THE WILLIAM OF HE NORTH CAROLINA.

The undersigned are preparing, and will publish us soon as the necessary Surveys, &c., can be obtained, New, Large and Complete Map of Nonth Carolina, five feet by three, well engraved and finished in the best style It is admitted on all sides, that such a work is a great desideratum in our State, and it is in consequence of the frequent enquiries on this subject, that the undersigned have embarked in the enterprise.

The only attempted work of this kind is that of McRea published in 1853; and since then the Counties, Towns, Roads and Post-offices have increased in number, and all our works of Internal Improvements, with small excep-

tions, been set on foot. It is intended that the New Map, now proposed to be published, shall contain, accurately laid down, all the Natural Features of the State-the Inlets, Harbors, Sounds, Lakes, Rivers, Creeks, Mountains, &c.

Also, the public improvements and artificial divisions. The Railroads, Plank roads, Counties, County towns, Post-offices, Cities, Villages, Post-roads and Canals, Colleges, Academies, &c., &c.

The Map will be ready by the summer of 1855. WILLIAM D. COOKE, SAMUEL PEARCE.

CLEASON'S PICTORIAL, For M. M. Ballou, who has edited the "Pictorial" from ommencement, having bought out the late proprietor, Mr. F. G.E.ASON, will conduct this popular and widely circulated paper on his own account. The new volume will be radically improved in every respect, and will be pub-I shed on finer paper than ever before, which quality will be continued henceforth without change. Many new and popular features w II at once be introduced, and the literary department will present an array of talent and interest beyond anything it has before attempted. The ilhistrations will be finer, and by better artists than have b fore been engaged upon the paper, and altogether the problecation will be vastly improved and beautified. Arrangements have been made for representing during the year views of the most notable buildings and localities thr aighout the United States, as well as giving likenesses of the most prominent characters, male and female, of artists and men of genius, such as have by their own industry and sk ll made for themselves a fortune and notable European scenes and occurrences will be given from week to week, form ug a br lliant illustrated journal.
