MOFFAT'S LIFE MEDICINES. RESUMPTION—When the most important functions of life are suspended, and those who are invalid by inheritance or disease are reduced to a deplorable state of nervous debility, they should not even despair, for it is not until they are first looked around, and laying aside all prejudices, ask themselves this question—"Will my physician cannot help me, is his reputation all my only resort?"

Perhaps at the moment the heading of this advertisement, "Moffat's Life Medicines," would strike your eyes; and were they in truth directed towards the healing art, they might perhaps, be induced to inquire whether Mr. Moffat's theory and treatment of disease differed from that of their own physicians; they would then learn that it did differ, and very widely and with most happy results.

A GOODLY REPUTABLE MEDICINE is just the reverse of all this. For hundreds of years the art of curing mankind, "Moffat's" theory was employed in the healing art. Physicians used to employ the most powerful herbs. Even the Bible recommends to the "skilful physician" who prepares his medicines from herbs. Witness Ecclesiastes, chap. xiii.

A SKILFUL PHYSICIAN shall lift up his head, and in the sight of the great ones he shall be in admiration.

For he hath prepared his medicines out of the HERBS of the earth, and he that is weak will not abhor them.

MOFFAT'S VEGETABLE LIFE MEDICINE possess qualities of the most mild and beneficial nature. They are composed of articles of the most anti-poisonous, combined with ingredients known as the only certain antidote for fevers of every description. When the disease is produced either from cold, obstruction, inflammation, or any other cause, the medicine is so adapted to the system, as to remove the cause, and by its action, to restore the system to its normal state. These medicines are so adapted to the system, as to remove the cause, and by its action, to restore the system to its normal state.

THE LIFE MEDICINES have also been used with the most happy success in Nervous and dissipative diseases, Consumption, Asthma, Liver complaint, Rheumatism (chronic and intermitting), Dropsy, &c. of the above medicine, see Moffat's good Success; a copy of which accompanies the medicine. A copy can also be had on application at the office of W. M. PIERCE, Raleigh, N. C., agent for the sale of the medicine.

A Liberal deduction made to those who purchase in bulk. French, German, and Spanish Medicines can be obtained on application to the proprietor.

THE true riches of Life is Health. We know that health and the ability to labor constitutes the wealth of the great mass of the people in this, as in most other countries. To its grand, moral and political scheme, to fulfill which requires our utmost attention. The unprecedent popularity and universal approbation which this medicine has achieved throughout the United States, the Government, the Legislature, and the great body of the people, in warmly and enthusiastically recommending them to the special attention of the afflicted.

Dr. Peters has spent much time in experimenting with the different vegetable medicines, for the purpose of determining which was the most valuable. He has found that the most valuable, and cheapest medicine that can be prepared in general use.

One great quality of his vegetable Pills is that they have the alternative principle combined with their cathartic, or operative quality, so that they not only cleanse the stomach and bowels by purging, but they regulate the liver, change the morbid secretions, strengthen the digestive organs, purify the blood, invigorate the circulation, and give tone and energy to the nervous system. They are mild and pleasant in their operation, and do not disturb the system, or in any way detract from their first dose. They can be taken with safety by persons of all ages and the feeble, the infirm, the nervous and the delicate, are strengthened by their operation, because they clear the system of bad humors, and give it regularity, and invariably produce sound health.

The vegetable Pills are a sure remedy for jaundice, sick and nervous headache, dyspepsia, constipation, sickness of the stomach, heartburn, all bilious complaints, fevers of all kinds, and all kinds of chronic diseases, and in all cases, it is a most valuable and safe remedy for the most obstinate cases.

Extract of a letter from Mr. Gurney of New Orleans, La., Oct. 9, 1837. "I have received much assistance in my practice, especially in jaundice and yellow fever, from the use of Peters' Pills. I prescribe them in all cases, and I have cured one hundred and thirty in a month."

