RICHMOND, Oct. 13. Dear Express: - A most appailing affair has just transpired in our city, which in bloody atrocity. and Free together in separate bonds of Independent exceeds any event that has occurred for several years. A valuable negro man belonging to Mr. James H. Grant has been murdered by a white man, who, to avoid arrest and subsequent punishment, deliberately committed suicide!

The first intimation the police got of the affair was through a negro man named Bayliss, belonging to Mr. Jesse Williams. This negro had been missing since Tuesday night, and his owner supposed he had run away. Such, indeed, was his earliest convenience, indicate to you that "the intention, but his determination was changed by his brief experience, and he returned to his master last night, and made a statement which was almost too horrible for belief. Information was given to the officers, and they went to a house between 22d To Samuel G. Howe, Phys. and Superintendent and 28d streets, on Main, and found everything just as the negro described. They entered the cellar, and Bayliss pointed out a shovel, on which there were stains of blood. With this, they dig a few inches into the earth, and found the body of Carter, a mulatto, belonging to Mr. James H. Grant, who had also been missing since Tuesday night .-The body was gashed and cut up in the most horrible manner, and the throat cut.

Having learned from Bayliss that the murder was committed by a white man who had concealed them in the house, the officers set a guard about the premises, and at a late hour, a man was seen to enter. He perceived that the place had been invaded, and at once secreted himself. At length, however, the officers discovered him in a coal house in the neighboring lot. The door was forced in. tance from the town, and recognized, and on and the man snapped a revolver at them, which carried it to town it was ascertained that Dr. fortunately missed fire. On Monday last, Carter went to Bayliss and told him if he wanted to be free, he knew a man who would get him off without trouble. Bayliss said he had no notion of going off, but afterwards changed his mind, and consented to have an interview with the man. They accordingly met, and arranged a plan to escape. On Tuesday night, Carter and Bayliss joined the man near the corner of Bank and Twelfth streets, and they all went down to the "W. D. Cooke, Esq., the indefatigable su- house before spoken of. On Thursday evening Carter complained of sickness and desired some medicine. He immediately went to his master, and with great agitation of manner, related the circumstances detailed above. It is probable that it he had not escaped, he would have shared the same fate of Carter; for the design of the murderer is believed to have been to secure the money of both and then get rid of them. EW INVENTION, different from all others yet offered to the public, patented May 27th, 1851. ealthy and amusing exercise of Swinging has been heretofore almost entirely excluded from indoor or house use, because of the beavy framework, and clumsy and dangerous boxes or ears, that are attached to the ordinary swings, and if put up in a room must be made fast to he floor, or be fixed permanently in some other way; and if changed from one place to another, the maker, or some one who understands how to take it to pieces.
