ARGEST CIRCULATION IN THE CITY, LARGEST CIR-CULATION IN THE STATE.

RALEIGH: Saturday, November 18, 1865.

Perhaps our readers may have seen the long article in the Sentinel the other day-the 15th, we believe. The whole might have been said in fewer words and better English; but, as we take it, the following reason assigned by the Sentinel for the opposition of Mr. Worth to Governor Holden is the very gist of the whole article and of the difficulty, now pending and unsettled, in the State. Mark it well. The Sentinel says:

"The reason why opposition was run to Gov. Holden was simply this: Those who are responsible for bringing out Mr. Worth, honestly believed that if Gov. Holden was run slone upon his own merits before the people, the vote in the State would be so meagre, so very inconsiderable, it would seriously damage the reputation of tue State as to its Union proclivities."

This is the reason (?) why Mr. Worth was run. His circular does not state any such thing to be his reason for running. Nor do the facts prove it to be the reason, why others brought him out.

Jo. Turner stated in Chatham that he alone was responsible for running Mr. Worth. Jo. Turner's personal hatred to Gov. Holden is a sufficient index to his reasons for having solicited Mr. Worth to run. He merely wished to beat Gov. Holden, and for that reason would have sacrificed everything. But let us return to the reason (?) of the Sentinel. "If Gov. Holden was run alone upon his own merits before the people, the vote in the State would be so meagre, so very inconsiderable, it would seriously damage the reputation of the State as to its Union proclivities." This would lead a person to believe the object of the Sentinel was merely to bring out the vote-not to elect Mr. Worth. Mr. Worth's election was a secondary thing, he was merely to be used as an instrument to bring out the vote.

But let us see why Mr. Worth was better adapted to bring out the vote, according to the Sentinel, than Gov. Holden was. Mr. Worth had been a Union man; he had gone into the war against his will. But when the war ended, he was in favor of assuming the war debt, he was in favor of the re-establishment of Gov. Vance's administration, and he was, therefore, peculiarly acceptable to those who favored both these measures, and who never having signalized their Union proclivities were anxious to do so by defeating Gov. Holden, who was opposed to both of these measures, and electing Mr. Worth, their peculiar champion. Therefore, it seemed that Mr. Worth could bring out a vote which Mr. Holden perhaps could not. But was the reputation of the State so apt to be damaged by polling a unanimous vote for Gov. Holden, as it was by bringing out a large vote at the expense of stirring up discord, denouncing the Provisional Governor, running unpardoned persons for Congress, reviving old issues, which were buried with the Confederacy, centreing all the interest of the campaign in the Governor's election, and none in the adoption of the ordinance concerning slavery and secession ? If Gov. Holden had gone through peaceably, and these ordinances been adopted unanimously, would there have been one question as to the loyalty and submission of the people ? We ask all fair-minded men if this is not so. It would have been an endorsation of Gov. Holden's policy and the President's policy, which was nothing more than the Convention had already done .--If the Convention did it, how much more important for the people to endorse the action of the Convention. If it was deemed essential to endorse President Johnson and Gov. Holden in the Convention, was it not more so that the people should do this ? Therefore, if we take the Sentinel upon its own ground that it was actuated in bringing out Mr. Worth because of an uncontrollable desire to bring out the vote also, would it not have been a better way to have united upon Gov. Holden all the opposition presses, appealed to the people to turn out and vote for him and the ordinances, and hushed up discord and strife in the State ? Suppose he could not have gotten the whole of the vote, he would at least have gotten a larger vote than either he or Mr. Worth has now received. The whole arrangement would have been harmonious, and no body would have been more pleased than President Johnson and the Northern people. It is true that Mr. Holden has been hostile to the secessionists in past times. It is true that he has fought them bitterly. It is true that he was in favor of not assuming the war debt. It is true that he did reorganize the State thoroughly, turning out officers here and putting in others there .--It is true that he was in favor of abolishing slavery. And it is true that in all these things, he acted directly under the eye and sanction of the President. Perhaps Gov. Holden could not have brought out all those voters, who were opposed to him in these matters. Perhaps they could not forgive him for having discharged his duty. But at any rate, the man who did bring them out or could bring them out, brought them out for reasons other than a desire to signalize their Union proclivities. Fellow-citizens, we have charged upon these men that they stirred up strife deliberately. They issued a campaign sheet, in which they denounced the Provisional Governor as not having " administered the State government, in the spirit which has actuated President Johnson," as having "falsified his pledges to the people." They denounced him in one place as a secessionist, in another place as a tory and traiter under the Oonfederacy, and in another as being opposed to the payment of the war debt, and in another for not pardoning certain per-sons and appointing others to office. All these tricks, were resorted to, according to the Sentinel, not for the purpose of electing Mr. Worth but for the purpose of bringing out the vote, in order to establish our "Union" proclivities. The Union is based on harmo. (To relieve Olerical distress, especially in the South-Under the advice of Bishops Talbot, Atkinson and Lay.

