These Bit our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy We are convinced that, in the strength and vigor, a fact worthy of great consider alien. Scorr's WEEKLY," one of the best Literary papers published, said, August 25by Dr Jackson, are now recommended by some of the most premiuent members of the faculty, as an article of much efficacy in case of femule weakness. As such is the case we would advise all mothers to obtain a b- trle and thus save themselves much sickpess. Persons of debititated constitutious will find these Bitters advantageous to their health as we know from experience the salutary effect that they have upon weak systems."

Judge M. M. Noan, a gentleman of great literary and scientific attainments, said in his "New York Weekly Messenser, January 6, 1850. "Dr Hoffand's German Butters - Here is a preparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a proscription furnished by one of the most celebrated physicians of m dern times, the late Dr Christopher Wilhelm Hooft and Professor to the University of Jens, Pri vate Physician to the King of Prusis, and one of the greatest medical writers Germany has ever produced He was emphatically the enemy of humbug and therefore a medicine of which he was the in enter and endorser may be confidently relied on le specially recommended it in Liver Complain, Dispensia, Debility, Vertigo. Acidity of the Stom ach, Constitution and all-complaints arising from a disordered condition of the stomach, the Liver and the intestines. Nine Philadelphia pipers express their conviction of its excellence, and several of the edi ors peak of its effects from their own individ ual experience. Under these diroumstances we feel Farranted, not only in calling the attention of our widers to the present proprietor's (Dr. C. M Jackson's) preparation, but in recommending the article to all afflicted."

MORE EVIDENCE. The PHILADELPHIA SATURDAY GAZETTE, the best family newspaper published in the United States

he editor says of DR. HOOFLAND'S GERMAN BITTERS. " It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr Hoeff und's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noted about for a brief period and then forgotten after they have done their guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approval of the faculty itself"

Evidence upon evidence has been received (like the foregoing) from all sections or the Union, the last three years, and the strongest testimony in its feer, is, that there is more of it used in the practice of the regular physicians of Phi'adelphia, than all other nostrums combined-s fact that can be easily established, and fully proving that a scien-That this medicine will cure Liver Complaint

Purity the Blood. MOFFATS

It has been computed that during the last twenty rues three millions of persons have annually been benefited by the use of these Medicines; a fact which speaks volumes in favor of their curative properties to single trial will place them beyond the reach of competition in the estimation of every patient. By their use the blood is resurred to a pure and healthy state, freed from all impurities. The system is not reduced during their operation, but arvigorated, and they require no restraint from business or pleasure. The afflicted have in Moffat's Life Pills and Phonix Bitters, a remedy that will do for them all that medicine can possibly effect.

The genuine of these medicines are now put up with a fine steel engraved wrapper and tabels, and copy right secured according to the laws of the

United States.
