TO MY FRIENDS AND CUSTOMERS IN NORTH CAROLINA.

AVING made arrangements to leave the State, at furthest by the first of December. and having disposed of my interest to Isaac Procter, (my partner for the last eight years,) I take plea sure in recommending him to those who have stood by me so long, as a gentleman every way worthy of their confidence and support Flook upon Mr Procter, without attempting to

disparage others, and what I say now must be believed, being totally disconnected with him in busi ness) as being the very best cutter I ever saw. He will be assisted by Geo L. Gould, a pupil of mine, who has been cutting all the Coats made up for our customers for the last fourteen months, and has no superior in that department. I have left in the concern all the patterns I have of my customers scattered all over the State, and they may rely upon being as faithfully served, having their clothes as well cut and made, and the quality of the materials just such as would be farnished, were ' The BUG.' present in "propria persona." I have laboured hard to build up a business in North Carolina, and desire that those who have patronised me should continue to uphold my late partner, particularly when assured by me, that they will be as well serv- this day, with new and comfortable Coaches, good jury to texture or color. > Portis' Gold Mines FOR SALE.

N Saturday, the 20 h day of Deember next, unremitted attention, to secure a liberal share of the ger.

To travel. tue of a decree of the Court of Equity, entered in the matter of Thomas J. Portis and others, heirs at law of John Portis, deceased, the celebrated and far famed Gold Mines, known as the PORTIS'

The said mines are situated in Franklin County about thirty miles from Halifax town, twenty miles from Warrenton, and eighteen from Louisburg. The tract of land contains about 1300 acres, lying immediately on Shocco creek, and for farming pur poses alone, is a valuable estate; but its agricultural value is completely colipsed by its immense val-

There have been few instances. North Carolina, where an estate of such vast magnitude has been offered for sale publicly. These mines have been worked about 18 years

and it is estimated that a million of dollars have been dug out of them-and there are parts of them now as rich as the sands of the Sacramento. A large portion of the lands-the very choice parts, were carefully reserved by the late p oprietor. which he always called his "pocket book." The value and richness of these reserves : re be

youd all human calculations. An effort wil be made to divide the mining lands, so as to bring the lots within the limits of individual enter; rise-rery few men being able to purchase the whole estate. To the enterprising cap ta ist here is a most inviting field-even the portions that have been work | resented. ed still abound with the precious ore, and those huge piles of rock and sand, by the ignorant thought valueless, under the control of scientific men, would held unnumbered thousands, after paying the cost

of machinery and labor. In many parts of the reserves it is beleived that every cart-load of gravel will produce a pennyweight of gold dust. The water to wash is close at hand, and timber and fuel in abundance on the land. The dwelling house is large and convenient-also a large number of framed negro houses, almost new, and it must go for what it will bring. A credit of one, two and three years will be given and bonds secured, will be required of the purchaser, and posaddressed to me at Louisburg will receive prompt attention."

Consumption Cured DAILY BY DR. HASTINGS'

Compound Syrup of Naphtha. The Medical Faculty, as well as the public, are struck with wonder at the numerous cures made daily by this extraordinary medicine, and it is now ac knowledged by many of our most eminent physicians to be a certain and speedy cure for tubercular consumption, in its worst stages It has been recommended by that eminent physician, Dr. Mott, and is constantly used in the Marine Hospital at THE ETNA INSURANCE COMPA-Savannah, Ga., by Dr. Arnold, the senior physician NY, of Hartford, Conn. Offers to insure Buildings and Morchandize, against loss or damage by fire, at premiums to suit the times.

This is one of the oldest and best Insurance Companies in the United States, and pays its losses of the hospital . The London Lancet, London Medical Journal, Praithwaite's Retrospect, and all other of the London Medical Journals, have spoken in praise many times of the surprising effects of

DR. HASTINGS' PREPARATION. It has been thoroughly tried, not only in the Hos-Applications for Insurance n Raleigh, or its vipital under the charge of Dr Hastings, in London, but also by all the first physicians of England, and all have fully endorsed it as an unrivalled remedy in Consumption, and all other diseases of the lungs. N. J. PALMER, Agent. The following are a few of the opinions expressed by the Medical Faculty of England. Dr. Williamson, of Manchester, thus writes :

"UNDER ITS INFLUENCE I have seen the emsciated being, on whose brow death had seemed to have set his seal, acquire invigoration and strength-and exchange his early tion for more than five years, and continues mornings of intense suffering and distressing cough for the sound repose which alone accompanies sound State, (except Steam Mills and Turpentine Distil-

leries,) upon favourable terms. Its Policies now DR. WARE, OF LIVERPOOL, cover property amounting to \$4,500,000. a large Says :- " I regard Hastings' Syrup or Napths as one of the first medical discoveries of any age, and consider its agency in curing consumption as established beyond all doubt or question.' D. Mitchell - Dear Sir :- The first time I saw

vour Eye-Salve was at W. J. Chapin's, where it came as I was informed, on your recommendation, for the cure of his little daughter's eyes. I had little confidence in it, as I have in most of the patent medicines. But as the most popular modes of treatment and special remedies had utterly failed to benefit the little sufferer, I consented to its use, supposing that if it did no good, it would do no hurt -It was a case of severe Scrofulous Ophthalmy of ooth eyes. The eye-balls and lids were all very much inflamed Your Eye-Salve was used. Immediately it acted like a charm. In a few days a perfect cure was effected. This was sometime last winter. Since that I have used your Salve a great many times with the happiest results. In my hands it has speedily cured recent inflammation of the eyes, and also that which had resisted all treatment from one to five years. My present opinion is, that as to convenience, time, safety and certainty, it very far surpasses all the Salve and Eye Washes of which I have any knowledge. Respectfully, Z. W. JOSLIN, M. D.

DIGESTI VEFLTID.

GASTRIC JUICE THIS is a GREAT NATURAL REMEDY for INDIGESTION, and DYSPEPSIA, curing after Nature's own Method, by Nature's own Agent, the Gastric Juice. It is extracted from the Digestive Stomach of the Ox. thus forming an ARTIFICAL DIGESTIVE FLUID, precisely like the natural Gastric Juice, in its Chemical powers, and furnishing a COM-PLETE and PERFECT SUBSTITUTE for it.