Extract of a letter from Dr. Richard of Hudson N. Y., June 3, 1836. "I was aware that Dr. Peters was one of the best chemists in the United States, and felt assured that he would send me (from his intimate knowledge of the properties of herbs and drugs) produce an effect on my medicine, and most acknowledge that his vegetable Pills fully respond to my expectations. They are indeed a superior medicine, and I believe credit alike upon the chemist, the physician, and the patient."

Extract of a letter from Dr. Waines, of Cincinnati, Feb. 9, 1838. "Your Pills are the mildest in their operation, and yet most powerful in their effects, so that I have ever met within a practice of eight and twenty years. Their action on the whole, and hence on the impurities of the blood, is especially very surprising."

Extract of a letter from Dr. Scott of Baltimore, Dec. 17, 1836. "I am in the daily habit of prescribing them, (Peters' Pills) and they in nearly all cases answered my purpose. I have discovered other medicines, some of them very good ones, in their favor."

August, Ga. Feb. 10, 1839

To Dr. Peters. For upwards of fifteen months I have been afflicted with Fever and Ague, and during the time could find nothing that gave me any permanent relief. At length, however, your pills were recommended to me, by one of our best physicians, and I am most grateful and happy in being able to add, that I had scarcely used two boxes when I found that they had restored me to perfect health. Since then, various members of my family have used them with equal success, and consequently I feel it my duty to apprise you of the fact, and to request you to publish this certificate, as I am anxious to add my public testimony to the almost miraculous virtues of your unrivaled medicine. Respectfully yours,

THE BATTLE OF JAMES. Dear Sir—I have made frequent use of your pills in the incipient stage of bilious fever, and obtain complete relief of the bowels, chronic disease of the liver, sick head-ache, general debility, and in all cases have found them to be very effective. J. D. BOYD, M. D. Mecklenburg co., Va. Feb. 27, 1837.

Having used Dr. Peters' pills in my practice for the last 18 months, I take pleasure in giving my testimony of their good effects in cases of dyspepsia, sick head-ache, bilious fevers, and other diseases, produced by inactivity of the liver. They are a safe and mild aperient, being the best article of the kind I ever used.

GEORGE G. SCOTT, M. D. The following is from a highly respectable Planter of Burke county, Ga. July 10, 1837.

Peters' Pills. I have given them a fair trial nearly three dozen boxes have been used on my plantation the last year—their administration has been attended with more success than any medicine I have ever used, and I take pleasure in recommending them to my friends and neighbors; they are healthy, safe and efficient, and need but a trial to be approved.

HENRY P. JONES. Communication received from the eminent Dr. J. H. Lewis of Florence, Ga. March 13, 1839.

Dr. J. P. Peters. My Dear Sir—On the night of the 11th instant, I was called in great haste to the house of a fellow citizen (Mr. Lee) where I found his son—a child six years old, laboring under a most alarming attack of Cholera Frachalis (Cholera) and apparently beyond the aid of remedy. By the greatest good fortune, however, I had in my pocket a broken box of your pills—two of which I administered, with such an immediately happy effect that in a few minutes my patient was at ease, and out of all danger. This case, in connection with my former success in your service, and my pleasure in being able to inform you that your invaluable medicine is in such great favor with the faculty here, that I believe there is not one of them who does not use it in his private practice. You most respectfully,

J. H. LEWIS, M. D. These extraordinary and justly celebrated Pills, are sold in Raleigh by Williams & Haywood and W. M. Mason & Co., and throughout the United States, the Canada, Texas, Mexico, and the West Indies.

TWO TANNERS. Now offer for sale a handsome building lot, on which my TANNERY is situated, immediately adjoining the R. I. and Gaston Rail Road Depot. It contains one acre, with the necessary houses for a TANNERY; together with all the fixtures—say one Marble Table, and Tools, together with a Bark Mill &c. &c., with an abundant supply of running water. As there is no Tan Yard in this place, and Bark is cheap, and Hides in abundance, it is confidently believed that few if any, places offer the same advantages to an enterprising man.

I will sell a great bargain in this property, if early application is made. Any communication directed to me, on this subject, will be promptly attended to.

