CHARLESTON PREPARATORY MEDICAL SCHOOL.

THE session of this Institution will begin on the first *Monday* in April, and terminate on the last *Saturday* in July. The different Chairs will be occupied as follows:

Anatomy and Physiology by F. T. MILES, M. D.
Institutes and Practice of Medicine, by D. J. CAIN, M. D.
Materia Medica and Therapeutics, by F. PEYRE PORCHER, M. D.
Obstetrics and Diseases of Women and Children, by E. BELIN FLAGG, M. D.

The Chair of Surgery has been offered to a gentleman now in Europe, who it is hoped will accept it. Should he not do so, it will be filled before the time appointed for opening the School.

Clinical Instruction will be given at the Marine Hospital and Alms House, by Drs. D. J. CAIN and J. FORD PRIOLEAU.

During the session of the Medical College of the State of South-Carolina, members of the Class will be examined regularly on the lectures delivered in that institution.

The Students will be shown capes among the patients of the Teachers, and such as can be taken to the lecture room will there be exhibited to them and explained.

The most distinguished Surgeons in the city have promised, whenever they can do so conveniently, to perform operations before the Class.

Doctors R. LEBBY and J. S. MITCHELL, who have each a large obstetrical practice, will (as well as the teachers) give the Students access to all of their cases of this description, which they can with propriety be allowed to visit.

In short, ample opportunities will be afforded for acquiring *practical*, as well as theoretical knowledge of the profession.

Her mortuary statistics prove that Charleston possesses a salubrity of climate enjoyed by very few cities in the world, and strangers are no longer deterred from visiting her in the summer.

Board and lodging can be obtained from 3,50 to $5 a week.

Terms, fifty dollars, including examinations during the winter.

A. B. STITH,

AGENT, COMMISSION MERCHANT, AND

DRY GOODS AND GROCERY BROKER,

NO. 50 BROADWAY,

NEW-YORK.

A. B. STITH tenders his services to the Merchants, Planters, and Citizens of North Carolina, and to Southern Merchants generally, as Agent, Commission Merchant, and Dry Goods and Grocery Broker, in the City of New-York, and will attend to any business in his line—either in

The sale of Produce or Merchandise,

OR THE PURCHASE OF

Dry Goods, Groceries, Hardware, Crockery, Shoes, Hats, Furniture, Carriages, Musical and Agricultural Instruments, Bagging, Rope, Drugs, Medicines, &c. &c.

He flatters himself, as a purchaser of Goods for the Southern Trade, his experience—having been engaged for the last sixteen years in the retail trade in the middle and lower part of North Carolina and in the city of Raleigh—will enable him to give entire satisfaction to the Merchants who may entrust to him their orders. Unconnected with any establishment in New-York, and devoting his whole time to acquaint himself with the value of Goods of every description, attending the auction sales, and being present to improve every opportunity to benefit his customers, he can save more than his commissions to the Merchant, and the inconvenience and expense of a trip to New-York.

The fact that Goods are constantly varying in prices and styles, and always decline as the season advances, is known to all in the habit of buying Goods in New-York. A great advantage will therefore be afforded to the Southern Merchants in having a competent agent, whose interest it will be to avail himself of every opportunity for their benefit, and who can, through him, keep up their stocks by getting goods as their business may require, and avoid the necessity of laying in at one time a heavy stock for the season, and the inconvenience of a large amount of bills falling due about the same time. He can also get his goods more frequently, and of later and more desirable styles, and at lower rates, and thereby keep up a constant excitement and attraction.

Merchants, and other persons disposed to employ him, will please forward with their orders their references, or the names of firms with whom they usually deal in New-York, and in all instances he will give them the preference, unless he can fill their orders on better terms elsewhere. He asks but one trial of his taste and judgment to insure future orders. His commissions will be two and a half per cent. Address A. B. STITH, New-York.

WIRE RAILING WORKS.

PUBLIC attention is invited to a new improvement in manufacturing iron Railings, Grating &c. made from iron rods and Wrought iron, designated

Wire Railing.

It is the most BEAUTIFUL ENCLOSURE for public or private grounds, farms, cemeteries, balconies, verandahs, arbors, etc. etc.

Window Guards and Grating.

For stores, dwellings, lunatic asylums, prisons, steamships &c. Iron Bedsteads, with wire mockings, tree guards, coal and ore screens, and a variety of articles too numerous to mention, which this invention is susceptible of, possessing conveniences never before known, resulting from the improvement for which this article was patented. For elegance, combined with strength, for the beauty of its innumerable variety of designs, and especially for cheapness, (at one half less than cast-iron,) it is altogether unrivalled by any thing as yet offered to the public. The plan of crossing the rods is so contrived that each binds the other, and thus a mutual support is given to each individual part of the whole structure, it is believed that fabrics formed of the the largest wire, and manufactured in this manner will endure at least five times the violence that a Cast Iron Railing in ordinary use is capable of withstanding. Prices vary from 30 cents to $2 per lineal foot. The subscriber also manufactures

WIRE FENCES.

for enclosing farms, railroads, parks, lawns, etc. guaranteed to resist cattle, horses, sheep, etc. which are becoming extensively used and greatly distinguished by lightness of appearance and elegance of form. Being imperceptible at a short distance, the view is thus uninterrupted, the prospect unaltered, and the beauty of landscape unmarred. The fence is made on an entirely new plan, being portable, yet secure. The whole may be taken down and transported with the same facility as ordinary iron rods. Price from $1,50 to $3 per rod, including Iron Posts, from 12 to 16 feet apart. Inquiries or orders addressed to the Proprietor, will meet with prompt attention.
