who are only carrying out their bellish work, and that with every possible evidence of their guilt. Now, where is the community, either ists elected to the Southern Congress from South heathen or pagan, that would not inflict stringent Carolina, and they by a very close vote. and severe punishment upon them? We would inquire what is the difference whether these Ballicians, or Abolitionists, who, upon all occa- liam and Mary, Virginia, rendered vacant by the in person, and, by the most inflammatory ad, has accepted the appointment. dresses, arguments and exhortations, do excite the passions of the mutation by maining public of the State, for the purpose of examining into not amenable to law, and punishable for nullification and high treason, and will not be punished for the same, or in some way for their murcannot find fault with the South for complaining both branches of the Legislature. against them; and if they shall be the cause of making the more unfortunate ultras of the South, secessionists, to take a positive stand on this mighty question, the blame must and will fall on the North. " A CITIZEN OF THE UNION.

Yn Epiron :- The writer, under the signature of "Subscriber," which appeared in a Long John Wentworth, editor of the Chicago call upon all interested in Internal Improve- es) for a "new man." ments, to do all they could for the benefit of our own State and people; and consequently our in. tention was the very opposite from the fears of ear friend 'Common Sense" in the Register. And it is hoped that such a dire calamity as he divulges will not come upon our people. If he had not expressed such grave fears, and made such great developments, in answer to the artiele in the Star, there would have been no need for further remark. But he breathes so quick and is so free to utter his groundless fears, he have expected on this subject. He sagely fully yielded for the good of the Whig cause. tells us. "That the writer would have saved his know, that the petition from Raleigh, pro or con. would have no effect." This is precisely what the writer in the Star felt and thought, as well as the wish and belief of nearly the whole State. But it is quite a question, whether this was the feeling and the wish of the first petioners by memorial. This we will leave to "Common Sense" to answer, for the good of the people and the

it had been understood by the last Legislature, the invention of a cold water steam engine; an that this roul would be so located, as to prevent now we see it stated that a gentleman in New a junction with the Raleigh and Gaston Road, part (Ky.) is perfecting an application of Electhe charter could not have been passed, and if thicky for propelling a box containing letters, massed, the stock could never have been taken." over wires, from place to place, on the telegraph-This is more than we could have expected from ic principle. "Common Sense;" but if we put this with his " pro and con.", we will then be able to arrive at his meaning. One thing, we think, was very certain, that if it had been known, that it would be connected with the Raleigh and Gaston Road. t at the bill could not have then passed.

But how very warm are his attachments for the Central road, and for Wilmington in particular, when he says, "That she may be able to ri val her neighbor Newbern, in the race of prosparity and popularity." Of course this rivalry is not intended to be with any of our sister States, but with Newbern, which at this time has no means of competing with any one; and "Common Sense" shows his very great interest in this matter, when he says, "In this anticiday, says the Richmond Enquirer of the 21st per share, we shall be indebted to the correst zens, fell to the ground from the breaking of a

this will not come to Mahomet, Mahomet will ping, but trees and signs were blown down in all go to the Mountain." This is strong and clear, parts of the city. No one can misunderstand it. But to make his case still more clear, he tells us that "If the just returned from California, murdered his sis-North Carolina Road cannot approach the Ra. ter to day, aged 23, because she had married indictment contains seven counts. 15 feet above the level, the Raleigh and Gaston tore out her windpipe, in a fit of delirium tregive Mr. Cons a majority of 18,660 ever his oppoleave of the Legislature, upon equal terms, and some miles total of Raleigh) when this correspondent may find that when he and others periled the interest of the City to secure the patronage of Hotels, or the employment of drays, the notable fact will be developed, that if they have and has since fled. not committed a fanz pas, they may have been used as cut's pasts." All this the reading com. munity will perfectly understand. But "Com. Revolution, was killed on the tailroad track 15 mon Senso" may rest assured, that the writer in miles from this city, yesterday. SAVING THE TINION The following appears in the Raleigh Standard

"The truth is the only reliable hope for the ralvation and perpetuatio , of the Union, is in a strict construction of the Constitution, and in the oldned Jeffersonian and Jackson Democratic

party of the country. If this he the opinion of the Editor of the Sundard he has made it up without the record. The history of the country will tell us, that such fien as Char and WEESTER have been chiefly instrumental in saving the Union, and they are both great leaders of the Whig party—we might mention many others—but designate two of the principal Whigs, who have the most influence with

he party. How will the democratic party save the Union? By leaguing with freezoilers in Massachusetts and New York and other States—by being in se communion with the abolitionists, ave insulted and wronged the South beyond endurance, and done all that has been done to Moses Kenan Secretaries. The meeting was weaken the cords that bind the Union together, addressed by the Chairman, David McNeill, and brought a peril upon the country, the country quences of which the wisest and the lest of our blic men are at a loss how to avert.

Democrats of Massachusetts have sent as abolitionist to the United States Senate, and have united with that faction in sending members to the Legislature. The cheif delinquent in the Syracuse affair is a distinguished Derat, and there is one Vax Busen of somewhat Democratic atoriety, who has raised a powerful and of freesoilers in the State of New