GODEY'S LADY'S BOOK. EIGHTEEN ORIGINAL contributors to January number. NINETEEN ORIGINAL contributors to February number. ELEVEN EMBELLISHMENTS in the two numbers. NINETY SIX PAGES OF READING MATTER, by authors whose names stand among the foremost in the literary ranks of our country, as follows:

Essays: Miss Mary W. Hale, Professor Ingraham, Mrs. Hoffman, Richard Penn Smith, Mrs. Sigourney, Mrs. Hale, Mrs. E. F. Elett.

Novelists: H. W. Herbert, Professor Ingraham, Richard Penn Smith, W. Laidlow.

Writers of Tales: Mrs. Mary H. Milford, Mrs. Emma C. Embury, Miss C. H. Waterman, Eliza Earle, Miss H. F. Gould, Miss A. F. Buchanan, Mrs. F. S. Osgood, Mrs. C. Baron Wilson, Wm. Cutler, James T. Fields, Isaac C. Ray, J. S. DuBois, James Montgomery, Miss Juliet H. Lewis, Miss A. D. Woodbridge.

Of the above eminent writers, celebrated in our own and most of them well known in other countries, have each an article either in the January or February number of the Book. It is unnecessary for us to say that no such array of names can be shown by any other Magazine in this country of any price.

We give three times as many embellishments as any other Magazine, and each plate is equal, if not superior to the one or any contemporary, and yet the price of the Magazine is not increased. Our edition is immense, therefore we are enabled to go to a greater expense than any other publisher. A better return may therefore be expected for the price paid for subscription.

In the two numbers just published we have given:

- 4 Plates of Fashions, containing 11 Figures.
- 1 Beautiful set of men of Lace work.
- 1 Splendid Steel Plate beyond compare, the best line engraving ever published in an American Magazine.
- 4 Pages of Music.
- A New Embellished Cover.

In addition to our usual well titled embellishments, we always publish Steel Title pages twice a year.

The whole amount of engravings and embellishments of various kinds (that the Books contain) will compare favorably with any other Magazine published in this country.

A new series of papers of great value has been lately commenced by Mrs. Hale. "The Domestic Department"—this during the year will compose a great amount of useful matter.

For enterprise, at least, we think we deserve some credit: we have been the first to give to an American public original articles from the pens of Mary Russell Milford, author of "Our Village," Miss Cornwall Barron Wilson, editor of London La Belle Assemblée, Mrs. Hoffman, author of several useful and valuable works, James Montgomery, author of "Omnipotence of the Deity," &c. Thomas Miller, author of Fair Rosamond and Ruyton Gowen, Ebenezer Elliott, author of Corn Law Rhymes.

We do not particularly mention these names because they all date from London—our object only is to show that where there are good articles to be had, there will we apply. No author of any reputation in our own country has ever sought admission to "The Book" in vain.

Godey's Lady's Book is furnished at \$3 per annum, the money invariably to be received before a single number is sent. The following system of clubbing may answer the purpose of many wishing to subscribe.

THE PEOPLE'S TICKET. FOR PRESIDENT, WILLIAM HENRY HARRISON, The invincible Hero of Tippecanoe—he incorruptible Statesman—the inflexible Republican—the patriot Farmer of Ohio.

FOR VICE PRESIDENT, JOHN TYLER, A State Rights' Republican of the school of '98, one of Virginia's noblest sons, and emphatically one of America's most sagacious, virtuous and patriotic statesmen.

The broad banner of HARRISON, LIBERTY and the CONSTITUTION is now flung to the breeze, inscribed with the inspiring motto—ONE PRESIDENTIAL TERM—THE INTEGRITY OF THE PUBLIC SERVANTS—THE SAFETY OF THE PUBLIC MONEY—THE DIVISION OF THE PUBLIC LANDS—THE DOWNFALL OF ABOLITION—AND THE GENERAL GOOD OF THE PEOPLE.

FOR GOVERNOR OF NORTH CAROLINA, JOHN M. MOREHEAD, OF GUILFORD COUNTY, The able statesman—the sound republican—the pure patriot—the honest man.

