"Costar's" Bed-Bug Exterminator,
Is a liquid or wash, used to destroy, and also as a preventative for Bed-Bugs, *&c.*

"Costar's" Electric Powder for Insects,
Is for *Moths, Mosquitoes Fleas, Bed-Bugs, Insects, on Plants, Fowls, Animals, &c.*

1865.

INCREASE OF RATS.—The *Farmer's Gazette* (English) asserts and proves by figures that one pair of rats will have a progeny and descendants no less than 651,050 in three years. Now, unless this immense family can be kept down, they would consume more food than would sustain 45,000 human beings.
☞ See "Costar's" advertisement in this paper.

1865.

RATS *versus* BIRDS.—Whoever engages in shooting small birds is a cruel man; whoever aids in exterminating *rats* is a benefactor. We should like some of our correspondents to give us the benefit of their experience in driving out these pests. We need something besides dogs, cats, and traps for this business.—*Scientific American, N. Y.*
☞ See "Costar's" advertisement in this paper.

1865.

"COSTAR'S" RAT EXTERMINATOR is simple, safe, and sure—the most perfect Rat-ification meeting we have ever attended. Every Rat that can get it, properly prepared according to directions, will eat it, and every one that eats it will die, generally at some place as distant as possible from where the medicine was taken.—*Lake Shore, Mich. Mirror.*
☞ See "Costar's" advertisement in this paper.

1865.

HOUSEKEEPERS troubled with vermin need be so no longer, if they use "Costar's" Exterminator. We have used it to our satisfaction; and if a box cost $5, we would have it. We have tried poisons, but they effect nothing; but "Costar's" article knocks the breath out of Rats, Mice, Roaches, Ants, and Bed-Bugs, quicker than we can write it. It is in great demand all over the country.—*Medina Ohio Gazette.*
☞ See "Costar's" advertisement in this paper.

1865.

A VOICE FROM THE FAR WEST.—Speaking of "Costar's" Rat, Roach, Ant, &c., Exterminator—"more grain and provisions are destroyed annually in Grant County by vermin than would pay for tons of this Rat and Insect Killer."—*Lancaster, Wis. Herald.*
☞ See "Costar's" advertisement in this paper.

1865.

FARMERS AND HOUSEKEEPERS—should recollect that hundreds of dollars' worth of grain, provisions, &c, are annually destroyed by Rats, Mice, Ants, and other insects and vermin—all of which can be prevented by a few dollars' worth of "Costar's" Rat, Roach, Ant, &c., Exterminator, bought and used freely.

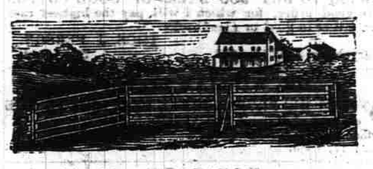
IMPORTANT TO FARMERS!
FORTUNES FOR A FEW YOUNG MEN!
No Money Required!!!



The Patent Portable Fences,

LATELY RE-PATENTED WITH GREAT IMPROVEments, far surpasses any Farm Fence for utility, cheapness, convenience and durability, ever offered to the public as it has the cost of posts and labor of setting them being made of the common rails and wooden pins where plank and nails are inconvenient; and the only tools required is a hand-saw and hammer, and so simple as to avoid the necessity of a carpenter or any instruction after once seeing it.

Being portable, it is readily taken down and put up as at first, without the slightest injury, the use of any tool, or having to draw or drive a single nail, whereby two-thirds the quantity of fencing can at least be dispensed with when used instead of the post and plank, or common rail fence. Equally as durable, and twice as cheap as the former, fully as cheap and substantial as the latter, with all the above advantages.

It is not only becoming universally used for Yards, Gardens and Farms, but Railroad Companies have, and are fencing their roads with it, And knowing the scarcity of money, and the great need of fences, a rare chance is offered a few young men in the purchase of town and County Rights, for which any kind of produce, grain, cotton, tobacco, tar, rosin, turpentine, abie gies, or other marketable articles will be taken, or notes and mortgages on land, payable in one and two years.

Circular containing a large illustration, full description and cost of fencing per rod, with lumber at various prices, including labor; schedules of prices for Farms, Towns and County Rights, enclose stamp with full address, immediately, or visit me at Asbury Turn Out, on the N. C. Railroad. Address

PESCUD'S DRUG STORE.
Established January, 1844.

THROUGH THE KINDNESS OF FRIENDS I HAVE been enabled to resume business, and have just returned from the Northern Cities, and am now receiving a well selected and most desirable stock of all the articles usually found in a Drug Store, to which I ask the attention of old and new friends.

Having to buy exclusively for CASH, and relying alone upon the proceeds of sales to keep my stock renewed, I shall expect the Cash, and hone no one will ask for credit, as I am not able to give it. ☞ *In special cases* satisfactory arrangements will be made

A NEW ENTERPRIZE.

I have also accepted an Agency from one of the largest Importing and Jobbing Houses in the Union, and am prepared to issue to dealers, at the lowest Northern prices, of all that they need in the Drug business, and will forward their orders, receive and forward their invoices for a small commission. CASH must invariably accompany the order.

Thus all Druggists, Physicians, and Dealers in Drugs, or anything in the Drug line, need not go North, but can save time, trouble, and a handsome per centage, by sending me a list of their wants, which I will price so that they may know what amount to remit.

☞ Bill under $200 I can furnish as heretofore, at the usual profit, at my Drug Store. I hope to receive and merit a liberal patronage.

NEW SKIRT FOR 1865.
The Great Invention of the Age in
HOOP SKIRTS.
J. W. BRADLEY'S New Patent DUPLEX ELLIPTIC, (or double) SPRING SKIRT.

WESTS' BRADLEY & CARY, (late J. I. & J. O. West,) proprietors of the Invention, and sole Manufacturers, 97 Chambers and 79 and 81 Reade Streets, New York.

This invention consists of Duplex (or two) Elliptic Pure Refined Steel Springs, ingeniously braided tightly and firmly together, edge to edge, making the toughest, most flexible, elastic and durable Spring ever used. They seldom bend or break, like the Single Springs, and consequently preserve their perfect and beautiful shape more than twice as long as any Single Spring Skirt that ever has or can be made.

The wonderful flexibility and great comfort and pleasure to any Lady wearing the Duplex Elliptic Skirt will be experienced pasticularly in all crowded Assemblies, Operas, Carriages, Railroad Cars, Church Pews, Arm Chairs, for Promenade and House Dress, as the Skirt can be folded when in use to occupy a small place as easily and conveniently as a Silk or Muslin Dress.

A lady having enjoyed the pleasure, comfort and great convenience of wearing the Duplex Elliptic Steel Spring Skirt for a single day will never afterwards willingly dispense with their use. For Children, Misses and Young Ladies they are superior to all others.

The Hoops are covered with 2 ply doubled twisted thread and will wear twice as long as the Single yarn covering which is used on all Single Steel Hoop Skirts. The three bottom rods on every Skirt are also Double Steel, and twice or double covered to prevent the covering from wearing off the rods when dragging down stairs, stone steps, &c, &c., which they are constantly subject to when in use.

All are made of the new and elegant Corded Tapes, and are the best quality in every part, giving to the wearer the most graceful and perfect shape possible, and are unquestionably the lightest, most desirable, comfortable and economical Skirt ever made.

For sale in all first-class Stores in this City, and throughout the United States and Canadas, Havana de Cuba, Mexico, South America, and the West Indies.
☞ Inquire for the DUPLEX ELLIPTIC (or double) SPRING SKIRT. 67—tf. eod.
