The census of 1860, only published four years after, owing to the want of representation in our National Congress, has found its way into but few hands in the South. We give with pleasure some figures showing the rolled out. condition of our State then.

In manufactures we find number of establishments, Capital invested, Cost of raw material, Number of hand employed, Annual cost of labor, Annual value of products,

We find Bladen county has the largest number of establishments, viz: 518. New Hanover stands next.