Democratic State Rights Party. We cannot imagine any thing more absurd than the fact of the Van Buren party having inserted in its distinctive appellation, a phrase which squints at a fondness for State Rights. A party professing a fondness for the rights of the States, which, ever since its investiture with power, has been constantly decreasing, as a sportsman would twist the heads of partridges which he had previously enclosed in a coop! I we were to see a Mahomedan flag waving in the air with the motto, "the Mahomedan and rights of Christendom party" inscribed upon it, no person but a bigoted partizan would regard it as being a whit more singular than the motto to which we have just referred.

NEWS! It is said a talented Representative in Congress from this State is about to lead to the Hymenal altar the accomplished daughter of Francis P. Blair, Esq. We could shrewdly guess who; but we will not encroach upon the province of the ladies.

So they go on. Among the multiplicity of objections which party malice has conjured up against General Harrison, it is now insisted that he is "two years older than any former President of the United States." It might as well be objected to Mr. Van Buren, with the mental imbecility and reckless disregard of the interests of the country which he has evinced, that he is two years younger than any former chief magistrate of the Union. It appears, however, that General Harrison is now 66 years of age; whereas Chief Justice Marshall was more than eighty when he was delivering opinions from the bench of supreme jurisdiction in this Country, which commanded the implicit homage and warm admiration of the most learned tribunals both in this Country and in Great Britain. But hear what is said of the present degree of physical vigor and activity which is possessed by General Harrison, by an intelligent neighbor of his, in a letter which was lately addressed to a gentleman in Washington City.

"I am in habits of daily intimacy with General Harrison. He is constantly engaged in superintending the duties of his farm, often labors with his own hands, and would be taken from his general appearance and the vigor and elasticity of his movements to be about forty-five years of age." So far so good. But let us hear what was said of his health, activity and industry, by A. G. Pendleton, Esq. in the National Convention which lately met at Harrisburg. "General Harrison's habits of industry, early acquired are still retained. The sun never finds him in bed—his mind is as active as his body. He loses no time, and every hour not employed in the duties of his farm is devoted to his books."

"If you will permit an intimate friend of General Harrison, who knows him thoroughly, and acknowledges his attachment, to be a disinterested witness, I will say that there is no man in this country who, from education, experience, information and temper is better qualified usefully to discharge the high duties of President of the United States."

Just Tribute. A Resolution was offered two or three weeks since in the Legislature of Kentucky that the Governor should order a National salute to be fired on the 8th of January, in honor of the battle of New Orleans. This resolution was passed, but passed with the following interesting amendment:

Resolved, That the cannon captured from the British, on the 5th of October, 1815, by General WILLIAM HENRY HARRISON and his brave companions in arms be alone used by his Excellency in firing the foregoing salute.

A Closer. An offer to treat to the best basket of Champagne which can be found in the city of Charleston has been made by the Editor of the Southern Medium and Impresario of the Times to any friend of Mr. Van Buren who will prove, by a reference either to the Journals of Congress or the Legislature of New York; that he ever brought forward and carried through a single act of a public character, worthy the distinction of an eminent statesman. The challenge has not yet been accepted, and need not be, for it would be as rash and foolish an undertaking on the part of Mr. Van Buren to attempt to prove that he had ever done any good for the country, as it would be to prove that the Grand Sultan or the Dey of Algiers had rendered essential services to the cause of christianity.

ANOTHER LIE NAILED TO THE COUNTER. The malignant falsehood in the Van Buren prints, that General Harrison had joined an abolition society, is put down by a statement from under the General's own hand. The Fayetteville Observer states that General Harrison has written a letter to a gentleman in that town, dated 16th Feb. 1840, in which he says in relation to a member of an abolition society: "he answers emphatically, NO! And this state is confirmed by a letter from Judge Burnet, to a gentleman in this city."

EMIGRATION OF FREE BLACKS TO TRINIDAD. The Colonial Government of the Island of Trinidad in order to encourage emigration thither, has passed an ordinance to defray the expenses of emigrants, of African race or descent, to that island. This measure offers a strong inducement to Free Blacks to emigrate to Trinidad.
