in this country says. In the June number of the Insurance Times of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source. tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and appiness of humanity, we are prepared to show that these blessings flow in all their fullness and purity from this excellent, powerful, and flour-ishing company, the Ætna Life of Hartford."

"No institution has brought more prompt, ull, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wis dom, and equitable liberality with which it has infilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861 it issued only 589 policies, received an income of seventy eight thousand dollars, and possessed net assets summing up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,337 new policies, more than any other company, except the Mutual Lite; received an income exceeding six mil lion dollars, and had amassed solid, securely and profitably invested net assets amounting to over l'en Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
