AT THE GERMAN MEDICINE STORE, No, 120, Arch Street, Philadelphia.

Their power over the above diseases is not excelled, u equalled by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weaknesses and affections of the digestive organs, they are withal, safe, certain, and pleasant.

Persons of debilitated constitutions will find these Bitters advantageous to their health as we know from experience the salutary effect that they have upon weak systems,"

Judge M. M. Noan, a gentleman of great literary and scientific attainments, said in his " New

York Weekly Messenger, January 6, 1850. " Dr. Hoffand's German Butters .- Here is a pre paration which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the Stomach, Constipation and all complaints arising from a desordered condition of the stomach, the Liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the editors peak of its effects from their own individual experience.
