Judge M. M. Noan, a gentleman of great literery and scientific attainments, said in his " New York Weekly Me-senzer, January 6, 1850.

"Dr Hoffand's German Buters .- Here is a preparation which the leading presses in the Union at year to be unanimous in recommending, and the r ason is obvious. It is made after a proscription furnished by one of the most celebrated physicians e'm dern times, the late Dr Christopher Wilhelm Had and Professor to the University of Jens, Pri vate Physician to the King of Prussia, and one of the greatest medical writers Germany bas ever producid He was emphatically the enemy of humbug. and therefore a medicine of which he was the inventer and endorser may be confidently relied on. He specially recommended it in Liver Complaint, Disciepain, Debility, Vertigo, Acidity of the Stom ac . Constipation and all complaints arising from a digit lered condition of the stomach, the Liver and the injustines. Nine Philadelphia pipers express their couvi tion of its execilence, and several of the editors peak of its effects from their own individual experience. Under these circ imstances we feel war anied, not only in gailing the attention of our readers to the present proprietor's (Dr. C. M. The public need fear no imposition, as there are now some 290 Machines running in North Carolina; and I wish to offer no other references than the gentlemen who are using them, whose expectations have been more than realized in their performance. It not only woroughly cleanses the Wheat of Smut, but also purifies it of all other substances, almost to perfection. It takes up but 4 25 do
