ADVERTISEMENTS.

A NEW MAP

NORTH CAROLINA.

The undersigned are preparing, and will publish as seen as the necessary Surveys, &c., can be obtained, New, Large and Complete MAP of NORTH CAROLINA, five feet by three, well engraved and finished in the best style It is admitted on all sides, that such a work is a great desideratum in our State, and it is in consequence of the frequent enquiries on this subject, that the undersigned have embarked in the enterprise.

The only attempted work of this kind is that of McRea published in 1833; and since then the Counties, Towns, Roads and Post-offices have increased in number, and all our works of Internal Improvements, with small exceptions, been set on foot.

It is intended that the New Map, now proposed to be published, shall contain, accurately laid down, all the Natural Features of the State-the Inlets, Harbors, Sounds, Lakes, Rivers, Creeks, Mountains, &c. Also, the public improvements and artificial divisions. The Railroads, Plank roads, Counties, County towns,

Post-offices, Cities, Villages, Post-roads and Canals, Colleges, Academies, &c., &c. The Map will be ready by the summer of 1855.

Many new and popular features will at once be introduced, and the literary department will present an array of talent and in-terest beyond anything it has before attempted. The il-lustrations will be finer, and by better arrasts than have before been engaged upon the paper, and altegether the publication will be vastly improved and beautified. Arrangements have been made for representing during he year views of the most notable buildings and localities toroughout the United States, as well as giving likenesses of the most prominent characters, male and female, of artists and men of genius, such as have by their own in-dustry and skill made for themselves a fortune and nota-ble European scenes and occurrences will be given from week to week, forming a brilliant illustrated journal.
