Enlargement of the Daily, Semi-Weekly and Weekly Editions.

The NEW YORK TIMES has recently been enlarged to the size of the London Times, and is now one of the largest and cheapest newspapers in the world. Each number of each edition contains eight pages of seven long columns each, making fifty-six columns in all. It is always printed on good paper and in clear type making it the mindsomest and most legible Newspaper in the United States.

The TIMES aims, first of all, to give the earliest and most reliable NE WS from all sections of the United States and from all parts of the World. Its CORRESPONDENCE, Foreign and Domestic, in variety, fullness and literary interest and ability, is not surpassed by that of any other journal. In the Southern States especially, from which it has been so difficult to obtain reliable information, the Times has a large number of able, intelligent and candid correspondents whose reports of incidents and opinions are of great interest and value; and from every Capital in Europe it receives early and reliable intelligence.

In its-EDITORIAL Department the TIMES seeks to criticize passing events of every kind with candor, intelligence and a paramount regard for the best interests of the community. It avoids always appeals to mere passion, and aims to direct and convince the judgment rather than appeal to prejudice. In politics it maintains the fundamental principles of the Union Party-seeking the Restoration of Peace and Union upon the basis of Equal Rights and universal justice, and urging always and everywhere the elevation and improvement of all classes of the community. In dealing with the South it will insist upon a just and considerate policy-demanding full and steady obelience to the Constitution and laws of the Union, ample protection for the enfranchised slaves in all their rights of life, liberty and propertythe development of the material resources of the country, and the general advancement of all classes of the people in education, morality and religion. All topics, in all departments, foreign and domestic, will receive in the TIMES full and careful dis-

In LITERARY criticism and intelligence, the Times will be especially full and complete. Elab- 21, 23, 24 & 27 Broadway, New York. orate and extended Reviews will be made of new works that may deserve them, and no pains will be spared to make this Department more than ever

The AGRICULTURAL, COMMERCIAL and FI-NANCIAL Reports of the TIMES will be prepared with unite as much care, and will be in every respect at least as full and satisfactory as those of.

Its Reports of Congressional and Legislative Proceedings, of public Documents of value of all kinds, of Proceedings in Courts, of public meetings, etc., etc., will be full and reliable.

You jutius or expense will be spared to make the Track the most valuable, interesting and re-table necessary or in the United States. It has a very large corps of able and experienced writers in every department, and will add to their number, both at ome and abroad, as circumstances ed, and possesses every modern improvement for
