ain, and pleasant.

"Dr Hoofend's Celebrated German Bitters, for the Chronic of Nervous Debility, is deservedly one of the most popular medicines of the day. These Bit-ters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances — We are speaking from experience, and to the affieled we advise their use."

"Scott's Wesker," one of the best Literary papers published, said, August 25—
"Dr. Hoofand's German Bitters, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in case of female weakness. As such is the case, we would advise all mothers to obtain a battle and thus save themselves much sickness. Persons of debilitated constitutions will find these Bitters advantageous to their bealth as we know from experience the salutary effect that they have upon weak systems."

Judge M. M. Noan, a gentleman of great literary and scientific at thinments, said in his " New

York Weekly Messenger, January 6, 1850. "Dr. Hoffend's German Butters .- Here is a proparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of m dern times, the late Dr. Christopher Wilhelm hoof and, Professor to the University of Jens, Pri vate Physician to the King of Prussia, and one of the greatest medical writers Germany has ever produced He was emphatically the enemy of humbug and therefore a medicine of which he was the in renter and endorser may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the Stom ach, Constipation and all complaints arising from a disordered condition of the stomach, the Liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the edi ors peak of its effects from their own individual excellence. ual experience. Under these circumstances we feel warranted, not only in calling the attention of our renders to the present proprietor's [Dr. C. M. Jackson's] preparation, but in recommending the article o all afflieted."

MORE EVIDENCE. The PHILADELPHIA SATURDAY GAZEPPE, the best

family newspaper published in the United States.

DR. HOOFLAND'S GERMAN BITTERS. " It is seldem that we recommend what are termed Parent Medicines to the confidence and patronage For Tuition in the French, or any othof our renders; and, therefore, when we recommend er h Dr Hosfland's German Bitters, we wish it to be Latin, distinctly understood that we are not speaking of Music on the Piano. the nestrums of the day, that are noised about for Music on the Guitar. a brief period and then forgotten after they have done their guilty race of mischief, but of a medicine long established, universally prized; and which has met the hearty approval of the faculty itself."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the list three years, and the strongest testimony in its firer, is, that there is more of it used in the prec-tice of the regular physicians of Philadelphia, than all other nostrums combined—a fact that can be easily established, and fully proving that a scien-tice preparation will meet with their quiet approval Then presented even in this form.

That this medicine will care Liver Complaint and Dyspepsia, no one can doubt, after using it as sisected. It acts specifically upon the someth and liver; it is preferable to calomel in all bilious disministered to PEMALE or INFART with safety and reliable benefit, at any time.
