Enlargement of the Daily, Semi-Weckly and Weekly Editions.

The NEW YORK TIMES has recently been enlarged to the size of the London Times, and is now one of the largest and cheapest newspapers in the world. Each number of each edition contains eight pages of seven long columns each, making fifty-air columns in all. It is always printed on good paper and in clear type—making it the handsomest and most legible Newspaper in the United States.

The TIMES aims, first of all, to give the earliest and most reliable NEWS from all sections of the United States and from all parts of the World. Its CORRESPONDENCE, Foreign and Domestic, in variety, fullness and literary interest and ability, ply extraordinary. is not surpassed by that of any other journal. In the Southern States especially, from which it has been so difficult to obtain reliable information, the Times has a large number of able, intelligent and candid correspondents whose reports of incidents and opinions are of great interest and value; and from every Capital in Europe it receives early and

reliable intelligence. In its Editorial Department the Times seeks to criticize passing events of every kind with candor, intelligence and a paramount regard for the best interests of the community. It avoids always appeals to mere passion, and aims to direct and convince the judgment rather than appeal to prejudice. In politics it maintains the fundamental principles of the Union Party-seeking the Restoration of Peace and Union upon the basis of Equal Rights and universal justice, and urging always and everywhere the elevation and improvement of all classes of the community. In dealing with the South it will insist upon a just and considerate policy-demanding full and steady obedience to the Constitution and laws of the Union, ample protection for the enfranchised slaves in all their rights of life, liberty and propertythe development of the material resources of the as sold at, in Greensboro country, and the general advancement of all classes of the people in education, morality and religion, All topics, in all departments, foreign and domestic, will receive in the TIMES full and careful dis-

I have the 2d year, viz: carefully examined its Formula, and have used it n my practice in a number of cases. I am well pleased with it. I think it, beyond doubt, the best Alterative I ever used. I have tried it in several cases of Scrofula and Scrofulous affections, &c., with much satisfaction to myself and patients. I have also used it in Secondary and Tertiary Syphilis, [one a terrible case of eight years' standing,] in which it acted with surprising and satisfactory effect -- making a quick and thorough cure. I have, therefore, no hesitation in recommending it to Physicians and others, as the most reliable Alterative now known. Respectfully yours, &c..

I hereby certify that last September I was attacked with White Swelling of the left kneeand also with an enlargement of the glands of the neck-[one tumor reached a large size.] The swelling of the knee was enormous, and was attended with the most excruciating pains. I was so reduced that I was confined to my room over three months. My leg was so completely drawn all companies, and see which has the Chenjest up that I could not bend it all. I tried various rates: remedies, and they failed to give me any relief. I was in this condition when I commenced taking Dr. Lawrence's Rosadalis. By the time I took the second bottle, the swelling of the neck entirely disappeared, and that of the knee nearly so. After taking three bottles I found myself completely well-able to walk as well as ever, &c. LATIMER WILLIAMS.
