OFFICE PROVOST MARSHAL, July 24th, 1865 .- The authorities have closed down another liquor saloon, confiscating the effects of the vendor of the "ardent."

A large number of the complaints brought into this office are from counties thirty, fifty or a hundred miles of Of course, it is impossible for the Provest Marshal to hear but one side, and it would be manifestly unjust for him to decide after so doing; therefore, a great many freedmen go away disappointed, because the Provost Marshal (it is astonishing how many different ways that word can be pronounced) didn't give them a paper to get their " critter," " wife," " children or things," as "the case may be.

REV. T. B. KINGSBURY was ordained a Minister of the Baptist Church, Sunday evening last. The Prosbytery consisted of Rev. T E. Skinner, T H. Pritchard, N. B. Cobb, and Rev. Mr. Howell. The ordination sermon was preached by Rev. T. H. Pritchard ; the charge by Rev. T. E. Skinner; the Bible presentation by Rev. Mr. Howell. and the prayer by Rev. N. B. Cobb. We understand that he is to take charge of the Baptist Church at Warrenton.

We are glad to see from Northern prints that our enterprising fellow-citizens, J. M. Heck and K. P. Battle, have arrived safely in New York City. We judge from the tone of the press that public attention has been turned towards immigration to this State. We are glad of it. We need the bone and sinew of the North amongst us. Let them come, and buy and cultivate our lands, and aid in placing the old North State upon a firm and prosperous footing.

The Record has for the present discontinued the Daily issue, and will issue until further notice a Semi-Werkly sheet. This is owing to the protracted illness of the senior Editor, Mr. Huffham.

EDWARD PATRICK, senator from Lenoir and Greene, was in this City yesterday evening. He reports all very quiet below.

Smith & Co.

The advertisement of this enterprising firm, in to-day's paper, presents many attractions to the purchaser. They have a full stock of fine articles.

See Col. Boyd's advertisement in the fourth column. third page.

Henshaw & Thorburn's Ladies Ice Cream Saloon,

On Hillsboro' Street, (at the old stand of A. Drake,) is the place for Ladies to go and enjoy their Cream. We have visited the Saloon and find it fitted up in the most approved style. We were much pleased with the accomations and find the Cream of the first quality. The Saloon is in a pleasant portion of the city, free from all disturbances, and we are sure Mr. Henshaw (of the firm) will do his utmost to please the taste of his customers .--Give him a call.

The Atlantic Cable.

A private letter from Mr. Cyrus W. Field states that the Great Eastern would probably leave the Nore on the 11th and Valentia on the 15th of July. All representatives of the press of America, England and France, are to be excluded from the Great Eastern during the laying of the cable, the Telegraph Construction Company having charge of the undertaking believing this course necessary, as some of the members of the press might enter into conversation with the engineers, and thus distract their attention from their highly important duties-A journal of the trip and its results will, however, be furnished the press immediately upon the arrival of the Great Eastern at Heart's Content, and the connection being made with the shore at that terminus of the line.

As the cable across the Gulf at St. Lawrence, be tween Cape Breton, N. S., and Newfoundland, is now seriously deranged for the first time in seven or eight years, it is probable the messages from and to the sable will have to be sent across the Gult by steamer, which will delay the press reports from four to six hours.

Should there be enough of the Atlantic cable left to stretch across the Gulf, (eighty miles,) which is confidently expected, it will, we understand, be immediately laid, and thus in a few days not only restore the continuity of the New York and Newfoundland line, but place the two continents in uninterrupted telegraphic communication.

The post-office at Danville, Va., was opened on the 19th, and mail communication will hereafter be regularly had between Washington and that point. Trains run regularly on the road between Richmond and Danville. There is no trouble from guerrillas or other sources.

It is officially announced that the port of Tuxpan, Mexico, is opon to foreign trade. The Mexican commercial sgent in New York is empowered to certify all the invoices and manifests that may be presented for the exportation of merchandize thither.

The Salvador pirates have been sentenced at San Francisco to be hanged, and the sentence commuted by Gen. McDowell to imprisonment for life in the case of Hogg and the leaders, and to 10 years imprisonment for the rest of the gang.

The Railroad between Washington and Richmond is now fully opened. The bridge over the River Rappahanhock was finished on Monday. Two trains will be run daily between the two cities, be ginning on Monday next.

The piers of the Suspension Bridge across the Ohio river, at Cincinnatti, are nearly completed, and the wires will be suspended in a short time. The span of the bridge is 1,057 feet, the longest in the country.

PUBLIC MEETING IN GRANVILLE COUNTY

131c. to 15c.

Pursuant to notice, the people of Granville met at Oxford on Saturday, the 15th instant, for the purpose of selecting candidates to represent this County in a State Convention, whenever the same shall be convened, by the proclamation of His Excellency, W. W. Holden, Provisional Governor of North-Carolina.

