S'CKALSOOK SE Celebrated German Bitters PREPARED BY Dr. C. M. Jackson.

AT THE GERMAN MEDICINE STORE, No, 120, Arch Street,

Philadelphia. Their power over the above diseases is not excelled, if equalled by any other preparation in the United States, as the cures attest, in many cases after skil-

ful physicians had fuiled. These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of discases of the Liver and lesser glands, exercising the mest searching powers in weaknesses and affections of the digestive organs, they are withal, safe, certain, and pleasant.

READ AND BE CONVINCED. [From the "Boston Bee."] The Editor said Dec. 22d.

These Bitters have been used by thousands. and a friend at and permanent cure of Liver Complaint from the use of this remedy We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consider ation They are pleasant in taste and smell, and can be used by persons with the most deficate stomache with safety, under any circumstances .-We are speaking from experience, and to the afficied we advise their use." "Scorr's WEEKLY," one of the best Literary

papers published, said, August 25-Dr. Hoofland's German Bittere, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the feculty, as an article of much efficacy in case of female weakness As such is the case, we would advise all mothers to obtain a bottle and thus save themselves much sickness. Persons of debilitated constitutions will find these Bitters advantageous to their health as we know from experience the salutary effect that they have upon weak systems. Judge M. M. ary and scientific attainments, said in his " New York Weekly Messenger, January 6. 1850. "Dr Hoftand's German Batters .- Here is a proparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a proscription furnished by one of the most celebrated physicians of m dern times, the late Dr Christopher Wilhelm Hooffind Professor to the University of Jena, Pri vate Physician to the King of Prusis, and one of the greatest medical writers Germany has ever produced He was emphatically the enemy of humbug and therefore a medicine of which he was the inrenter and endorser may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the Stom ch, Constipation and all complaints arising from lisordered condition of the stomach, the Liver and the intestines. Nine Philadelphia pipers express their conviction of its excellence, and several of the edi ors peak of its effects from their own individual experience. Under these circumstances we feel warranted, not only in calling the attention of our readers to the present proprietor's (Dr. C. M Jackson's) preparation, but in recommending the article to all afflicted."

MORE EVIDENCE. The PHILADELPHIA SATURDAY GAZETTE, the best family newspaper published in the United States

DR. HOOFLAND'S GERMAN BITTERS. " It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr Hoeffind's German Bitters, we wish it to be distinctly understool that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgottem after they have done their guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approval of the faculty itself." Evidence upon evidence has been received (like the foregoing) from all sections or the Union, the

last three years, and the strongest testimony in its facor, is, that there is more of it used in the practice of the regular physicians of Philadelphia, than all other nostrums combined-a fact that can be easily established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form. That this medicine will cure Liver Complaint

and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the somach and liver; it is preferable to caloniel in all bilious discases the effect a immediate. They can be administered to FEMALE OF INFANT With safety and re!:able benefit, at any time.

This beautiful and convenient application of the mysterious gowers of GALVANISM and MAGNETISM, has been pronunced by distinguished physicians, both in Enrope and the United States, to be the most reducite medicinal discovery of the Age. HERYQUE AKSTRU. Dr. CHRISTIE'S GALVANIO BELT

lasticity and vigor.
The great peculiarity and excellence of Dr. Christie's Galvanie Curatives, consists, in the fact that they arrest and cure disease by our word application, in place of the usual mode of drugging and physicking the patient, illi subsusted Nature sinks hopelessly under the indiction.

They strengthen the whole system, equalize the circulation of the blood, promote the recretions, and sever do the blightest sujury under any circumstances. Since their introduction in the United States, only three years since, more than

60,000 Persons including all ages, classes and conditions, among which were a large number of ledies, who are peculiarly subject to Merv ous Complaints, have been ENTIRELY AND PERMANENTLY CURED, when all hope of relief had been given up, and every thing, else been tried in vain! To illustrate the use of the GALVANIC BELT, suppose

the case of a person afflicted with that bune of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action on the serves and muscles of the stomech, afford temporary relief, out which leave the patient in a lower state, and with injured faculties, after the action thus excited his ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worse symptoms of an attack, and simply the the Belt smound the body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS OFTEN AMPLY SUFFICIERT TO ERADICATE THE DISEASE OF YEARS.

of New Jersey, of distinguished attainments and exalted Sidney, New Jersey, July 12, 1849. DR. A H. CHRISTIE-Dear Sire You wish to know of me what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My seply is as ments. They present the following as specimens of follows:

For about twenty years I had been suffering from Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. About fourteen years since, in consequence of frequent exposure to the weather, in the discharge of my pastoral duties. I became subject to a severe Chronic Rheuma whatever. About fourteen years since, in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic Rheuma tism, which for year after year, caused me indescribable anguish. Farther: in the winter of '45 and '46, in consequence of preaching a great deal ir my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. My servous system was now theroughly prestrated, and as my Bronchitis became worse, so also did my Dyspepsis and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System. In the whole pharmaco point there seemed to be no remedial agent which counts reach and recuperate my Nervous System; every, thing that I had tried for this purpose had completely failed. At last was led by my friends to examine your inventions, and (though with no very sanguine hopes of their efficiency, I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1846. To my great astronismisment, in two bars my Dyspersia had done; in same have I since contribute assume my pastoral labous; in same have I since contribute assume the wonderful and happy results of the experiment. I have recommended the BELT and FLUID to many who have been likewise suffering from Neuralgle affections. They have tried them, with happy respectfully yours,
