A. B. STITH. AGENT, COMMISSION MERCHANT, AND

DRY GOODS AND GROCERY BROKER. NO. SO BROAD WAY, NEW-YORK.

B. STITH tenders his services to the Mer-A . chants, Planters, and Citizens of North Caroline, and to Southern Merchants generally, as Agent, Commission Merchant, and Dry Goods and Grocery Broker, in the City of New York; and will attend to any business in his liur either in The sale of Produce or Merchandise,

OR THE PURCHASE OF Dry Goods. Groceries, Hardware, Crockery, Shoes Hats, Furniture. Carriages, Musical and Agricultural Instruments, Bagging, Rope, Drugs, Medicines, &c. &c.

He flitters himself, as a purchaser of Goods for the Southern Trade, his experience-baving been engaged for the last sixteen years in the retail trade in the middle and lower part of North Carolina and in the ci y of Raleigh-will enable him to give entire astisfaction to the Merchants who may entrust to him their orders. Unconnected with any establishment in New-York, and devoting his whole time to acquaint himself with the value of Goods of every description, attending the auction sales, and being present to improve every opportunity to benefit his customers, be can save more thin his com missions to the Merchant, and the inconvenience and expense of a trip to New-York.

The fact that Goods are constantly varying in prices and styles, and always decline as the season advances, is known to all in the habit of buying Goods in New-York. A great advantage will therefore be afforded to the Southern Merchants in having a competent agent, whose interest it will be to avail himselt of every opportunity for their benefit, and who can, through him, keep up their stocks by get ting goods as their business may require, and avoid the necessity of laying in at one time a heavy stock for the season; and the inconvenience of a large amo 'nt of bills falling due about the same time. He can also get his goods more frequently, and of later and more desirable styles, and at lower rates, and thereby keep up a constant excitement and attraction. Marchants, and other persons disposed to employ him, will please forward with their orders their references, or the names of firms with whom they usually deal in Now-York, and in all instances h will give them the preference, unless he can fill their orders on better terms elsewhere. He asks but one trial of his taste and judgment to insure future orders. His commissions will be two and a half per cent' Address A. B. STITH, New-York.

Iron Bedsteads, with wire suckings. ire guards, coal and ore screens, and a variety of articles too numerous to mention, which this invention is susceptible of, possessing conveniences never before known. resulting from the improvement for which this article was patented. For elegance, combined with strength, for the beauty of its innu merable variety of designs, and capecially for cheap-ness, (at one half less than cast-iron,) it is altogether unrivalled by any thing as yet offered to the public. The plan of crossing the rods is so contrived that each binds the other, and thus a mutual support is given to each individual part of the whole structure, It is believed that fabrics formed of the will endure at least five times the violence that a

Cast Iron Railing in ordinary use is capable of withstanding. Prices vary from 30 cents to \$2 per lineal foot. The subscriber also manufactures WIRE FENCES. for enclosing farms, railroads, parks, lawns, etc., giaranteed to resist cattle, horses, sheep, etc. which are becoming extensively used, and greatly distinguished by lightness of appearance and elegance of form. Being imperceptible at a short distance, the view is thus unjuterrupted, the prospect uninjured, and the beauty of landscape unimpaired. The fence is made on an entirety new plan, being CHACKERS by the wholesale, BETTER than and as portable, yet secure. The whole may be taken down and transported with the same facility as ordinary iron rods. Price from \$1.50 to 83 per rod, including Iron Pets, from 12 to 16 feet apart.