trouble—one is harmony, the other factious oppo-sition. They could not conquer these proclivities till they were bruised by the hand of power. Now that hand is removed, the old proclivities revive. They nurse them and call them "Union proclivities.". But they are proclivities to disunite, tear to pieces, stir up strife-proclivities towards the old Confederacy, towards Davis and treason .---They could not overcome them enough to forgive Gov. Holden for his Unionism, and his execution of President Johnson's policy, and they cannot overcome them enough ever to vote for or sustain the President cordially. Their leader, Jo. Turner, says . he cannot. Call them what you may, these proclivities are all against the Union, our future peace, welfare and harmony. In fact they are the same proclivities that incited Davis, Wigfall, Yancey and Rhett to break up the government, and are now being turned against its full, free, harmonious restoration. It is the old leaven yet at work, these so-called Union proclivities, which tend to

strife, faction, discord, trouble and war for the sake of OFFICE.

MARRIED:

On the 14th inst., by the Rev. Mr. Duncan, at the resi dence of the bride's father, in Warren County Miss MARY S. TWITTY to Mr. JOHN W. PRIMROSE.

DIED:

In this city, on Friday morning, the 17th instant, after an illness of seventeen days duration, Mrs. JULIA A BROMELL, wife of Joseph G. Browell, and daughter of the late Robert Batkins, in the 88th year of her age, leaving a husband, four children, sister and brother, to mourn their loss. The deceased had been a member of the M. E. Church, of Raleigh, for the last seven years. She was a native of New Kent County, Va., and lived in this city since the year 1852. Truly may it be said of her, "She looked well to the ways of her own household." For the past six months she labored under great afflictions, by reason of sickness in her family. Constantly watching over the sick bed of ber children, and ceasing not her vigils by night or day, except for necessary sleep, her exhausted frame was unequal to the task of resisting the ravages of that most dreaded scourge of the human race, which closed her sufferings in death. Those little ones are now deprived of her christian watch care, and will, we trust, yet live to "rise up and call her blest." Kind and obliging almost to a fault, it may in truth be said, she was a faithful wife, a devoted mother, an affectionate sister, and a good neighbor. She exercised a lively hope in Christ, and is gone, we hope and believe, to that gracious Redeemer, whose light is now the peace and eternal joy of her soul. Separated by the vicissitudes of war from her husband for some time past, he only returned to witness her death. May this present grievous affliction cause him to so live, that when he shall be called hance he a

CONSTITUTION LIFE SYRUP PRODUCED A REVOLUTION IN MEDICINE.

at may seem almost incredible is, that many diseases bitherto considered hopelessly incurable are frequently cured in a few days or weeks; and we cheerfully invite the investigations of the liberal minded and scientific to cures which have no parallel at the present day.

During the past five years we have contended with obstacles and overcome opposition as herculean as were ever encountered by any reformers.

RAPIDITY OF CURE.

Some say, "Your cures are too quick," while others doubt their permanence, and think that diseases can only be cured by the "slow, remunerative process of Nature." This is our reply: In health, the body, like a well-bal-anced scale, is in a state of equilibrium. Bat when, from any cause, down goes one side of the scale, we have the effects of disease. What is requisite, is to restors the normal balance of the scale.

CONSTITUTION LIFE SYRUP

Is a positive and specific remedy for all diseases origina-ting from an IMPURE STATE OF THE BLOOD, and for all (hereditary) DISEASES transmitted from PARENT TO CHILD.

PARALYSIS.

It is so universally admitted that CONSTITUTION LIFE STRUP is the only effective means of restoration in the va-rious forms of Paralysis, that we need not veiterate that it is emphatically the **goat** Life-giving Power. DYSPEPSIA.

If there is any disease in which the Constitution Line SXBOP is a sovereign, it is in Rheumatism and its kindred affections. The most intense pains are almost instantly alleviated, enormous swellings are reduced. Cases, chronic or vications, of twenty or forty years standing, have been cured by us.

CONSTITUTION LIFE SYRUP

Purges the system entirely from all the evil effects of Mercury, removing the Bad Breath and curing the Weak Joints and Rheumatic Pains which the use of Caloniel is sure to produce. It hardens Spongy Gums, and secures the Teeth as firmly as ever.

CONSTITUTION LIFE SYRUP

Eradicates, root and branch, all Eruptive Diseases of the skin, like Ulcers, Pimples, Blotches and all other difficul-ties of this kind, which so much disfigures the outward appearance of males and females, often making them a disgusting object to themselves and their friends. For all forms of Ulcerative Diseases, either of the

diseased action of the Liver, are very unpleasant to the young wife and mother. A few bottles of Constitution LIFE SYRUP will correct the secretion and remove the deposit, which is directly under the skin.

Diseases of the Liver, giving rise to Languer, Dizziness, Indigestion, Weak Stomach, or an ulcerated or cancerous condition of that organ, accompanied with burning or other unpleasant symptoms, will be relieved by the use of
