MITCHELL'S PRIMARY GEOGRAPHY, THIRD REVISED EDITION.

ILLUSTRTED BY MORE THAN ONE HUNDRED BEAUTIFUL ENGRAVINGS,

# FOURTEEN COLOURED MAPS.

THE PRESENT EDITION OF THIS POPULAR work is printed from new plates, the fourth stereotyped for the book since its first appearance twelve years ago, within which period more than a million copies have been circulated.

Encouraged by the extensive patronage bestowed on this work, the publishers have taken advantage of the present revision, much to improve it in every respect. Such alterations in the text as recent geographical discoveries and changes rendered necessary, have been made. The maps have been greatly improved and several new and beautiful cuts, designed by Billings, and executed in the finest style of the engraver's art, have been added.

### MITCHELL'S INTERMEDIATE GEOGRAPHY, REVISED EDITION.

In quarto form, containing maps and reading matter in the same book,

ILLUSTRATED BY MORE THAN FORTY COLORED MAPS.

# ONE HUNDRED AND FIFTY ENGRAVINLS.

This work occupies a medium space between the author's Primary Geography, and the well known Schoel Geography and Atlas, of which last book it contains about two-thirds of the amount of matter. For convenience of use, and eliable maps and matter,

this book has no superior. MITCHELL'S SCHOOL GEOGRAFHY AND ATLAS, FOURTH REVISED EDITION.

THE present revision has been altogether more thorough and complete than any heretofore attempted. The book has been entirely re-written, and fully brought up to the present time. Advantage has been taken of many suggestions kindly offered by distinguished practical teachers, to improve the work in its general plan and arrangement ; and it is believed that it will hear the closest criticism, both with reference to its geographical accuracy, and its adaptation for use as a school manual.

The Atlas accompanying the new addition contains thirtytwo beautiful Mapshandsomely colored, and finely executed in the best style of the engraver's art, fully representing all the recent geographical discoveries. With the United States' Maps especially, great pains have been taken to exhibit correctly the numerous railroads of the country, new county lines, and the true position of many new and important towns, not generally represented in School Atlases.

New and excellent Maps of Wisconsin, Michigan, and Texas, have been introduced. Others, showing the various routes to the Pacific, by the 1sthmuses of Panama, Tehuantepec, and Nicaragua, are now added, together with a new map of the Sandwich Islands.

The information obtained with reference to the new States and Territories west of the Mississippi, the discoveries of Lt. De Haven, in his search for Sir John Franklin, and those of late travelers in Central and Southern Africa, as also in Australia. have been incorporated in the work. In short, it is believed that no discovery or change of any importance for the last ten years is left unnoticed in this edition. The Atlas also contains nice quarto pages of statistical matter, arranged in tables, and obtained from the most authentic sources. These tables exhibit the height of the principal mountains and volcanoes, the length of rivers, the area of the principal islands and lakes, the extent and population of the different countries, and the population of the principal cities upon the globe; all compiled from the latest and most reliable authorities. \* In the department of United States' statistics, the tables are very complete, and exhibit fully the civil, industrial and political condition of the country, as shown by the census f 1850. In addition to these tables, is one showing the railreads and canals of the United States, and one presenting at a glance the important events in the history of each State, and what will be invaluable to every teacher, a full table of the Educational Statistics of the Union.

# PECTORAL, For the rapid Cure of COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

MANY YEARS OF TRIAL, INSTEAD OF IM-pairing the public confidence in this medicine, has won for it an appreciation and notoriety by far exceeding the most sanguine expectations of its friends. Nothing but its intrinsic virtues and the unmistakable benefit conferred on thousands of sufferers, could originate and maintain the reputation it enjoys. While many interior remedies thrust upon the community, have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous will be disposed of at prices and upon terms to please my and too remarkable to be forgotten.

