A. H. Christire, M. D.—Bear Sir i One of my satients, unknown to me, obtained your Saturnic Bell and Machines, with the Magnetic Flend, for a serious affection of Dulines. The case was that of a lady whose Nervous system me much disordered, and her general health poor. Much was done previously to the application of the Belt, but with very lattle success, and I field it only right to tell you, that since she commenced wes. Ing the Selt and using the Find, but a few weeks ago, the has ENTIRELY RECOVERED HER HEARING, and her general health is better than for several years."
