CHARLESTON PREPARATORY

MEDICAL SCHOOL.

THE session of this Institution will begin on the first *Monday* in April, and terminate on the last *Saturday* in July. The different Chairs will be occupied as follows:

Anatomy and Physiology by F. T. MILES, M. D. Institutes and Practice of Medicine, by D. J CAIN, M. D.

Materia Medica and Therapeutics, by F. PEYRE PORCHER, M. D.

Obstetrics and Diseases of Women and Children, by E. BELIN FLAGG, M, D.

The Chair of Surgery has been offered to a gentleman now in Europe, who it is hoped will accept it. Should he not do so, it will be filled before the time appointed for opening the School.

Clinical Instruction will be given at the Marine Hospital and Alms House, by Drs. D. J CAIN and J. FORD PRIOLEAU.

During the session of the Medical College of the State of South-Carolina, members of the Class will be examined regularly on the lectures delivered in that institution.

The Students will be shown cases among the patients of the Teachers, and such as can be taken to the lecture room will there be exhibited to them and explained

The most distinguished Surgeons in the city have promised, whenever they can do so conveniently, to perform operations before the Class.

Doctors R LEBBY and J. S MITCHELL who have each a large obstetrical practice, will (as well as the teachers) give the Students access to all of their cases of this description, which they can with propriety be allowed to visit.

In short, ample opportunities will be afforded for acquiring *practical*, as well as theoretical knowledge of the profession

Her mortuary statistics prove that Charleston possesses a salubrity of climate enjoyed by very few cities in the world, and strangers are no longer deterred from visiting her in the summer.

Board and lodging can be obtained from 3,50 to $5 a week.

Terms, fifty dollars, including examinations during the winter.

WHOLESALE WATCH

AND JEWELRY STORE.

L. H. MILLER & CO.

IMPORTERS, Manufacturers and Jobbers of WATCH, JEWELRY & FANCY GOODS, have leased the Old Stand, formerly occupied by Messrs Canfield, Brother & Co, SOUTH EAST CORNER OF CHARLES AND BALTIMORE STREETS, (No. 227,) which they are putting in complete order for the WHOLESALE WATCH & JEWELRY BUSINESS, to be opened about the 20th of July.

In calling the attention of the trade to the new concern, we mention the fact that we are associated with one of the most extensive JEWELRY MANUFACTURING ESTABLISHMENTS in the country, which must give a decided advantage over all others in this market, for supplying dealers with Jewelry at manufacturers' prices, a feature in this branch of trade long since needed, between Baltimore and the Southern and Western Merchants.

We desire to call particular attention to the Watch department, which will at all times be supplied with a great assortment from the most celebrated manufacturers, and kept in perfect running order, so that purchasers may at once take them with a written guarantee that they will perform correctly.

This branch of the business will receive the especial attention of one of the firm, whose extensive and practical knowledge of the business, will, we hope, give us a place in the confidence of buyers.

We respectfully invite you to call upon us when you next visit our city, confidently believing that an examination of our Goods will prove to you, that they are better styles and cheaper than you have ever seen in this market, and assure you that no effort shall be wanting on our part to make the acquaintance one of mutual benefit

ANODYNE COUGH DROPS

Already has experience demonstrated the fact, that much pain and distress are prevented in the family circles by the using of a few select medicines; besides, it is the means, very frequently, of saving a Doctor's bill. Quite in advance of anything heretofore offered has Dr. Little's Pharmaceutical Medicines succeeded in curing the diseases for which they are prescribed For instance, his Anodyne Cough Drops have really cured more cases, and given more universal satisfaction, than any other known. For proof, he has more statements of its great utility from persons of the first respectability residing in different parts of the country as designated than he can afford to publish or even wishes to crowd into his new pamphlet, besides the many instances of its success otherwise that might be referred to. The medicine never fails to cure or benefit immediately any case of Coughs, Colds, Deep-seated Coughs, or Consumptive Diseases and Asthma; also Whooping-Cough, Croup, Colds and Inammatory Fever among children. This remedy is pleasant to take, and is no humbug of a balsam or foreign extract, but is an extensive compound upon scientific principles.

DR. LITTLE—Sir: In my own case of a most violent cough of several weeks standing last winter, I was cured entirely by your Anodyne Cough Drops, in taking less than one bottle. After the first dose or two I felt greatly relieved, and had but little more pain or trouble with it in any way. A week or two previous I took a bottle of the Balsam of Wild Cherry, without being much benefited.

Respectfully,

[Signed] W. TAYLOR.

PUBLIC attention is invited to a new improvement in manufacturing iron Railings, Grating &c. made from iron rods and Wrought iron, designated

Wire Railing.

It is the most beautiful enclosure for public or private grounds, lawns, cemeteries, balconies, verandahs, arbors, etc. etc.

Window Guards and Grating,

For stores, dwellings, lunatic asylums, prisons, steamships &c. Iron Bedsteads, with wire sackings, fire guards, coal and ore screens, and a variety of articles too numerous to mention, which this invention is susceptible of, possessing conveniences never before known, resulting from the improvement for which this article was patented. For elegance, combined with strength, for the beauty of its innumerable variety of designs, and especially for cheapness, (at one half less than cast-iron,) it is altogether unrivalled by any thing as yet offered to the public. The plan of crossing the rods is so contrived that each binds the other, and thus a mutual support is given to each individual part of the whole structure. It is believed that fabrics formed of the largest wire, and manufactured in this manner will endure at least five times the violence that a Cast Iron Railing in ordinary use is capable of withstanding. Prices vary from 30 cents to 90 per lineal foot. The subscriber also manufactures

WIRE FENCES,

for enclosing farms, railroads, parks, lawns, etc. guaranteed to resist cattle, horses, sheep, etc. which are becoming extensively used, and greatly distinguished by lightness of appearance and elegance of form. Being imperceptible at a short distance, the view is thus uninterrupted, the prospect animated, and the beauty of landscape unimpaired. The fence is made on an entirely new plan, being portable, yet secure. The whole may be taken down and transported with the same facility as ordinary iron rods. Price from 61.50 to $3 per rod, including Iron Pots, from 12 to 16 feet apart.

Inquiries or orders addressed to the Proprietor, will meet with prompt attention.