While it is a fraud on the public to pretend that any one medicine will infallibly cure-still there is abundant proof that the CHERRY PECTORAL does not only as a general thing, but almost invariably cure the maladies for which it is em-

As time makes these facts wider and better known, this medicine has gradually become the best reliance of the afflicted, from the log-cabin of the American Peasant, to the pala-ces of European Kings. Throughout this entire country, in every State, city, and indeed almost every handet it contains. CHERRY PECTORAL is known as the best remedy extant for diseases of the Throat and Lungs, and in many foreign countries, it is becoming to be extensively used by their most intelligent Physicians. In Great Britain, France and Germany, where the medical sciences have reached their highest perfection, CHERRY PECTORAL is introduced, and in constant use in the Armes, Hospitals, Alms Houses, Public Institutions, and in domestic practice, as the sur-st remedy their attending Physicians can employ for the most dangerous affections of the lungs Also in milder cases, and for children it is safe, pleasant and effectual to cure. In fact, some of the most flattering testimonials we receive have been from parents who have found it efficacious in cases particula ly incidental

The CHERRY PECTORAL is manufactured by a practical Chemist, and every ounce of it under his own eye, with invariable accuracy and care. It is sealed and protected by law from counterfeits consequently can be relied on as genuine, without adulteration.

We have endeavored here to furnish the community with a medicine of such intrinsic superiority and worth as should commend itself to their confidence-a remedy at once safe. speedy and effectual, which this has by repeated and countess trials proved itself to be ; and trust by great care in preparing it with chemical accuracy, of uniform strength, to af-

ford Physicians a new agent on which they can rely for the best results, a: d the afflicted with a remedy that will do for

It is thought it may prove use essentially from those on the same countries, by other writers. The habits, manners, customs, and condition of the people have been carefully noted, and his views of them are given in clear, bold language. His remarks take a wide range, and as he visited every county in England but three, there will be much in the work of a novel and instructive character.

# CAN BE EFFECTUALLY CURED BY DR. HOOFLAND'S

CELEBRATED GERMAN BITTERS

PREPARED BY

# Dr. C. M. JACKSON,

### No. 120, Arch Street, Philadelphia.

Their power over the above diseases is not excelled, in equalled, by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are, withal, safe, certain and pleasant.

### READ AND BE CONVINCED.

The "Philadelphia Saturday Gazette," says of Dr. Hoor-LAND'S GERMAN BITTERS :

" It is seldom that we recor mend what are termed Patent Medicines, to the confidence and patronage of our readers; and therefore when we recommend Dr. Hoofland's German Bitters we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after they have done their guilty race of mischief, but of a medicine long established. universarly prized, and which has met the hearty approval of the faculty itself."

" Scott's Weekly," said, Aug. 25-

" DR. HOOFLAND'S GERMAN BITTERS, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty as an article of much ef ficacy in cases of female weakness. Persons of debilitated constitutions will find these Bitters advantageous to their health, as we know from experience the salutary effect they have upon weak systems.

### MORE EVIDENCE.

J. G. Moore, Esq., of the Daily News, said, October, 31st ; " DR HOOFLAND'S GERMAN BITTERS -We are trying this renowned medicine for a s ubborn disease of the bowels, and can with truth testify to its efficacy. We have taken the contents of two bottles, and we have derived more benefit from the experiment than we derived previously from years of allopathic treatment at the hands of our first physicians. Hon. C. D. Hinehne, Mayor of the City of Camden, N. J.

says : "Hoo-LAND'S GERMAN BITTERS - We have seen many flattering not ces of this medicine, and the source from which they came induced us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say we found it specific in its action upon diseases of the liver and digestive organ, and the powerful influence it exerts upon nervous prostration, is really surprising. It ca ms and strengthens the nerves, bringing them into a state of repose, making sleep refreshing.

If this medicine was more generally used, we are satisfied there would be less sickness, as from the stomach, liver and nervous system, the great majority of real and imaginary diseases emanate Have them in a healthy condition and you the market. can bid defiance to epidemics generally. This extraordinary medicine we would advise our friends who are at all indisposed, to give a trial-it will recommend itself. It should, in fact be in every family. No other medicine can produce such evidences of merit.
