Remedy for all seasons, and safe at all times. The most superficial observer is aware that one great cause of disease is Costryanase, and that by the timely taking of a Purgative, NESS, and that by the timely taking of a Purgative, the system is often restored to its usual health. By such a course, the lives of hundreds are saved, who would otherwise have fallen victims to disease.—
These Pills remove all irritating matter in the bowels, and excite the bilizy functions to a healthy so-tion. The press is teeming with the recommendations of Purgative Pills, gotton up by men who know nothing of the effects of medicine on the human system, and hence are endangering the lives of thousands, who are daily using them. In effecting, therefore, these Pills, we think we are doing a public benefit as they are the prescription of a reg. public benefit as they are the prescription of a reg-ular physician, who has used them in his practice for ten or fifteen years, and with great success.— Prepared and sold by MARTIN & WHITE-LEY, at their Wholesale Drug Store, 48 South Calvert street, Beltimore, and for sale by P. Mesars. Martin & Whiteley
Gentlemen—It is with sincere pleasure I am able
to give my evidence in favor of your valuable "Wational Tonic." Having been troubled for nearly four
years with the Agos and Fever, I tried almost
everything I heard of, but nothing seemed to give
me any permanent relief, until a few months ago, I
purchased from one of your agent (Mesars. Jos.
Shane & Co...) a bottle of your Tonic, and after giving it a fair trint, I am to my great satisfaction eretainly cured, and have no hesitation in recommending it to all persons afflicted with Ague and Fever,
as the best remedy known.

R. MARTIN'S

SYRUP OF WILD CHERRY.

The Wild Cherry and Sarsaparilla, which are the basis of this preparation, have been long known and celebrated in Consumption and Serofula, Cought, Colds, Spating of Blood, Asthum, &c. This remedy increases rather than impairs the appetite, and promotes in a remarkable degree "the functions of nutrition." This is not suprising, when we consider that its peculiary properties are to rouse the morbid action of the adverternt vessels, and the nervous and nuncular system, while at the same time it diminishes the action of the blood vessels. It is surprising what a wonderful effect this remedy will frequently produce even in the most aggravated and advanced stages of Scroulous and Chronic Pulmonary Disenses. It seems to pervade the whole structure of the Clustr, and soften those concrete tubercular masses formed in the Lunge, and bringing them down to the same state of action with the rest of the system, by which health is promoted and sustained. It a so differs from most other remedies in being remarkably pleasand, and in not having any of those heating, stupifying or disgusting properties, which are found in most other preparations of the WILD CHERRY and SARSAPARIL.

"Dr., Martin-Dear Sir For fifteen or twenty years I have been much troubled with a violent cough and difficulty of breathing. I had tried many things, but all with no benefit, till I met with your Compound Syrup of Wild Cherry, an Mensers, IA. Henkel & Son's atore. At the instance of your friend, Mr. Noah J. Henkel, I was induced to take a bottle of the Syrup, and finding so much relief I continued to use it, and now think entirely relieved.
