The reading public, especially of the West and South, have become familiar with the writings of the author of this very pleasant volume. His characteristics are great clearness and simplicity of style, close observation of nature and character, and a certain dry humor of descrip-tion, which is especially captivating. His sketch of "Tom Owen, the Bee Hunter," is an excellent illustration of his felicity in this regard; and his picture of "Wild Turkey Shooting," is another "case in point." The fact is the writer is an artist, and that in writing, as in painting, a

picture is always before him. For sale by H. D. TURNER. North Carolina Book Store. n29-tf.

METROPOLITAN FEMALE SEMINARY.

The subscriber proposes to open, on the second Monday in January next, in the City of Raleigh, a High School for young ladies, under the above title. For this purpose, he has purchased the property formed owned, and employed for school purposes, by the late Rev. J. J. Finch. It is situated on Halifex street, a few hundred yards north of the Capital, in a pleasant and desirable part of the city; sufficiently near, to enjoy all the advantages of the city, and sufficiently retired to be free

from most of its annoyance.

He has purchased also an unimpreved lot, in the same vicinity,---one of the most eligible and beautiful sites in the city, upon which he intends, as soon as encumstances will admit, to erect large and commodious buildings with special reference to school purposes. Many circumstances conspire to render Raleigh a most distrable and anti-ceuralgic remedy. Desides being normals location for a female school.
