AGENT, COMMISSION MERCHANT,

RALEIGH, N. C. WEDNESDAY MORNING, MARCH 23 1852 and age to age to

DRY GOODS AND GROCERY BROKER, NO. SO BROADWAY, NEW-YORK.

B. STITH tenders his services to the Mer-Agent, Commission Merchant, and Dry Goods and Grocery Broker, in the City of New York; and will attend to any business in his line—either in The sale of Produce or Merchandise,

OR THE PURCHASE OF Dry Goods. Groceries, Hardware, Crockery, Shoes Hats, Furniture, Carriages, Musical and Agricultural Instruments, Bagging Rope, Drugs, Medicines, &c. &c.

He flatters himself, as a purchaser of Goods for the Southern Trade, his experience—having been engaged for the last stateen years in the retail trade in the middle and lower part of North Careline and first Monday in April, and terminate on the tire satisfaction to the Merchants who may entrust to him their orders. Unconnected with any establishment in New-York, and devoting his whole time to acquaint himself with the value of Goods of every description, attending the auction sales, and being present to improve every opportunity to benefit his customers, he can save more than his commissions to the Merchant, and the inconvenience

and expense of a trip to New-York. The fact that Goods are constantly varying in prices and styles, and always decline as the season advances, is known to all in the habit of buying Goods in New-York. A great advantage will therefore be afforded to the Southern Merchants in having a competent agent, whose interest it will be to avail himself of every opportunity for their benefit, and who can, through him, keep up their stocks by get ting goods as their business may require, and avoid the necessity of laying in at one time a heavy stock for the season; and the inconvenience of a large amo 'nt of bills falling due about the same time. He can a so get his goods more frequently, and of later and more destrable styles, and at lower rates, and there-

by keep up a constant excitement and attraction. Marchants, and other persons disposed to employ him, will please forward with their orders their references, or the names of time with whom they usually deal in New-York, and in all instances h will give them the preference, unless he can fill their orders on better terms elsewhere. He agks but one trial of his taste and judgment to insure future orders. His commissions will be two and a half per cent Address A. B. STITH, New-York.

NEW YORK WIRE RAILING WORKS? PUBLIC attention is invited to a new improve ment in manufacturing iron Rallings, Grating &c. made from Iron rode and Wrought iron, designate

Wire Railing. It is the most BEAUTIFUL ENGLOSUES for public or private grounds, farms, cemeteries, balconies, ver andahs, arbors, etc. etc.

Window Guards and Grating. For stores, dwellings, lunetic asylume, prisons, steamships &c. Iron Bedsteads, with wire sackings, tree guards, coal and ore screens, and a variety of articles too numerous to mention, which this invention is susceptible of, pessessing conveniences never before known, resulting from the improvement for which this article was patented. For elegance, combined with strength, for the beauty of its inbumerable variety of designs, and especially for cheapness, (at one half less than bast-iron,) it is altogather unrivalled by any thing as yet offered to the public. The plan of crossing the rods is so contrived that each binds the other, and thus a mutual support is given to each individual part of the whole structure. It is believed that fabrics formed of the the largest wire, and manufactured in this manner will endure at least five times the violence that's Cast Iron Raiting in ordinary use in capable of withstanding. Prices vary from 30 cents to \$2 per lineal foot. The subscriber also manufactures.

WIRE PENCES.

for enclosing farms, railroads parks, lawns, etc guaranteed to resist cattle horses, sheep, sto. which guaranteed to resist cattle horses, sheep, sto. which are becoming extensively used, and greatly distinguished by lightness of appearance and slegance of form. Being imperceptible at a short distance, the view is thus uninterrupted, the prospect uninjured, and the beauty of landscape unimpaired. The fence is made on an entirely new plan, being portable, yet secure. The whole may be taken down and transported with the same facility as ordinary iron rode. Price from \$1.50 to \$3 per rod, including from Pots, from 12 to 10 feet apart. Inquiries or orders addressed to the Proprietor, will meet with prompt attention. 100 100 and had JOHN BAWICKERSHAM
