My Dear Sir—For the last ten years, until recently, I suffered with an inveterate eruption of the skin—called by Physicians "Salt Rheum," with which I suffered terribly; the pain and itch- ing was almost intolerable. I tried several of the best Physicians in Europe and this country—have visited several celebrated springs—spent thousands of dollars, and failed to get any better. In De- cember, 1866, being in Charleston, S. C., I was told by a gentleman at the hotel that he had been cured of a bad tetter by a medicine called "Rosa- dalis." I resolved to try it, without any hope though of its doing me any good. I procured a bottle of Messrs. King & Cassidey, and com- menced taking it. Finding, to my surprise, that I was improving, I bought four other bottles; but before commencing on the last two, I found I was completely well—the disease having entirely dis- appeared.