On motion of John F. Harris, Esq., the meeting was organized by calling Lunsford A. Paschall to the chair, and appointing Isaiah R. Faller, Secretary.

On motion of Col. Edward Dalley, a committee consisting of three from each Captain's District in the County, which committee was selected by the delegates from each district then present in the convention, was appointed to select three persons as suitable candidates to represent the County in the said State Convention. The committee having retired for a short time, returned, and through their chairman, T. L. Williams, Esq, recommend the names of Hon. R. B. Gilliam, Dr. Eugene Grissom, and James S. Amis, as suitable persons to represent the County in a Convention of the delegates of the people of the State.

Whereupon, on motion of Elijah Winston, Esq. the report of the committee was adopted by the convention.

The chairman then appointed Rufus Bobbett and Col. L. C. Edwards, Esquires, to inform Messrs. Grissom and Gilliam, who were understood to be present, of their nomination. In a few minutes the committee returned and reported these gentlemen were present and would address the meeting; this, each one of them did very briefly, acknowledging the honor bestowed upon them, and accepting the nomination.

On motion of Col. L. C. Edwards, the Secretary was requested to inform Mr. Amis of his nomination,

R. W. Lassiter, Esqr., then introduced the following resolutions, the adoption of which he urged upon the meating in a speech of marked ability, eloquence.and zeal. in commenting upon the resolution which commends the course hitherto pursued by Gov. Helden, and recommending him to the people for sivil Governor, his speech was characterized by the broad and liberal views of an intelligent statesman.

On motion of Col. R. P. Taylor the resolutions were unanimously adopted.

Resolved, That after having appealed to arms, and invoked the aid of the Almighty, in a contest the most bloody and cruel, brought about by the wicked dectrine of secession, wherein the decision of battle has been against us, it is our duty to accept our position quietly.

Resolved, That we rejoice at the cessation of hostilities and the return of pence; and that now, as heretofore, and for the future, it is our deliberate purpose to shide by the Constitution of our country, claiming its protection, and enjoying our rights and privileges under it.

Resolved, That in Andrew Johnson, the President of the United States, (a native son of North Carolina,) werbelieve we have a friend, both faithful and true, and upon his wisdom, integrity and patriotism,

ment. The dissolution immediately-followed the prorogation on the 6th, and writs for the new election were forthwith issued. The election in London was fixed for the 10th, and in the provinces on the next and following day.

The British Elections.

England was for the moment without a Parlia-

Lord Palmerston had issued an address, again soliciting the votes of his constituents at Tiverton. He lays his claims upon the events of the past, making no promises for the future, and is altogether silent on the question of reform.

Mr. Disraeli has also issued an address to his constituents. He says the character of English institutions perhaps forever will mainly depend on the new Parliament, and he prays that the country will unmistakably decide on securing its happy constitution in Church and State.

Dispatches from Nashville, Tenn., Wednesday, July 19, state that President Johnson has expressed a determination that the laws passed by the Tennessee Legislature shall be obeyed, and that all illegal voters shall be kept from the polls.

Gov. Johnson, of Georgia, addressed a large au dience at Atlanta on Monday. He spoke at Macon on the 19th. From thence he will go to Milledgeville and enter upon the discharge of his official duties.-The Rebel Gen. Cheatham arrived in Nashville yesterday.

Foreign News,

The Africa brings two days later news, and Liverpool dates to July 1.

It was reported, but is contradicted, that the pirate Rappahannock had been seized at Southampton. The vessel is in dock at Liverpool.

Earl Russell, in correspondence with the French Government, gives his opinion that the Confederate vessels may be claimed wherever found by the United States Government, unless lawfully transferred to other powers before the cessation of hostilities. But the same Earl Russell writes to the British Minister at Washington, that these vessels cannot, during the war, be relieved from the risk of capture by sale to a neutral.

The cable fleet is gathering near Valentia, a steam tug having sailed for that place with the shore end of the cable, and three more being expected shortly to arrive. The Great Eastern would leave the Nore on the 15th and Valencia probably on the 19th. Parliament has been dissolved, and writs for the

new elections are issued forthwith. Palmerston and Disraeli have published addresses. Lord Cran worth is the successor of Lord Westbury.

The Austrian army in Italy and Dalmatia is to be reduced to a peace footing.

The cholera is officially announced in Alexandria, Egypt, and the deaths has been as many as 250 in a day. Thirty thousand people fied from the city. Later dates report fewer deaths.

At the Cape of Good Hope there was a fearful harricane on the 17th May, in which the English mail steamer was lost totally, 17 other vessels wrecked, and 70 lives lost.
