B'UHALTOOR KE Celebrated German Bitters PREPARED BY Dr. C. M. Jackson, AT THE

GERMAN MEDICINE STORE. No, 120, Arch Street, Philadelphia.

Their power over the above diseases is not excelled. equalled by any other preparation in the United tates, as the cures attest, in many cases after skil-lphysicians had failed. These Bitters are Worthy the attention of invalids. essessing great virtues in the rectification of dis-

tares of the Liver and lesser glands, exercising the nest searching powers in weaknesses and affections of the digestive organs, they are withal, safe, certain, and pleasant. READ AND BE CONVINCED.

[From the "Boston Bee."] The Editor said. Dec. 22d.

Dr. Hoofand's Celebrated German Bitters, for the er of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at mr elbow says he has himse freceived an effectual and permanent oure of Liver Complaint from the we of this remedy We are convinced that, in the use of three Bitters, the patient constantly gains strength and vigor, a fact worthy of great consider-sion. They are pleasant, in taste and smell, and can be used by persons with the most delicate tomachs with safety, under any circumstances -We are speaking from experience, and to the aflieled we advise their use." "Scorr's WEEKLY," one of the best Literary

ers published, said, August 25-Dr. Hoofand's German Bitters, manufuctured by Dr. lackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in case of female weakness As such is the case, we would advise all mothers to obtain a buttle and thus save themselves much sickpess. Persons of debilitated constitutions will find three Bitters advantageous to their health as we know from experience the salutary effect that they have upon weak systems."

Judge M. M. Noah, a gentleman of great literry and scientific attainments, said in his " New York Weekly Me-senger, January 6, 1850. "Dr. Hofland's German Butters.-Here is a pro-

paration which the leading presers in the Union appear to be unsulmous in recommending, and the reason is obvious. It is made after a proscription furnished by one of the most celebrated physicians of medern times, the late Dr Christopher Wilhelm Hoofind, Professor to the University of Jens, Private Physician to the King of Prussin, and one of the greatest medical writers Germany has ever produced He was emphatically the enemy of humbug. and therefore a medicine of which he was the intenter and endorser may be confidently relied on He specially recommended it in Liver Complaint Dyspepsia, Debility, Vertigo, Acidity of the Stomach, Constipation and all complaints arising from a disordered condition of the stomach, the Liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the editors peak of its effects from their own individual experience. Under these circumstances we feel Varranted, not only in calling the attention of our readers to the present proprietor's (Dr. C. M. Jack-son's) preparation, but in recommending the article

MORE EVIDENCE. The PHILADELPHIA SATURDAY GAZETTE, the best family newspaper published in the United States, he editor says of

DR. HOOFLAND'S GERMAN BITTERS. " It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage four renders; and, therefore, when we recommend Dr Hoefland's German Bitters, we wish it to be istinctly understood that we are not speaking of se sestrums of the day, that are noised about for brief period and then forgotten after they have done their guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approval of the faculty itself." Evidence upon evidence has been received (like

the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its arer, is, that there is more of it used in the pracbee of the regular physicians of Philadelphia, than all other nestrams combined—a fact that can be restly established, and fully proving that a scien the preparation will meet with their guiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver; it is preferable to calomel in all bilious discases; the effect is immediate. They can be administered to PERALE OF INFANT With safety and reliable benefit, at any time.

BEWARE OF COUNTERFEITS. This medicine has attained that high character which is necessary for all medicines to attain, to induce counterfeiters to put forth a spurious article

at the risk of the lives of those who are innocently LOOK WELL TO THE MARKS OF THE GENUINE.

They have the written signature of C. W. JACK-80N upon the wrapper, and the name blown in the bottle, without which they are spurious.

My reply is as follows:

For about twenty years I had been suffering from Dyspapsis. Every year the symptoms became worse, for sould obtin permanent relief from any course of medical franciscus whatever. About fourteen years since, in consequence, of frequent exposure to the weather, in the discharge of my less toral duties, I became subject to a severe Chronic Rhounstiam, which for year after year, caused me indeterinable anguish. Farther: in the winter of to an tell in consequence of preaching a great deal ir my own and various other churches in this region, I was attacked by the Brounditie, which soom became so severe me to require an immediate empension of my pastoral labors. My nervous system was now liveragely prestrated, and as my Bronchitis became worse, so also did my Dyspapsis end Rheumatic affection—thus relieving that these disorders were connected with each other through the medium of the Nervous System. In the whole pharmatopoid their centers of the Nervous System. In the whole pharmatopoid there eccensed to be no remedial agent which could reach and recuperate my Nervous System; every thing that I had tried for this purpose had completely failed. A last was led by my friends to examine your inventions, and (though with no very sanguine hopes of their efficiency.) I determined to try the effect of the application of the GALVANIC INLIPATION, 1900, 1946. To my great Astronomentally, if was ansatzed to try the effect of the application of the GALVANIC INLIPATION, 1900, 1946.

By Dyspapsia, MAD GONE; IN SIGHT DAYS I WAS ENABLES TO ARROWS MY PASTORAL LABORS; WOR HAVE I emediate the model of the wonderful and huppy results of the experiment. I have recommended the BELT and FLUID to mean the have been likewise suffering from Neuralgic affections. They have tried them, with MATSY MATSULTS, I BELLEY, IN THE LABORS.

I am, dear sir, very respectfully yours, ROBERT W. LANSI
